Decorative Ironwork Designs for CNC

60 Classic-style Ironwork Design Patterns

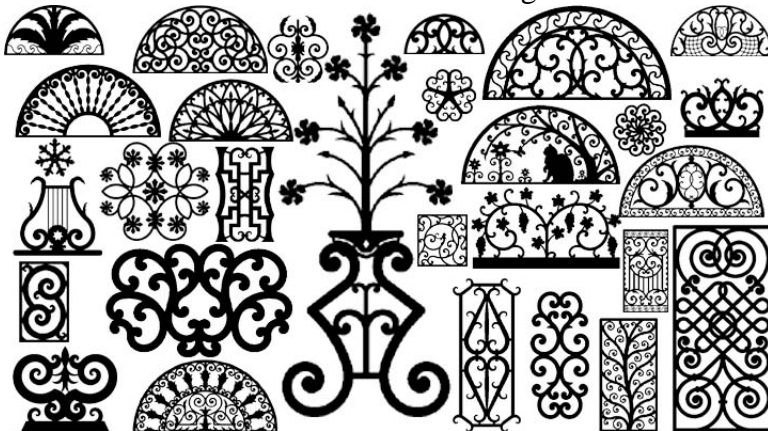

This CD is loaded with intricate ironwork designs that you can use to make above-door breezeways, fireplace screens, wall hangings, coat racks, key racks, furniture, gates, railings, window grilles, etc.

Includes the following patterns:

- 20 beautiful ironwork panels
- 10 half-circle designs
- 10 scroll patterns for railings
- 10 round scroll pattern designs and rosettes
- 10 decorative ironwork wall designs

Decorative Ironwork at its best!

24 inch tall wall candelabra cut on a PlasmaCam→

Compatibility:

These patterns are cut on PlasmaCAM, Torchmate, Samson, PracticalCNC, DynaTorch, Vicon, Tracker CNC plasma cutting machines along with Omax water-jet and a wide variety of plasma, laser, water-jet, router and vinyl cutting systems. Also loads in Mach2, winCNC, AutoCAD and other CAD software programs. PlasmaCAM, Torchmate, PracticalCNC, Samson, DynaTorch, Vicon, Tracker CNC, Mach2, AutoCAD and winCNC are trademarks of their respective companies. We are NOT affiliated with any of these companies.

Interesting Fact: Did you know that you could remove up to 90% of the smoke from plasma cutting by placing a thin tray of water below your table to extinguish the sparks before they hit the floor and continue burning?

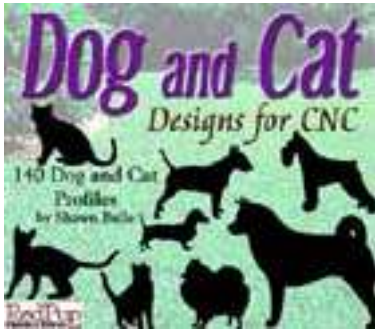

RedPup Productions 928-422-1000

Tel: 928-422-1000 ♦ Fax 480-287-9244 ♦ sales@redpup.com

Dog and Cat Designs for CNC

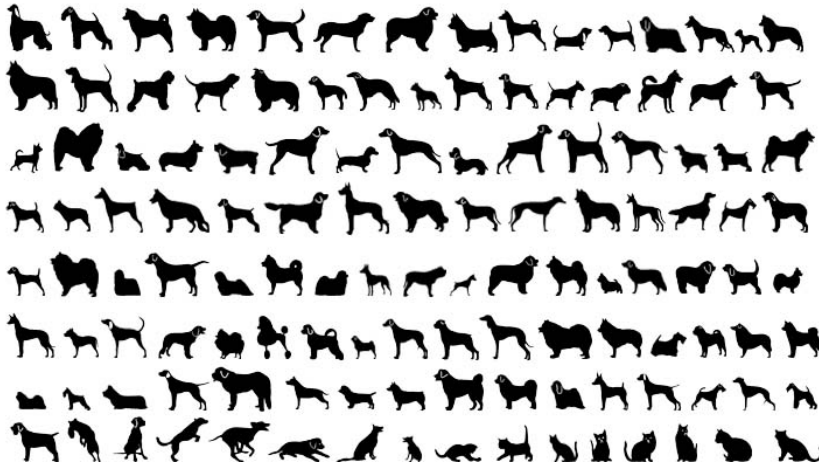

120 Dogs and 20 Cats = 140 Patterns

Create wall hangings, grave markers, refrigerator magnets, signs, etc.

