

Creating a Gmail (Google Email) Account

For parents using online registration that do not have an existing email account.

In a separate tab or browser window, go to the following page:

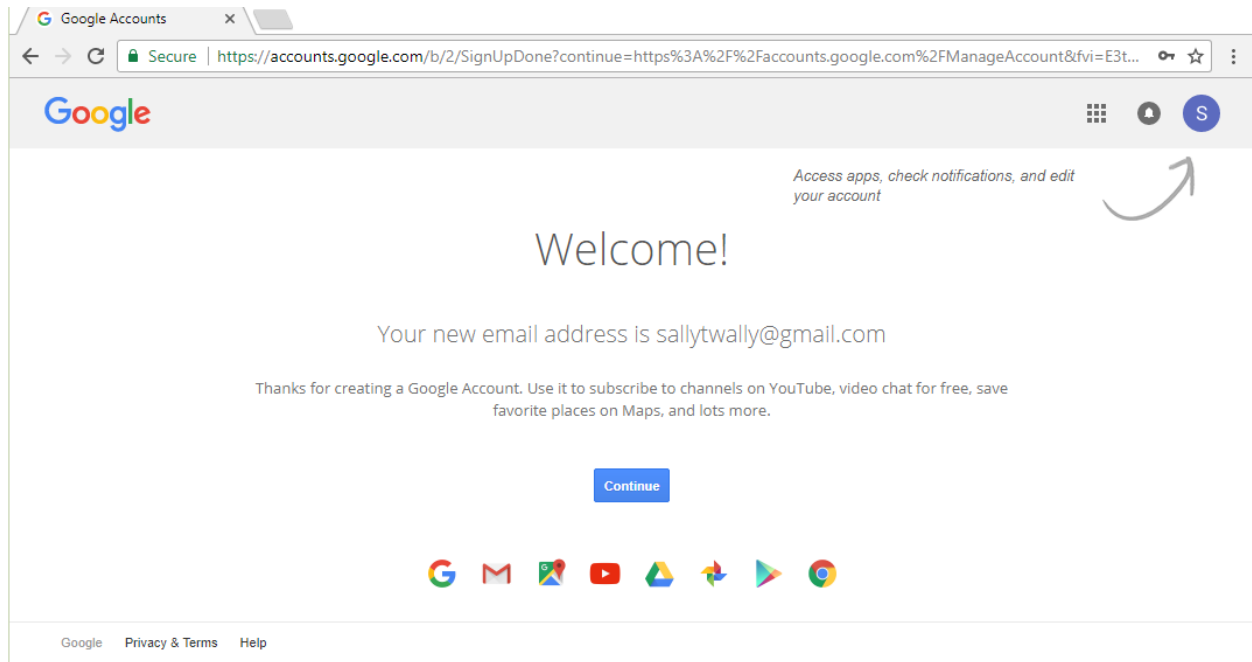

<https://accounts.google.com/SignUp?hl=en>

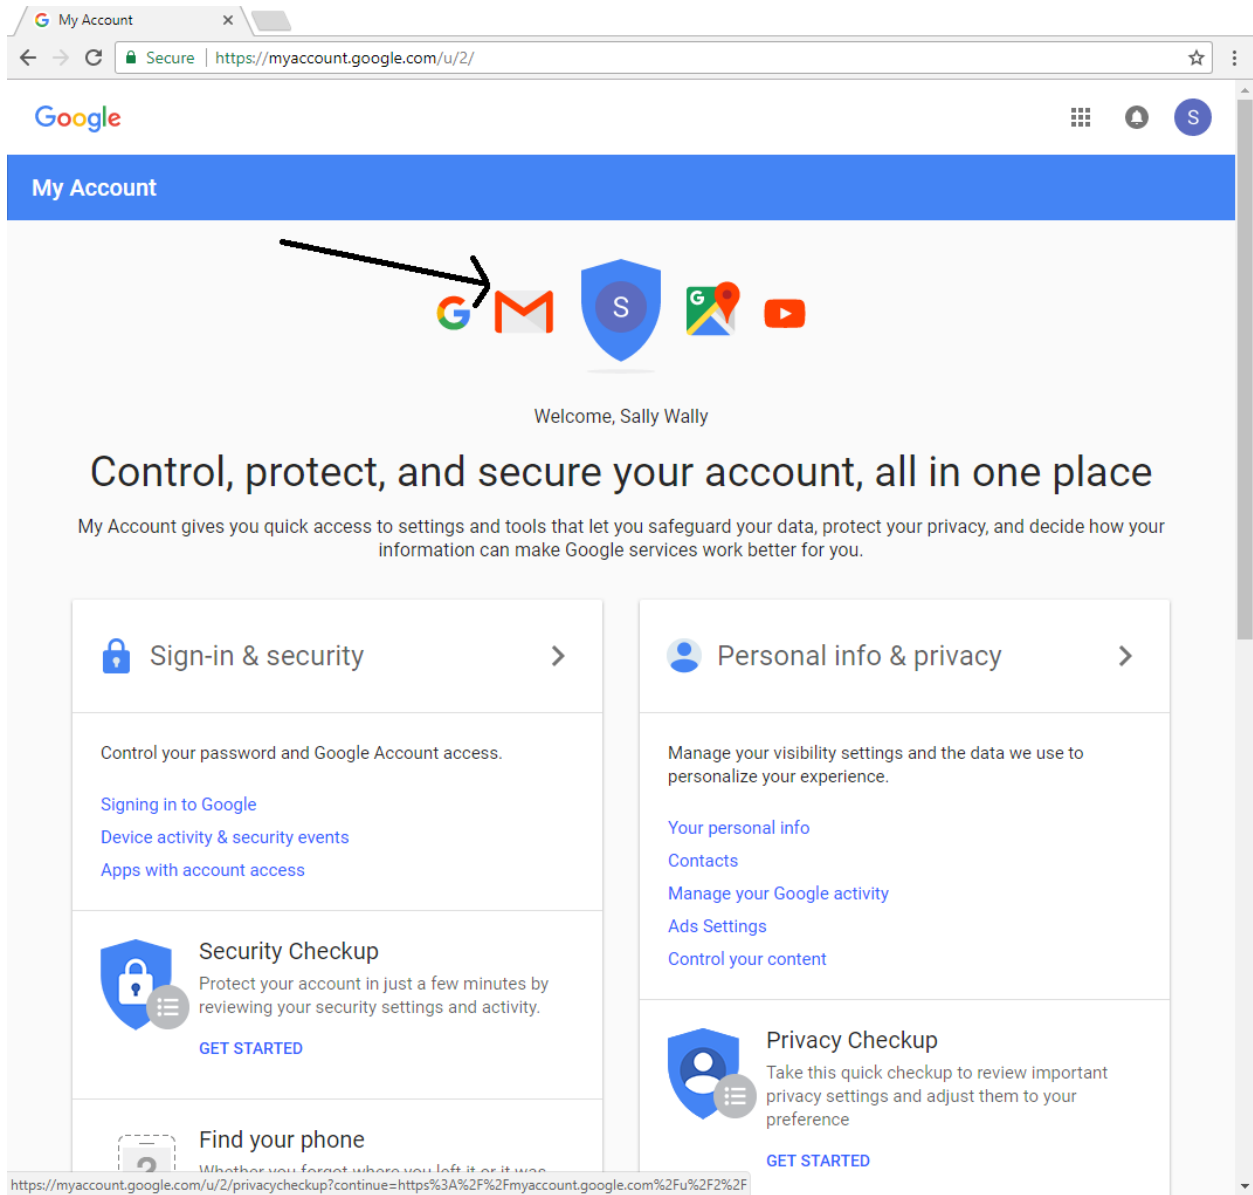

The screenshot shows the Google Account creation page in a browser window. The browser's address bar shows the URL <https://accounts.google.com/SignUp?hl=en>. The page features the Google logo and a "Sign in" button in the top right corner. The main heading is "Create your Google Account". Below this, the text reads "One account is all you need" and "One free account gets you into everything Google." A row of icons for Google services (G, M, Maps, YouTube, Drive, Photos, Play, Chrome) is displayed. The text "Take it all with you" is followed by "Switch between devices, and pick up wherever you left off." An image of a laptop, smartphone, and tablet is shown. On the right side, there is a registration form with the following fields: "Name" (First and Last), "Choose your username" (with a dropdown menu and "@gmail.com" suffix), "Create a password" and "Confirm your password" (two separate text boxes), "Birthday" (Month, Day, and Year dropdowns), "Gender" (a dropdown menu with "I am..." selected), "Mobile phone" (a dropdown menu with a country code selector), "Your current email address" (a text box), and "Location" (a dropdown menu with "United States" selected). A "Next step" button is located at the bottom right of the form. At the bottom of the page, there is a link that says "Learn more about why we ask for this information."

You do not have to fill in Mobile phone or Your current email address, but Mobile phone is helpful in case they ever forget their account password.

