Mountain America Releases Instant Approval for Select Loan Applications Through Mobile App

WEST JORDAN, Utah— May 23, 2016— [Mountain America Credit Union](#) is among the first credit unions in the nation to make instant loan application approval available for select loan types submitted through the [mobile banking app](#).

Members can apply and receive an instant decision when applying for Visa® credit cards, credit line increases, or personal loans. Decisions are based on approved credit. When a loan application is approved through the mobile app, the funds are then immediately available to the member. Visa credit cards can be printed and ready to pick up in a branch location the same day during normal business hours.

“Instant decisions greatly enhance the mobile experience for members,” says Rob Cummings, SVP online and mobile banking. “The process is a quick, easy, and efficient way to get funds to members.”

To begin the instant loan application process, members simply log in to their account through the Mountain America mobile app and tap “loan applications” on the menu.
