

# 4<sup>th</sup> Grade Math Timed Tests

## 1<sup>st</sup> Grading Period (Addition Timed Tests)

8/22/13

Dear 4<sup>th</sup> Grade Parents & Students,

Attached is a set of Addition Facts Practice Timed Tests & answer keys. Please use these to practice your Addition Math Facts at home during the 1<sup>st</sup> Grading Period. To access more practice timed tests or to print additional copies of the attached tests, go to [www.math-drills.com](http://www.math-drills.com).

Timed tests will be given on Thursdays each week. The students will be given 4 mins to complete 100 problems on the Addition Timed Tests, with hopes to move to completing them within 3 mins by the end of the grading period. One test grade will be created in RenWeb labeled "Addition Timed Test" under the Tests category. I will update this grade each week with the student's higher grade as they improve on their timed tests. For example, a student could make an F on their test one week and make a C on the next test, which would replace the F. Then they might make an A on the next test, which would replace the C and leave them with an A.

I understand that this testing can be frustrating for students, but they can do it. It is extremely important for the students to master all of their basic Math facts, as they need know them in order to do our more involved 4<sup>th</sup> grade Math concepts well. So I'm asking for your help in drilling them on facts at home and also in giving practice timed tests at home.

Below are some websites that you may find helpful for online practice that is a little more enjoyable.

- 1-Math Facts Timed Tests - Printable Versions [www.math-drills.com](http://www.math-drills.com)
- 2-Math Facts Practice Link <http://www.math.com/students/practice/arithmeticpractice.htm>
- 3-Math Facts Practice Link – Game <http://www.playkidsgames.com/games/mathfact/mathFact.htm>
- 4-Math Facts Practice Link – Game [www.sheppardsoftware.com/math.htm](http://www.sheppardsoftware.com/math.htm)
- 5-Math Facts Interactive Link <http://www.thatquiz.org/tq/practice.html?arithmetic>
- 6-Worksheets for timed practice <http://theworksheetsite.com/>
- 7-Interactive Math Concepts <http://www.thatquiz.org/tq/>

I will send home a similar packet at the beginning of the 2<sup>nd</sup>, 3<sup>rd</sup>, and 4<sup>th</sup> grading periods.

- 2<sup>nd</sup> grading period – Subtraction Facts
- 3<sup>rd</sup> grading period – Multiplication Facts
- 4<sup>th</sup> grading period – Division Facts

Please let me know if you have any questions or need additional suggestions to help your child master their Math facts this year.

In Christ,