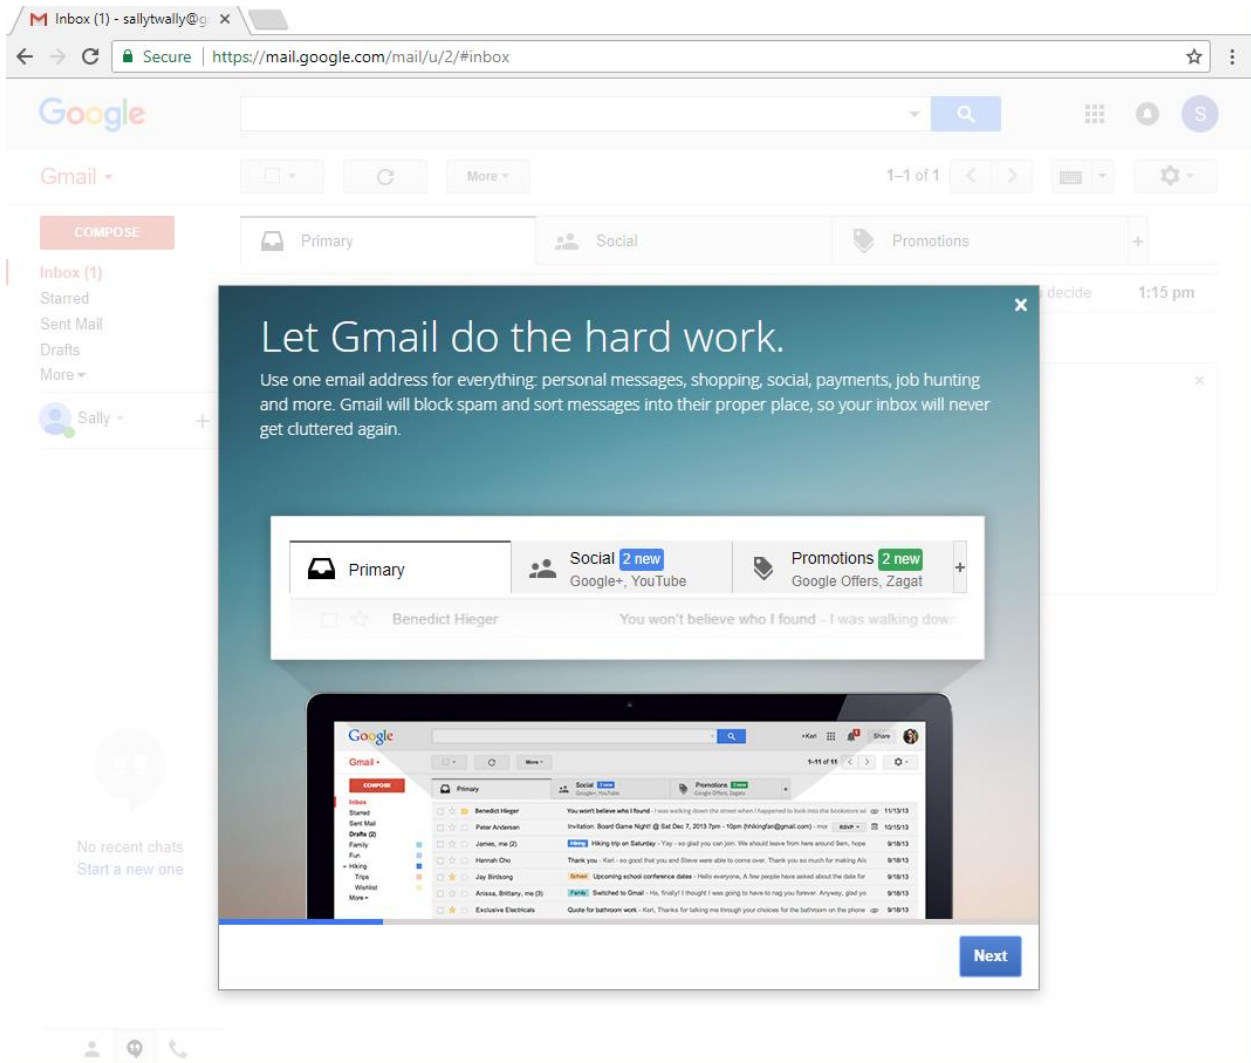

After the user has filled this out and clicked on the blue Next step button , Privacy and Terms are displayed. They need to click on the blue I AGREE button, and they will be presented with a Welcome screen similar to the following:

Click on the blue Continue button and you will be presented with a Google My Account screen similar to the following:

Click on the red envelope M (that the black arrow is pointing to), and you will be taken to the Gmail screen.

Dismiss the pop-up by clicking on the x in the corner, and you will be left at the Gmail screen. You need to leave this tab/window open, because when the user creates a ParentVue account it will send them an email that they need to open before they can continue.
