From the frontlines...

Hello from Tennessee! I came to Azure as a customer years ago when searching for the best value of quality food for our family. I would drive an hour each way to meet at our drop, taking that time off from work, as the savings and quality were worth it. We have since served as drop coordinator and opened a new drop in our home town.

I noticed how much better I felt after changing my diet to a more non-GMO/organic source. We began to garden (organically) for ourselves to supplement our Azure orders. Next, we began raising chickens (using the organic feed through Azure) for their eggs. Then adding goats (again with the organic feed from Azure) for milk.

I chose to work for Azure to be part of bringing what Azure provided for our family to others in our hometown, state, and across the country. As a Customer Care Manager, I am blessed to help bring together our entire Azure family (customers, drop coordinators, drivers and team members) towards healthy and abundant living. The opportunity to speak with so many of you from all regions makes each day an exciting journey. I appreciate all of our Azure family and cherish each moment of time you share with me.

I wish you each continued healthy and abundant living and hope to speak with you soon. Take care,
David Landreth,
Customer Care Manager

THE FINE PRINT

Sale prices in our monthly sales flyers are effective on orders placed within the dates indicated on the magazine cover. These sale prices are not based on the date when your order is delivered. We do our best to distribute sales magazines to each route prior to the beginning of the sales month, but it is our customers' responsibility to place an order during the month in which they plan to receive the sale prices.

To avoid receiving incorrect sale prices, please indicate on your fax, website order or mailed order the exact sale price intended and the month of that sale, especially when your order deadline comes near the first of the month when the sales change. **Please Note:** When placing an order just before the sale prices expire, please ensure that your order arrives in sufficient time to be processed before Azure closes on the last business day of the calendar month of the sale. Azure honors sale prices during the dates in which the sale is active.

• Prices subject to change without notice. Although we do our best to keep prices at the published price, we reserve the right to change prices at any time.

• We will not be held responsible for typographical errors and will not be obligated to honor misprinted prices.

• We make every effort to keep all sale items in stock, but sale prices only apply as quantities last. No rainchecks will be issued for out-of-stock items.

Slovenian Meat Roll

Andrea Klingenberg

A unique and delicious stuffed meat loaf that will certainly tantalize your taste buds!

INGREDIENTS

2	LARGE EGGS	DP086	2 LBS	GROUND BEEF	MT022
¾ C	TOMATO JUICE	JS216	1 SLICE	BREAD, CRUMBLD	FG066
1 TSP	DRIED OREGANO	HS602	2 TBS	FRESH PARSLEY, MINCEDED	QP690
2	LARGE GARLIC CLOVES, MINCED	QP324	3	LARGE POTATOES, COOKED, MASHED AND SALTED TO TASTE	QP139
2½ TSP	SALT	BP112	1 ½ C	SHREDDED MOZZARELLA CHEESE	CH185
¼ TSP	BLACK PEPPER	HS604	5	THIN SLICES MOZZARELLA CHEESE	CH102

INSTRUCTIONS

- In a bowl, combine first nine ingredients. Mix well.
- On a piece of parchment paper, pat the meat mixture into a rectangle approximately 12 in. x 14 in. Spread mashed hot potatoes over meat. Sprinkle grated cheese over that. Roll up jelly roll style, starting with the long side, peeling away parchment as you roll.
- Place on a greased or parchment-lined baking pan, seam side down. Bake at 350 degrees F. uncovered for 45 minutes or until meat thermometer reads "medium-well done".
- Top with sliced cheese. Return to the oven for 5 minutes longer, or until cheese is just melted.

Roasted Balsamic Glazed Brussels Sprouts

Andrea Klingenberg

Brussels sprouts are an underrated superfood that sometimes get a bad rap. We think they are a wonderful little vegetable that is a worthy addition to anyone's diet rotation, and that definitely has a place on everyone's holiday dinner table.