European-Style Ironwork Designs for CNC

90 Decorative Ironwork Tiles

Europe is well known for its elaborate architecture and amazing ironwork. There are still many places throughout Europe where the iron railings and gates are over 1000 years old! This handy art disc contains 90 different designs inspired by old-fashioned European ironwork, for use in your CNC projects such as gates, security doors, railings, fence, window grilles, furniture, etc. This disc also includes 10 different shelf bracket patterns as well as the bonus Neuschwanstein Castle pattern.

You can tile the patterns to create decorative panels.

Compatibility:

These patterns are cut on PlasmaCAM, Torchmate, Samson, PracticalCNC, DynaTorch, Vicon, Tracker CNC plasma cutting machines along with Omax water-jet and a wide variety of plasma, laser, water-jet, router and vinyl cutting systems. Also loads in Mach2, winCNC, AutoCAD and other CAD software programs. PlasmaCAM, Torchmate, PracticalCNC, Samson, DynaTorch, Vicon, Tracker CNC, Mach2, AutoCAD and winCNC are trademarks of their respective companies. We are NOT affiliated with any of these companies.

Interesting Fact: Did you know that some of our patterns have been cut 4ft tall out of black granite stone inlaid in white granite stone, and set into commercial buildings and sidewalks in some large cities?

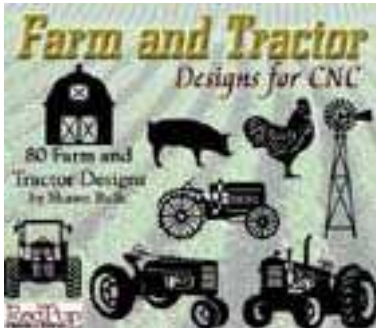

RedPup Productions 928-422-1000

Tel: 928-422-1000 ♦ Fax 480-287-9244 ♦ sales@redpup.com

Farm and Tractor Designs for CNC

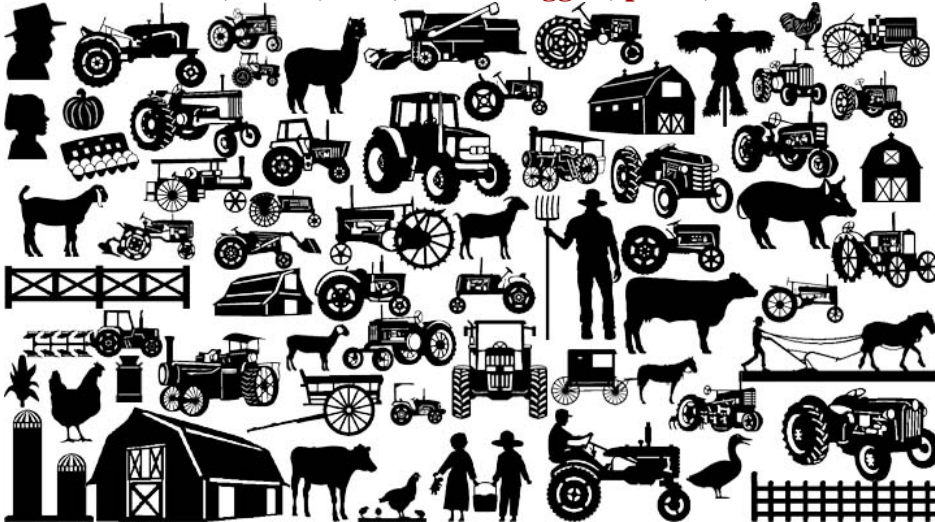

80 Farm and Tractor Patterns

These popular farm theme designs can be used for wall hangings, weather vanes, signs, mailboxes, farm entrances, furniture and gates.

This original collection includes a selection of modern tractors, antique tractors, harvesters, livestock, barns, silos, Amish buggies, plows, fence and other farm-related patterns.

