

## 2019-20 LIVE OAKS JUNIOR LAB UNIFORM REQUIREMENTS

Below are the uniform requirements for each of the Live Oaks programs. Students must provide their own uniforms as indicated below. For your convenience, we have collaborated with Cintas to provide your uniform needs through an online portal at [www.MyCintas.com](http://www.MyCintas.com) (MyCintas ID = liveoaks).

Uniform needs for each of the programs are available on this site for purchase, personalization and direct delivery to your home. You are not required to purchase uniforms through this website; however, doing so will ensure your uniform selections have been approved by your instructor

The uniform lists below are available so you may see all items required, such as specific shoes, which are not included on the website. If you have specific uniform questions, contact your instructor at the email provided below for further clarification.
