## Customer Reviews

I thought this book was quick and to the point. As a freelance photographer and business owner, I'm always looking for new ways to make money creatively. I certainly do recommend this book & I think it's a great investment (being that it's only .99!). The only thing I will mention, it is very short--but I like that about this book because you don't have to read through a bunch of fluff. This ebook gets right to the point and the faster you can read it--the faster you can get to making the money!

This really is just a list of ideas, sort of stream-of-conscious, of how one could use Instagram to make money, or market your business or product, or raise money, or ... well, you get the idea. There are useful ideas here, but the book is short on focus and detail.

Save your money as this is basic information freely available on the internet - would not recommend it, even if you are thinking of giving up your weekend job!

I loved this book I couldn't put it down, it was a enjoyable to the point read. I came away with actionable ideas to implement.I highly recommend it.

Too simplistic. Nothing I didn't already know.