Cut these patterns on your CNC cutting table!

Compatibility:

These patterns are cut on PlasmaCAM, Torchmate, Samson, PracticalCNC, DynaTorch, Vicon, Tracker CNC plasma cutting machines along with Omax water-jet and a wide variety of plasma, laser, water-jet, router and vinyl cutting systems. Also loads in Mach2, winCNC, AutoCAD and other CAD software programs. PlasmaCAM, Torchmate, PracticalCNC, Samson, DynaTorch, Vicon, Tracker CNC, Mach2, AutoCAD and winCNC are trademarks of their respective companies. We are NOT affiliated with any of these companies.

Interesting Fact: Did you know that there are almost 2 million farms in the USA? More than 80% are individual family owned.

RedPup Productions 928-422-1000

Tel: 928-422-1000 ♦ Fax 480-287-9244 ♦ sales@redpup.com

Game and Fish Designs for CNC

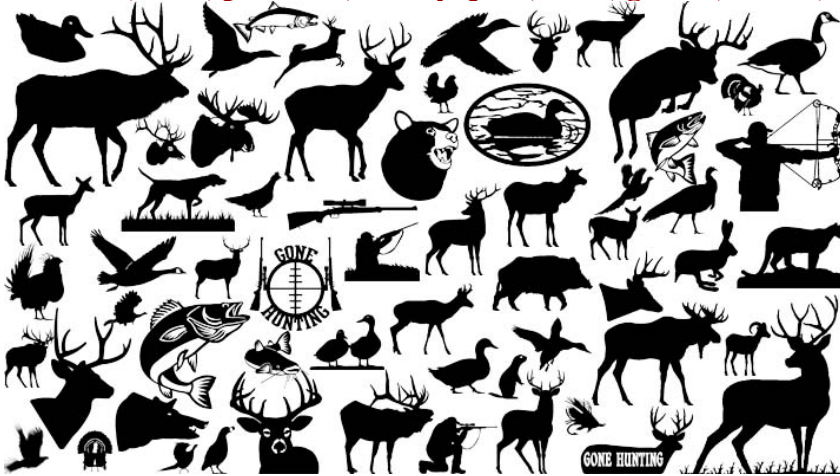

80 Hunting and Fishing Patterns

This game and fish art package has many popular patterns that can be used for wall hangings, gun racks, fishing rod holders, signs, furniture, targets, key ring holders, etc.

This original collection includes a selection of deer, elk, bighorn sheep, antelope, ducks, geese, fish, bear, pheasant, turkey quail, boar, grouse, moose, hunters, fishermen, rabbits, etc.

Patterns for the outdoor sportsman!

Compatibility:

These patterns are cut on PlasmaCAM, Torchmate, Samson, PracticalCNC, DynaTorch, Vicon, Tracker CNC plasma cutting machines along with Omax water-jet and a wide variety of plasma, laser, water-jet, router and vinyl cutting systems. Also loads in Mach2, winCNC, AutoCAD and other CAD software programs. PlasmaCAM, Torchmate, PracticalCNC, Samson, DynaTorch, Vicon, Tracker CNC, Mach2, AutoCAD and winCNC are trademarks of their respective companies. We are NOT affiliated with any of these companies.

Interesting Fact: More than 44 million Americans six years of age and older enjoy fishing every year. An average angler spends \$1,046 every year on the sport.

Mimbres Indian-Style Art Designs for CNC

60 Ancient Indian Art Designs

These patterns are based upon excavated painted pottery found in museums and private collections that can be used for amazing security doors, furniture, southwestern gate and fence designs, and wall decorations.

The Mimbres Indians lived in southwest New Mexico between 300-1300AD. In the last century, thousands of painted ceramic pots have been unearthed, revealing beautiful and mysterious artwork that is both valuable and highly sought after by archaeologists and collectors around the world.

