

2017 Acura RDX Personalized Settings

RDX

This vehicle is equipped with a number of convenience features that can be customized to your client's preferences (applicable features depend on the vehicle's trim level). Personalize the settings for your client as listed below. Additional details are contained in the Owner's Guide, or the Owner's Manual and Navigation Manual on the Owner Information CD.

Default settings appear in **bold**.

Client's Name

VIN

Customized Settings	Settings	<p>CUSTOMIZING SETTINGS</p> <p>In order for the vehicle to associate the personalized settings with the correct driver, the client (before entering the vehicle) must first unlock the vehicle with his or her keyless access remote marked either Driver 1 or Driver 2.</p> <ol style="list-style-type: none"> Refer to the Customized Settings section in the Owner's Guide. Show the client how to change one of the customized features. Confirm that the client can change a customized feature while you watch.

NAVIGATION SYSTEM (if equipped)

To reduce the potential for driver distraction, certain manual functions may be inoperable or grayed out while the vehicle is moving. Voice commands are always available.

- Set up the "Go Home" feature.
- Address: _____
- Show the client the Talk/Back buttons and their functions.
- Show the client where to find the Voice Command Index in the Owner's Guide.

NOTE: The voice command system can only be used from the driver's position.

Top Commonly Used Navi Voice Commands:

1. "Find Nearest <point of interest>"
Example: "Find Nearest Bank"
2. "Address" then say "<address number, street name, city, state>"
Example: "1-9-1-9" / "Torrance Boulevard" / "Torrance" / "California"
3. "What time is it?"
4. "Traffic information"
5. "Go home"

HANDS-FREE RECOGNITION SYSTEMS (Bluetooth HandsFreeLink and Voice Command System)

To confirm that the client's cell phone is compatible and to view/confirm phone pairing information, go to acura.com/handsfreelink or call Bluetooth HFL client support at (888) 528-7876.

To reduce the potential for driver distraction, certain manual functions may be inoperable or grayed out while the vehicle is moving. Voice commands are always available.

Bluetooth HandsFreeLink (HFL)

- Set the phone to Discovery Mode / Auto Recognize HFL.
- Pair the client's phone.
- Confirm phone pairing**
 - Turn off the phone and the vehicle.
 - Turn on the phone and restart the vehicle.
- Show the client the HFL buttons and their functions.
- Confirm that the client can successfully place and receive calls.
- Demonstrate to the client the Top Commonly Used HFL Voice Commands.

HFL Auto Transfer function

- ON** Off
- Store a speed dial entry with a voice tag and demonstrate the voice tag system.

Specific voice tags can be recorded for each speed dial entry. For vehicles with navigation, the system will also recognize a voice command with the name and phone type of any number stored in the phonebook when Phone Synchronization is turned on after pairing. For example, "Call John Smith mobile."

Text Message/Email Notice Turns incoming text message notifications on or off.

- ON** Off

Visit acura.com/handsfreelink to see if the SMS text message/email function is compatible with the client's phone. Standard message rates may apply.

Models without Navigation

- Pick-Up button:** Go to the Phone screen, or answer an incoming call.
- Hang-Up button:** End a call.
- Talk button:** Call a number with a stored voice tag.
- Back button:** Go back to the previous screen.

Models with Navigation

- Pick-Up button:** Go to a phone-specific voice command screen, or answer an incoming call.
- Hang-Up/Back button:** End a call, or cancel a command.
- Talk button:** Say voice commands.

Top Commonly Used HFL Voice Commands:

1. "Dial by number"
2. "Call by name"
3. "Help"

14

AcuraLink (if equipped)

Provides direct communication between the vehicle and the AcuraLink server. A privacy and enrollment agreement is required for subscription-based services, and certain packages require paid subscription. Visit owners.acura.com for more information.

- Inform the client about the available packages (Standard, Connect, Premium).
- Show the client the Link and Assist buttons and their functions.
- Set up the client's AcuraLink account and Acura ID on the Interactive Network.
- Download the three AcuraLink apps (Connect, Streams, Roadside Assistance) on the client's smartphone and set up the apps using the AcuraLink account information.
- Show the client the AcuraLink app features and capabilities.
- Choose the information the client wishes to receive.

Message Category Preference(s)

- Feature Guide Diagnostic Info Quick Tips Recalls/Campaigns Maintenance Minders Scheduled Dealer Appointments
