

Whole House Automation Made Simple

Leviton and Samsung SmartThings.

Whole house automation is made simple with a strategic partnership between Samsung SmartThings and Leviton, resulting in a pre-packaged home automation starter kit complete with two Z-Wave Plus lighting controls.

The bundled kit includes the Samsung SmartThings Hub, a wireless Leviton universal dimmer, and a wireless Leviton light switch to get started with a smart home installation. Easily add plug-in modules, thermostats, sensors and more lighting controls to expand.

Get started with the Hub, dimmer, and switch, which can be custom installed by a Leviton contractor.

Simplified Home Automation

- App-based setup simplifies installation and automation scheduling
- Multiple radios allow for compatible wireless Leviton devices to easily enroll
- No required monthly fees or contracts

Automate your home with a professionally installed solution.

Control and automate lights, save money on energy, include connected thermostats, and add a wide variety of third party solutions to create a truly custom yet affordable and accessible smart home.

Receive important notifications about what's happening at the house, control smart devices with a simple tap, and automate the home to react to unique preferences.

A smart way to simplify your life.

"I made a Good Night Routine that turns off electronics and interior lights at bedtime."

Requires SmartThings Hub or compatible device with SmartThings Hub functionality. Products sold separately.

Leviton lighting and load controls can activate upon motion using wireless sensors. Routines can be established for what the home should do while asleep, awake, away, or home. Control and automate multiple lights with one button from the iOS or Android app.

A Complete Smart Home Eco-System.

Your new smart home solution begins with two lighting controls, but you can easily expand! Ask your professional installer about adding more Leviton lighting controls in the bedrooms and bathrooms, smart receptacles behind your living room media center, and sensors throughout to activate lighting based on motion. Add third-party solutions for a complete eco-system.

A solution that makes night time easier.

“I made a Goodnight Routine in the SmartThings app that turns off all lights and locks all doors every evening.”

Requires SmartThings Hub or compatible device with SmartThings Hub functionality. Products sold separately.

Starter Bundle

- STKIT-2DS - Z-Wave Plus 600W Dimmer, DZ15S - Switch, SmartThings Hub

In-Wall Switches

- DZ15S - Switch, Z-Wave Plus
- VRS15 - Z-Wave
- VRF01 - Fan Control, Z-Wave
- ZSS10 - Lumina RF
- DL15S - Lumina RF

Receptacles and Plug-ins

- DZPA1 - Plug-in Outlet, Z-Wave Plus
- DZPD3 - Plug-in Dimmer, Z-Wave Plus
- DL15A - Plug-in Outlet, Lumina RF
- DL3HL - Plug-in Dimmer, Lumina RF
- VRR15 - Split Duplex Receptacle, Z-Wave

In-Wall Dimmers

- DZ6HD - 600W Dimmer, Z-Wave Plus
- DZ1KD - 1000W Dimmer, Z-Wave Plus
- DL6HD - 600W Dimmer, Lumina RF
- DL1KD - 1000W Dimmer, Lumina RF
- VRE06 - 600W Electronic Low Voltage
- VRMX1 - Universal, Z-Wave
- VRI06 - 600W Incandescent, Z-Wave
- VRI10 - 1000W Incandescent, Z-Wave

Thermostats

- RC-1000WHZB, Lumina RF
- RC-2000WHZB, Lumina RF

Sensors

- LURDW - Door/Window Contact, Lumina RF
- LURMD - Motion Detector, Lumina RF

3-Way Devices

- DD00R-DL - Matching Dimmer Remote
- DD0SR-DL - Matching Switch Remote

Heavy-Duty Load Control

- 73A00-3ZB - 30AMP LCM, Lumina RF

- Set Leviton lighting to activate upon motion using wireless sensors
- Control and automate multiple lights with one button from iOS or Android
- Set routines for what the home should do while asleep, awake, away, or home

“Alexa, Turn on My Lights”

Want to expand beyond Leviton lighting controls, heavy-duty load controls, sensors, thermostats, receptacles, and other smart devices? The Samsung SmartThings Hub allows installers to provide additional product integrations that are Z-Wave Plus and ZigBee enabled and certified with the Works with SmartThings program.

The lights that I can turn on with my voice.

“I can turn on the kitchen lights by simply saying ‘Alexa, turn on the kitchen lights.’”

Requires SmartThings Hub or compatible device with SmartThings Hub functionality. Products sold separately.

Switches

- Certified solutions in the program include door locks, water shutoff valves, doorbell systems, cameras, and other smart options.
- The coolest thing in home automation right now is voice control, allowing you to say, “Alexa, turn on my lights” and having your Leviton products automatically react.
- Consult and employ a professional installer for the best mesh networking practices, proper device selection and integration, and custom designed schedules or routines.