Compatibility:

These patterns are cut on PlasmaCAM, Torchmate, Samson, PracticalCNC, DynaTorch, Vicon, Tracker CNC plasma cutting machines along with Omax water-jet and a wide variety of plasma, laser, water-jet, router and vinyl cutting systems. Also loads in Mach2, winCNC, AutoCAD and other CAD software programs. PlasmaCAM, Torchmate, PracticalCNC, Samson, DynaTorch, Vicon, Tracker CNC, Mach2, AutoCAD and winCNC are trademarks of their respective companies. We are NOT affiliated with any of these companies.

Interesting Fact: Did you know the Mimbres Indians disappeared hundreds of years ago? Although there are theories as to their demise, no one is 100% sure what happened to them.

Tel: 928-422-1000 ♦ Fax 480-287-9244 ♦ sales@redpup.com

Rods, Quads, Trucks and Bikes for CNC

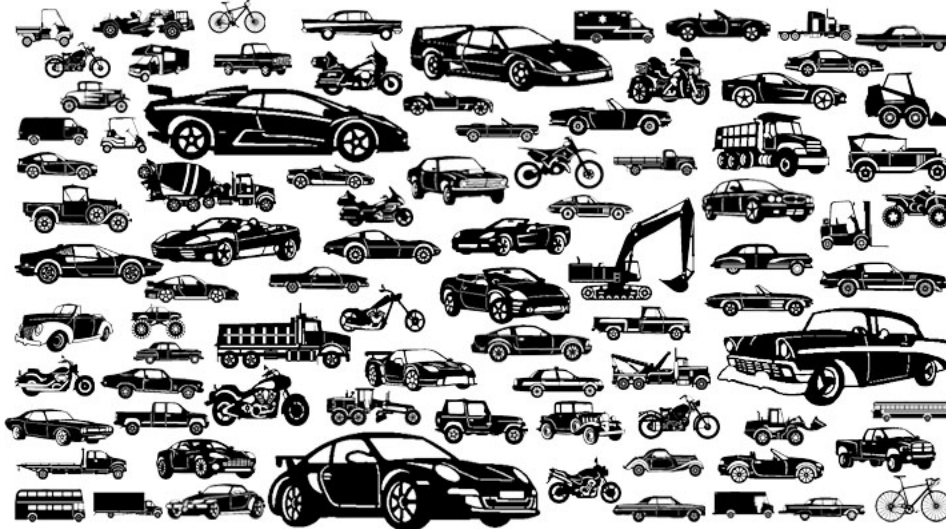

100 Vehicle Patterns

Use to decorate rooms in houses. Excellent for use on signage for construction, automotive repair, automotive sales, car clubs, motorcycle shops, etc.

This original collection includes a selection of modern cars, classic cars, modern trucks, classic trucks, motorcycles, busses, construction equipment (backhoe, scraper, cement truck, dump truck, trackhoe), bicycles, forklift, ATVs, tow trucks, delivery trucks

Cut these patterns for kids of all ages!

Compatibility:

These patterns are cut on PlasmaCAM, Torchmate, Samson, PracticalCNC, DynaTorch, Vicon, Tracker CNC plasma cutting machines along with Omax water-jet and a wide variety of plasma, laser, water-jet, router and vinyl cutting systems. Also loads in Mach2, winCNC, AutoCAD and other CAD software programs. PlasmaCAM, Torchmate, PracticalCNC, Samson, DynaTorch, Vicon, Tracker CNC, Mach2, AutoCAD and winCNC are trademarks of their respective companies. We are NOT affiliated with any of these companies.

Interesting Fact: Did you know that while painted signs can fade in the sun, CNC cut signs can last more than 100 years?

RedPup Productions 928-422-1000

Tel: 928-422-1000 ♦ Fax 480-287-9244 ♦ sales@redpup.com

Sports Designs for CNC

100 Sports Patterns and 1 Special Bonus = 101 Patterns

Create wall hangings, weather vanes, refrigerator magnets, signs, etc.

Includes the following sports and activities:

Archery, ballet, baseball, basketball, BMX bike, bodybuilding, bowling, boxing, cheerleading, fencing, figure skating, fishing, football, golfing, gymnastics, hockey, horse racing, hunting, hurdle, rollerblading, jogging, kayaking, lacrosse, martial arts, mountain biking, paintball, ping pong, pole vault, racquetball, rock climbing, rugby, skateboarding, ski, snowboarding, soccer, biking, exercise, track and field, volleyball, wakeboard, water-ski, weight lifting, surfing and wrestling.

