## Day 1

This is the only day without a writing lesson for you to do, so I'll use today to give you some directions. You can use this book to do all of your handwriting for the year. The online directions may say something like, "Write a sentence from your lesson." When it does, I've included a sentence in this book ready for you to copy. It will make it so you don't have to be online in order to do your writing.

Now you can take this page to draw a picture of yourself writing. That's one of the big things you are going to learn this year. You are going to write words, write sentences, write your phone number, and more!
