

I Know My Father Lives

Word Puzzle

How to Play:

- Cut up the word or letter strip into individual pieces, like a puzzle. Put each matching set into individual envelopes.
- You can make multiple sets, if you need to break your group down into smaller sized groups. 4-6 kids per group is a pretty good number.
- Use the word strips for Junior primary and the Letter strips for Senior primary.
- Start by singing through the song once, then pass out the envelopes. Tell them you need each class or small group to work together as a team to unscramble the words/letters to make a short phrase from the song.
- Sing through the song 1-2 more times while they unscramble.
- Ask the groups to share what their line says. Do they know which part of the song is theirs? (Which line matches their word strip.
- Have each group sing ONLY their line, like popcorn singing. The whole song will be sang, but broken up by the different groups. Finally, have them sing all the lines EXCEPT theirs.
- Share a brief testimony of the simple truths – that our Father lives, loves, us and we can get a confirmation of this truth through the spirit.