Special Novelty Bonus!

The original "Underwater Basket Weaving" by Shawn Bulle

This pattern is a great novelty gift that can be sold in curiosity shops, hung in high school and college classrooms, or given to those individuals who don't claim to have any special talent. Now they can take first prize in the most meaningless activity ever!

Compatibility:

These patterns are cut on PlasmaCAM, Torchmate, Samson, PracticalCNC, DynaTorch, Vicon, Tracker CNC plasma cutting machines along with Omax water-jet and a wide variety of plasma, laser, water-jet, router and vinyl cutting systems. Also loads in Mach2, winCNC, AutoCAD and other CAD software programs. PlasmaCAM, Torchmate, PracticalCNC, Samson, DynaTorch, Vicon, Tracker CNC, Mach2, AutoCAD and winCNC are trademarks of their respective companies. We are NOT affiliated with any of these companies.

Interesting Fact: Did you know that you need to finely tune cut speed, torch amperage and torch height for each different thickness and type of metal to get that perfect cut? Ideally, after cutting a part, the slag on the metal edges should fall off just by dropping it.

RedPup Productions 928-422-1000

Tel: 928-422-1000 ♦ Fax 480-287-9244 ♦ sales@redpup.com

Way out West Designs for CNC

50 Western Silhouettes

The CD contains dozens of cowboys and horses as well as "end of the trail", stagecoach, dreamcatcher, cowgirls, skull, rodeo, ranching, roping, etc.

Our customers use the patterns to create coat racks, lamps, signs, ranch entries, grave markers, napkin holders, cowboy and cowgirl bathroom door signs, key racks, wind chimes, wall hangings, coffee tables, railings, gates, hanging pot and pan racks, light switch plates, mailbox decorations, truck racks, trophies, paper towel holders, etc.

Compatibility:

These patterns are cut on PlasmaCAM, Torchmate, Samson, PracticalCNC, DynaTorch, Vicon, Tracker CNC plasma cutting machines along with Omax water-jet and a wide variety of plasma, laser, water-jet, router and vinyl cutting systems. Also loads in Mach2, winCNC, AutoCAD and other CAD software programs. PlasmaCAM, Torchmate, PracticalCNC, Samson, DynaTorch, Vicon, Tracker CNC, Mach2, AutoCAD and winCNC are trademarks of their respective companies. We are NOT affiliated with any of these companies.

Interesting Cowboy Slang: Onions are "skunk eggs", Beans are "Pecos strawberries" or "whistle berries" Biscuits are "hot rocks" or "soda sinkers" or "shotgun waddin", Molasses are "lick" or "larrup" Beef is "slow elk", Pancakes are "splatter dabs" or "wheelers", Coffee is "brown gargle", Gravy is "Texas butter"

Real Western Designs for CNC

50 Western Theme Patterns

Realistic designs that can be used for wall decorations, signs, mailboxes, weather vanes, ranch entries, furniture, grave markers and gates

This original collection includes a wide selection of western art themes including cowboys, Indians, rodeo, ranch, guns, gunfighters, lawmen, lizards, coyote, roadrunner, horse and buggy, wagons, romance, humor, cattle, saloon, kokopelli, buffalo, pistol, and prospector figures and scenes.

Compatibility:

These patterns are cut on PlasmaCAM, Torchmate, Samson, PracticalCNC, DynaTorch, Vicon, Tracker CNC plasma cutting machines along with Omax water-jet and a wide variety of plasma, laser, water-jet, router and vinyl cutting systems. Also loads in Mach2, winCNC, AutoCAD and other CAD software programs. PlasmaCAM, Torchmate, PracticalCNC, Samson, DynaTorch, Vicon, Tracker CNC, Mach2, AutoCAD and winCNC are trademarks of their respective companies. We are NOT affiliated with any of these companies.