INGREDIENTS

1 LB	BRUSSELS SPROUTS	QP761	¼ TSP	FRESHLY-GROUND BLACK PEPPER	HS715
3	SHALLOTS	QP738	¼ C	BALSAMIC VINEGAR	SE099
3-4 TBS	OLIVE OIL	BP046	1 TBS	DEMERARA SUGAR (OPTIONAL)	S0339
¼ TSP	PINK HIMALAYAN SALT	BP308	4 OZ	FRESH CRANBERRIES	QP662

GARNISH

DRIED CRANBERRIES [QP761](#) OR ZANTE CURRANTS [NU069](#)
 (UNLESS YOU USED FRESH CRANBERRIES)

INSTRUCTIONS

- Preheat oven to 425°F with a lightly oiled baking sheet inside of it.
- Clean and trim the Brussels sprouts, removing the lower part of the stalk (which is what gives the sprouts their bitter taste) and halve them. Peel and thinly slice the shallots. Gently toss the vegetables and fresh cranberries, if using, with the olive oil, salt, pepper, balsamic vinegar and sugar to coat. Spread onto the heated baking sheet. (Be careful, it might sizzle.)
- Bake until the Brussels sprouts are tender and caramelized, about 5-15 minutes. Keep an eye on them so as not to overcook!
- Remove from oven and transfer to a serving bowl. Top with dried cranberries or Zante currants (unless you used fresh cranberries) and pistachio pieces. Serve immediately while hot.

Carob and Peanut Butter Fudge

Andrea Klingenberg

Carob and peanut butter fudge is a melt-in-your-mouth perfect fudge. It's amazing there is no sugar in it! Start with organic unsweetened carob chips as a base, then add some other pure basic ingredients and ta-da, you have something irresistible! If you are not a peanut butter fan you can substitute your favorite nut butter and the results will be equally fantastic.

INGREDIENTS

8 OZ UNCOMMON CAROB UNSWEETENED	SC1031	½ C HONEY	SW011
CAROB CHIPS	DP299	1 TBS VANILLA	BP046
4 OZ UNSALTED BUTTER	NB126	½ C MILK POWDER	BP355
1 C PEANUT BUTTER	OL242	1 C CHOPPED WALNUTS	NU076
4 OZ COCONUT OIL			

INSTRUCTIONS

1. Place carob, butters, and coconut oil in a saucepan. Melt over very low heat stirring constantly. Whisk in honey, vanilla and milk powder. Add chopped nuts. Pour into a parchment lined 9" square pan.
2. Refrigerate until hardened. Lift paper out and set on a cutting board and cut into squares with a large chopping knife. Store squares in an airtight container in the fridge.

MEXICAN VANILLA EXTRACT

Only in Mexico is the rare vanilla orchid naturally pollinated. Our farmers near Veracruz painstakingly harvest the beans, age them, and process the extract in the centuries-old family tradition. The result is an aromatic, four-fold vanilla that leaves more flavor in your culinary creations.

About Hyalogic

Hyalogic™ was launched with our first product, Synthovial Seven®, a premium oral Hyaluronic Acid (HA) product for overall joint health. The success of this product in the human joint health market has been phenomenal, and has helped establish us as one of the pioneers and leaders in the field of HA nutritional supplements.

Hyaluronic Acid is a polysaccharide that is ubiquitous in mammalian tissue, is found to be crucial for many cellular and body functions, and has been used in the clinical setting for decades. It is such a versatile molecule that has tremendous benefits to so many parts of the body that we have made it our responsibility to introduce other helpful products with HA into the market. Today we have over 50 HA-based supplements and personal care products launched or in development for the benefit of humans, horses, dogs and cats.

We are headquartered in Riverside, MO, USA and have an extensive network of distributors and dealers located throughout the United States and internationally. We partner with several healthcare professionals across the country to conduct cutting edge research on the other uses of HA and its benefits to the body.

About Hyaluronic Acid

Hyaluronic Acid (HA), also known as hyaluronan or hyaluronate, is a carbohydrate, more specifically a mucopolysaccharide, occurring naturally throughout the human body. It can be several thousands of sugars (carbohydrates) long. When not bound to other molecules, it binds to water giving it a stiff, viscous quality similar to "Jello". This viscous gel is one of the most heavily researched substances in medicine today with thousands of trials, mostly in the fields of orthopedics and eye surgery. Its function in the body is, amongst other things, to bind water and to lubricate movable parts of the body, such as joints and muscles. Its consistency and tissue-friendliness allow it to be beneficial in skin-care products as an excellent moisturizer. Because HA is one of the most hydrophilic (water-loving) molecules in nature, it can be described as "nature's moisturizer".

Leading the Way with HA.

Avocado Oil Chips

Your same old favorite brand with a delicious new twist. Kettle is capitalizing on the well deserved avocado craze that's been sweeping the nation; and you thought you already loved potato chips as much as your heart could hold. This is all the same mind blowing, delicious kettle flavors in a potato chip. Perhaps it's just that I feel in my heart that avocado's are by far the most useful and wonderful fruit known to man, but I find this pretty exciting.

