

GUIDELINES FOR ADMINISTERING WRITING PROMPTS

Grades K-2 - will use the Primary Rubrics (scale)

- Students will be given a copy of the prompt and/or the prompt may be written on the board.
- Record student scores on the attached spreadsheet or the one you have and keep a copy for yourself.
- Students will hand write their responses. Computers should not be used unless determined by an IEP or 504.
- In order to complete their response to the prompt, students will write independently, without the support of a teacher or peers. Any student who takes an exceptionally long time to finish should be identified through a written notation. During future writing conferences the teacher may want to meet with this group of students to assist them developing a plan for future writing tasks.
- Absent students will be given time to finish immediately upon their return to school.
- Students are **not** to retell or dictate their story/text during the Writing Benchmark Assessment. **Only student work may be scored.**
- **Quarterly benchmark** writing prompt pre-tests should be used as a baseline score and **quarterly benchmark** writing prompt post-tests should be used as a growth comparison as they are the same genre and level of difficulty.