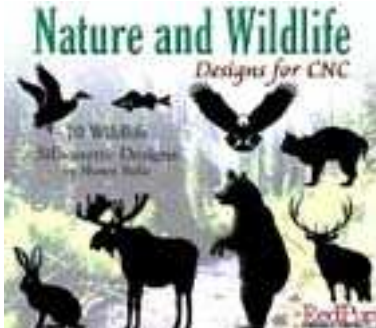

Interesting Fact: Some of the most popular ways to finish coat silhouette patterns are, spray paint, texture coat, powder coating, acid wash, sand blast, high-heat torch flame coloring and directional sanding. Some people leave the patterns in the rain to get a rust color and then clear-coat. Old-fashioned silver can be achieved by painting a silhouette silver and then faintly brushing black paint over the silver.

RedPup Productions 928-422-1000

Tel: 928-422-1000 ♦ Fax 480-287-9244 ♦ sales@redpup.com

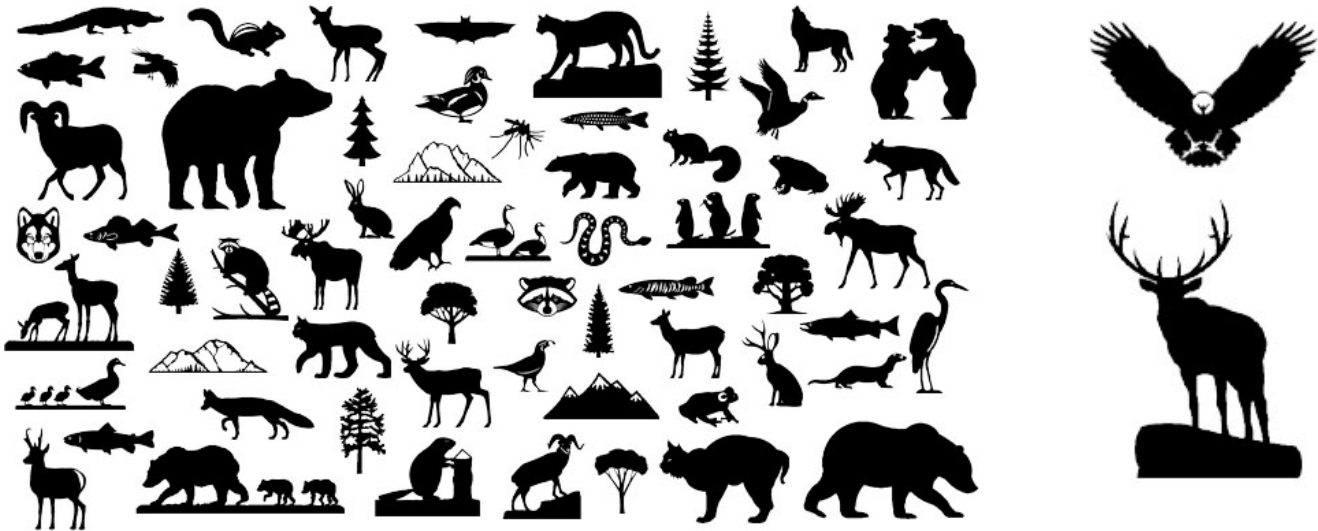

Nature and Wildlife Designs for CNC 70 Wildlife Patterns

Awesome nature collection!

This original collection includes a selection of wildlife theme designs including bears, deer, elk moose, ducks, eagles, fish, coyote, fox, bighorn sheep, frog, toad, squirrel, chipmunk, lynx, trees and mountains, etc.

Compatibility:

These patterns are cut on PlasmaCAM, Torchmate, Samson, PracticalCNC, DynaTorch, Vicon, Tracker CNC plasma cutting machines along with Omax water-jet and a wide variety of plasma, laser, water-jet, router and vinyl cutting systems. Also loads in Mach2, winCNC, AutoCAD and other CAD software programs. PlasmaCAM, Torchmate, PracticalCNC, Samson, DynaTorch, Vicon, Tracker CNC, Mach2, AutoCAD and winCNC are trademarks of their respective companies. We are NOT affiliated with any of these companies.

Interesting Fact: Some CNC cutting shops fill all wasted spaces within a pattern with other patterns such as butterflies to reduce the amount metal scrap. They toss the excess patterns such as the butterflies into a bucket to be sold later.
