

UCare Connect + Medicare (HMO D-SNP)

2021 *Provider and Pharmacy Directory*

Introduction

This *Provider and Pharmacy Directory* includes information about the provider and pharmacy types in UCare Connect + Medicare and listings of all the plan's providers and pharmacies as of the date of this Directory. The listings contain provider and pharmacy address and contact information as well as other details, as applicable, such as days and hours of operation, specialties, and skills. All providers in this *Provider and Pharmacy Directory* accept both Medicare and Medicaid. Key terms and their definitions appear in alphabetical order in the last chapter of the *Evidence of Coverage*.

UCare Connect + Medicare will accept all eligible people who choose the Plan. We will not discriminate in regard to your physical or mental condition, health status, need for or receipt of health services, claims experience, medical history, genetic information, disability, marital status, age, sex, sexual orientation, national origin, race, color, religion, or political beliefs. UCare Connect + Medicare will not

use any policy or practice that has the effect of such discrimination.

Enrolling in this health plan does not guarantee you can see a particular provider on this list. If you want to make sure, call that provider to ask if he or she is still part of this health plan. Also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your contract or *Evidence of Coverage* carefully to find out what is covered.

American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For elders age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.

B. Background Information about UCare Connect + Medicare's Network Providers

B1. Key terms

Care coordinators supporting UCare Connect + Medicare members complete a plan of care with the member in conjunction with the health risk assessment. The plan of care, or a summary letter of the plan of care is provided to the primary care provider to promote communication and coordination between members of the interdisciplinary care team serving the member.

This section explains key terms you'll see in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, supplies, prescription drugs, equipment and other services.
 - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment.
 - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** are the providers that have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. The providers in our network generally bill us directly for care they give you. When you see a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a doctor (or other health care professional), medical group or hospital (or other health care facility) who gives

you routine health care. Your PCP will keep your medical records and get to know your health needs over time.

- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - **Oncologists** care for patients with cancer.
 - **Cardiologists** care for patients with heart conditions.
 - **Orthopedists** care for patients with certain bone, joint, or muscle conditions.
- You also have access to a **Care Coordinator**. A **Care Coordinator** helps you manage your medical providers and services.

B2. How to choose a Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members. When you become a member of our plan, you will choose a Primary Care Provider who is part of our plan network. This provider will be your Primary Care Provider.

If you did not choose a Primary Care Provider or would like to make a change to your Primary Care Provider, go to the list of providers in section C, and choose a provider:

- that you use now, **or**
- who has been recommended by someone you trust, **or**
- whose offices are easy for you to get to.

? If you have questions, please call UCare Connect + Medicare (HMO D-SNP) Customer Service at 612-676-3310 or 1-855-260-9707 toll free, TTY 612-676-6810 or 1-800-688-2534 toll free, 8 am – 8 pm, seven days a week. The call is free. **For more information, visit ucare.org.**

- If you want help choosing a PCP, please call Customer Service at the number at the bottom of this page.
- If you have questions about whether we will pay for any medical service or care that you want or need, call Customer Service and ask **before** you get the service or care.

B3. How to access UCare Connect + Medicare's network providers

You must get all of your covered services from providers within our network. If you go to providers who are not in UCare Connect + Medicare network (**without prior authorization or approval from us**), **you will have to pay the bill.**

A **prior authorization** is an approval from UCare Connect + Medicare before you can get a specific service, drug, or see an out-of-network provider. UCare Connect + Medicare may not cover the service or drug if you don't get approval.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if UCare Connect + Medicare gives you permission first.

- You may change providers within the network at any time during the year. If you have been going to one network provider, you do not have to keep going to that same provider. To change your Primary Care Provider, talk to your Care Navigator.
- UCare Connect + Medicare works with all the providers in our network to accommodate the needs of people with disabilities. If you need to see a provider and

are not sure if they offer the accommodations you need, UCare Connect + Medicare can help you. Talk to your Care Navigator for assistance.

B4. How to find UCare Connect + Medicare providers in your area

Turn to the Table of Contents that starts on page 7 to search for network providers. You can search according to the type of provider you need: Urgent Care Clinics, Nursing Homes, Primary Care Clinics, Health Care Homes, Visiting Clinic Teams, etc. Under each provider type, providers are organized alphabetically by state, county, and city.

How to access out-of-network providers

In some cases, you may get covered services from out-of-network providers that are not part of UCare Connect + Medicare network. You must get a prior authorization from us in order for services from an out-of-network provider to be covered. Exceptions to out-of-network restrictions include services such as emergencies, post-stabilization, urgently needed services when our network is not available, out-of-area renal dialysis services, and open access services.

If you do not get a prior authorization from us when needed, the bill may not be paid. If an out-of-network provider bills you directly, submit the itemized statement or receipt to UCare, and we will determine if the services are completely covered. State and federal laws prevent us from paying you back directly for most medical bills. If you paid for a service that you think we should have covered, or for more information on out-of-network providers, please contact Customer Service.

How to access specialty providers

UCare allows members of our plan to have direct access to specialty providers in our network without a referral. We have formed a network of specialty
