2003 Mopar Glass Application Guide

Welcome to your 2003 Mopar Glass Application Guide.

This guide contains application data for 1998-2003 Chrysler, Dodge and Jeep® vehicles.

For your convenience, all auto glass parts are listed by specific vehicle line using DaimlerChrysler's body code designations. The information below explains the numbering systems used to identify each auto glass part.

Mopar Part Numbers

Right or Left Door

All Side Glass parts (front, rear or quarter) with a Mopar number ending in an even number are for the right side of the vehicle.

For example:

<u>NAGS Number</u>	<u>Mopar Number</u>	<u>Description</u>	<u>Year</u>
DD09850 GTYMOP	481461 <u>2</u> AF	4 Door, Tint Right	2002-01
DQ09857 GTYMOP	488013 <u>8</u> AA	Convertible, Rear Quarter, Tint Right	2002-01

All Side Glass parts (front, rear or quarter) with a Mopar number ending in an odd number are for the left side of the vehicle.

For example:

<u>NAGS Number</u>	<u>Mopar Number</u>	<u>Description</u>	<u>Year</u>
DD09851 GTYMOP	481461 <u>3</u> AF	4 Door, Tint Left	2002-01
DQ09858 GTYMOP	488013 <u>9</u> AA	Convertible, Rear Quarter, Tint Left	2002-01

NAGS Part Numbers

The "MOP" indicates the trade name, Mopar.

NAGS Number Prefixes – DW01213 GTNMOP

The NAGS part number prefixes (DB, DD, DQ, etc.) indicate the part type and its location on the vehicle.

<u>NAGS Prefix</u>	<u>Part Type/Location</u>
DW	Domestic Windshield
DB	Domestic Backlite
DD	Domestic Door
DQ	Domestic Quarter
DV	Domestic Vent
FW	Foreign Windshield
FB	Foreign Backlite
FD	Foreign Door
FQ	Foreign Quarter
FV	Foreign Vent

NAGS Colour Code – DW01213 GTNMOP

This code lists the tint and shade colour of the auto glass.

CL	Clear
GB	Green Tint/Blue Shade
GT	Green Tint
YP	Grey Tint Privacy

NAGS Attachment Code – DW01213 GTNMOP

These codes indicate whether hardware is provided with the auto glass part.

Y	Yes
N	No

Passenger Cars

CS Body – Pacifica	4
FJ Body – Avenger, Sebring, Talon	4
JA Body – Breeze, Cirrus, Stratus	5
JR, JX Body – Sebring LX, LXi, Limited, Stratus	5
LH Body – 300M, Concorde, Intrepid, LHS	6
PL Body – SX 2.0	7

	—	4805459AB	4 Door, Backlite	2003-01

2003 - No changes

2002 - Added non-shaded windshield for four door. No changes for convertibles.

2001 - Windshield for the 4 door model is the same as DW01198 with the exception of a minor frit change.

2001 - Windshield for the convertible model is the same as DW01348 except mirror button is attached to the glass. Mirror for DW01348 was attached to header.

1999 - New Windshield for 1999, effective date 7-19-98, production for 1999 started 7-6-98. Frit was raised to accommodate new I.P. (same instrument panel as "JA").

Frit was raised approximately 2mm centre, 7mm along the "A" pillar.

1999 - 98 DQ09364 GTYMOP and DQ09365 GTYMOP available while supplies last. Use DQ09857 GTYMOP and DQ09858 GTYMOP once stock is exhausted.

* Note: Non-shaded DW01467 GTN is the production windshield for 2003; however, if customers prefer a shade band, they may use DW01413 GBN.

Passenger Cars

LH Body – 300M, Concorde, Intrepid, LHS

Part	NAGS Number	Mopar Number	Description	Year

2003 - No changes

2002 - New windshield solar non-heated, replacing 2001 tint-heated. New windshields non-shaded. Three new backlites. New backlites don't need mouldings.

2001 - All new glass for 2001, except for DW01224, amperage has changed on heated windshields. Connectors will not fit old. Amperage changed from 6 to 8.4. Wire insulator is white for RS Body. NS Body wire is black.

1999 - Delete 3 Door option for extended body. (53) DQ08925 and DQ08927. Windshield part numbers have changed, added a TIK mark for wipers, added 2mm of frit to top, 6mm on bottom.

*Note: Non-shaded solar DW01470 GTN is the production windshield for 2003; however if customers prefer a shade band, they may use DW01457 GBN.

WHY CHOOSE MOPAR GLASS?

There's one overriding reason: only Mopar Glass meets DaimlerChrysler Engineering's tough original equipment specifications. But there are other considerations to take into account when choosing replacement glass, all related to Mopar's engineering pedigree.

SAFETY

Only Mopar Glass is designed and engineered exclusively for Chrysler, Dodge and Jeep® vehicles by DaimlerChrysler Corporation, Inc. Why is that important? Structural integrity. Many motorists don't know that a windshield is actually an integral component of a vehicle's safety structure. And since Mopar Glass is engineered to O.E. specifications, you can help maximize the structural integrity of your customers' Chrysler, Dodge and Jeep® vehicles by using Mopar Glass.

WARRANTY

Because of its quality and strict engineering standards, Mopar Glass is the only glass that is approved for warranty replacement.

FIT AND FINISH

Mopar Glass is designed using DaimlerChrysler O.E. specifications, so the fit and curvature of the glass is precisely matched to each vehicle application. This makes the installation process hassle-free, reduces the risk of wind noise or water leaks, and assures proper visual clarity. And if you think all privacy glass is created equal, look at a minivan or SUV that's fitted with aftermarket privacy glass. There's a good chance the tint and shade won't match the O.E. glass. But that's never a concern when you choose Mopar, since Mopar privacy glass is an exact replacement for the factory-installed glass.

That's the Mopar Difference.

The Choice Is Crystal Clear

Mopar Glass Is Now Available for the All-New Chrysler Pacifica

It's not quite a car; it's not quite a sport utility vehicle. But one thing is crystal clear. When it's time for replacement glass on the all-new Chrysler Pacifica, there's only one choice: Mopar Glass. Using DaimlerChrysler Engineering standards, only Mopar glass is designed and developed specifically for the Chrysler Pacifica. That means windshield curvatures are exact, privacy glass tinting is a perfect match with existing glass, and structural integrity meets O.E. specifications. Mopar offers a full selection of glass for the new Chrysler Pacifica, including windshields, side glass and backlites.

When you need the industry leader in automotive glass for the stunning new Chrysler Pacifica, your choice is clear: Mopar Glass.