My Favorite Product

Karen Caruthers, Azure Standard Wholesale Sales Manager, Central Region

One of my very favorite Azure products is our **multicolored organic popcorn**. It always pops up fluffy white popcorn; it is such a tasty and filling snack for the hungry kids (and grown-ups) at my house; it is inexpensive and easy to make; and it is so much better for you than a lot of store-bought snacks.

When my kids have friends over, they always ask to make popcorn, and we never have any leftover. I love that my kids consider popcorn to be such a treat!

I like to pour it into a glass jar after we open the bag because it looks pretty on my counter!

Snack Bites

Lundberg is outside the box and we love it. These simple and nutritious snacks have you second guessing that enormous bowl of popcorn you were considering tonight. These bites are simple yet flavorful, traditional and diverse. You can take it spicy with a pinch of jalapeno, sweet with some vanilla chai or, best of all, cheesy and melt-in-your-mouth style with aged parmesan.

Skincare with Families in Mind

After beginning their own family and wanting to provide their children with the healthiest life they could. The founders of Natures Paradise began their research which ended with a purge of all skin care items from their home into the trash. The devastating fact that harsh and dangerous chemicals were inside all that they had, terrified them. Their goal to keep their children safe and healthy seemed much harder than expected. The hunt for safe alternatives left them frustrated as most brands that claimed to be Natural were still filled with chemicals. That was when they decided they needed to take matters into their own hands. With a family history of natural skin formulas, they knew that they needed to help their own family as well as other families dealing with the same frustration.

Their Mission was to develop safe chemical free skin care that could be made with food grade ingredients. Since 2007 they have been able to provide families around the world with the safest alternatives that families could feel secure about. Keeping true to their original purpose they have expanded their food grade product line from baby products to body, hair and facial products for the entire family.

Enjoy truly safe and healthy skin care with Natures Paradise product lines such as Baby Organic, Body Organic, Organic Pro Hair Care and Organically Clean Household Cleaner. Ingredients you can actually read and understand. Natures Paradise believes less is more and keeping it simple is what makes them unique.

However, for the majority of the public, which is to say myself, this is about as far as our thought process goes. If you've ever wondered vaguely where to start and wished for a resource or some step-by-step information,

rejoice. NW Ferments is all you need and more. We are picking up dozens of these easy to use starters for all things fermentation. Hit up their website for more simple step-by-step instructions for everything your heart could desire to learn about the art of creating probiotics.

Pacific Foods

Soups

Caribbean Black Bean Soup, Organic **NEW**

Full of naturally occurring protein, our organic chicken bone broth is the perfect base for this unique blend of black beans, onions, and red bell peppers complemented by warm spices. Rich flavor in every spoonful.

Hearty Soups

This stuff is not just great for the soul; hot soup rarely meets its match for comfort and creating an atmosphere that is distinctly home. Pacific grants us all the classics in a carton for a quiet evening at home; toast yourself a little garlic

bread and kick up your feet. Whether you're settling in to a dorm room and trying not to call your mother twice a day, or gathering a flock of cheery faces around the dinner table, this meal was an excellent choice.

Pesto

Azure has been and is selling this highly popular (and healthier) version of white flour for several years as “Ultra Unifine.” This conventional version was developed specifically

for the artisan baking industry. But, due to customer request we are now making it available generally as well. We still recommend the organic version if it possibly fits your budget.

Cranberry Sauce

Remember that one time when you let your brother's new girlfriend bring the cranberry sauce and it ended up resembling a sugar bowl that someone had dropped a few orange peels in and everyone was miserable because cranberries are the most important thing about thanksgiving dinner and all the children cried? (not based

on a true story) Well, you have two options this year... work longer than you have to over a hot stove yourself or leave it to the folks at Starvation Alley. Of course, cranberry is just as sublime every month of the year so don't let future summer months discourage you from treating yourself. Clean water and an organic cranberry is life.

Frozen Tarts

Like a poorly-weighted teeter totter that's ever tipping a little too far to one side, I feel like that is, in a nutshell, the average life of an American dessert. We are constantly dancing between far too sweet and a little on the blah side, too time consuming and a mediocre appreciation of slaving over a hot stove. We finally found that sweet balance and we are excited to be picking up

the Naked Tart. Stripped of all your most typical dessert ingredients that cause death, this is a beautiful, delicious, gluten free tart that we know you'll be impressed with. Disclaimer: I am not a doctor and cannot technically say what may or may not cause death, I can only make educated guesses.
