thank you for choosing to visit stonewater cove
resort and spa.

as you may notice, nothing we write is capitalized.
for those of you who are curious as to why this is, it
fits hand in hand with our philosophy on what we
offer and how we treat our guests. no one, no thing,
no name and no place is more important than
another here. wanting nothing to stand out beyond
the wild, comfort and bliss, this is a place to come
and escape and be at one with each other and
nature. children at heart, and children when here,
we are born equal with eyes of curiosity, wonder
and all-knowing, all at the same time. with no
sense of importance beyond others and things, we
strive to be in harmony with the birds and the
trees.

no land versus water, no stars versus clouds... we
are who we are...and for that we are proud. rustic
and elegant, rugged and luxurious, outdoors and
inside, to us, it's all the same. gourmet food,
backyard barbeques, if it tastes good, that's all that
matters.
