

Our Children's Book Collection: A Look Inside

Reading aloud with children is the best way to inspire a love for reading and to promote language and literacy skills. *The Creative Curriculum® for Preschool* includes our *Children's Book Collection*: over 100 books in a variety of genres, including beloved classic tales, contemporary works by well-known authors, and original nonfiction books created especially to complement the studies featured in our *Teaching Guides*. Each book was selected for its rich vocabulary; diverse characters, families, and cultures; and the new ideas and information within its pages. The books that accompany the *Teaching Guides* are either bilingual or available in both English and Spanish, and issues of *Highlights High Five Bilingüe™* offer stories, poems, puzzles and activities in English and in Spanish to help support literacy skills for children who are learning one or both languages.
