# Addiction Counseling

Cascade TEB 103, www.pcc.edu/programs/alcohol-counseling, 971 722-5667 Admissions

Addiction counselors work in treatment settings to professionally help chemically dependent clients. The Addiction Counseling Program helps prepare students for the Oregon Certified Alcohol and Drug Counselor examination.

Restricted admission courses are limited to students officially accepted into the program, after all requirements are met. Please visit the AD program website,

www.pcc.edu/programs/alcohol-counseling for more information, requirements, orientation dates and application process.

OMIC Cent 34001 NE Wagner Ct. Scappoose, OR 97056

All Apprenticeship classes are open enrollment and open to the general public.

Successful completion of Apprenticeship course alone, does not allow a student to take a state examination and gain a license for a journey-level card. In order to qualify for Oregon State license or journeyman exam, completion of both OJT and RT hours are required as outlined by the specific trade JATC. Additional Apprenticeship electives may be referenced on each programs JATC Approved Electives Lists and found throughout this schedule. For OAR compliance, Apprentices MUST choose a letter bearing grade for credit classes. Information about Trade specific degrees is also available. Text books for these classes are at the Cascade Campus Bookstore.

An Associate of Applied Science degree in Aviation Science will prepare the student for an exciting career as a professional pilot. PCC offers academic classes at the Rock Creek Campus. Flight training for the airplane program is conducted at Hillsboro Aero Academy's Hillsboro Airport campus, and training for the helicopter program is offered at their Troutdale Airport campus.

PCC's Aviation Science Program is a limited entry program. For more information, including application deadlines and materials, visit the PCC Aviation Science web site at

[www.pcc.edu/fly](http://www.pcc.edu/fly).

## Bioscience Technology

Rock Cr BLDG7 202, 971 722-7255 Admin asst

Bioscience technology is a dynamic field that applies life processes to practical uses, such as the manufacturing of drugs and medical devices, and the research and development of new bioscience products and procedures. Careers are varied. Biotechnicians work in research laboratories, manufacturing facilities, analytical and quality control laboratories, and in the field. The PCC Bioscience Technology Program links basic science fundamentals to laboratory and biomanufacturing applications. The emphasis is on authentic, hands-on experience to develop the skills, knowledge and attributes that are key to success in this field. You start by earning the certificate and have the option to continue on to earn an associate's degree. Both the certificate and the associate's degree provide you with a strong foundation for a career and for further education in Bioscience.

### BIT 102

BIT 102 is open to all students to explore the bioscience field. We recommend some experience in biology (BI 112 or 211, or a recent high school biology course, for example) as preparation for Current Topics in Bioscience Technology.

**BIT 102 Curr Topics in Bioscience Tech, 2.00 Cr.**—Audit available. Fee: \$20

#### WEB Distance Learning: Online Class

First week class will meet on Zoom.

Important: More Distance Learning information at [www.pcc.edu/about/distance](http://www.pcc.edu/about/distance).

### BIT 105 & Above

BIT courses 105 and above are restricted to students who have applied and been accepted into a certificate or degree program in the department. Students can apply online at <https://www.pcc.edu/programs/bioscience/apply/>. At times, exceptions can be made for qualified students to take individual BIT courses without applying and enrolling in a certificate or degree program - please contact the faculty chair or program advisor at <https://www.pcc.edu/programs/bioscience/faculty/>

This is a list of courses offered by the Building Construction Technology (BCT) department during the current/upcoming term. It is not an advising tool, and it is not a complete list of courses BCT students should take. Students should contact BCT advisor Suzanne Najafdari (Suzanne.najafdari@pcc.edu) or a faculty member for help selecting the courses you should register for. Please be aware that classes have limited space so students should always register as soon as possible. See the registration page for registration dates.

## Career Pathways Program

SE Campus TABOR 106, 971 722-6218 , 971 722-6271 , 971 722-6233

### Career Pathways

Career Pathways offer short-term educational opportunities that prepare students for entry-level positions in a specific career. Clusters of classes from 12-16 credits are offered together for a cohort of students. The Pathway may also include a Career Planning class to help students find a job in today's tough job market. Admission to the college is required. Pathways are in the following career areas: Accounting/Bookkeeping; Computer

Applications and Office Systems; Criminal Justice - Corrections Technician; Customer Service Professional; Customer Service Management; Emergency Telecommunicator; Gerontology; HVAC/Installer; Machine Manufacturing; and Retail Sales & Service.

Non-credit Pathways include Basic Coding/Certification, Phlebotomy, and Pharmacy Technician. For more information on admission and registration into a specific training, please call 971-722-6233 or 971-722-6270.

## Community-Based Learning

Sylvania SS 215, Community-Based Learning Coordinator, 971 722-4419

Community-Based Learning courses include community projects related to course material. These projects help students better understand the subject through firsthand experience, allow students to participate in community problem solving, and engage students with issues of values, leadership, and civic engagement.

lease communicate with the instructor if you would like to learn more about the specifics of the Community-Based Learning component in their course. To learn more about Community-Based Learning, please visit [www.pcc.edu/cbl](http://www.pcc.edu/cbl). Look for the Community-Based Learning identification below participating CRNs.

## Dental Assisting

Sylvania HT 206, 971 722-4795

### Dental Assisting Program

This program prepares the student for certification as a dental assistant (CDA). The dental assistant is a professional member of the dental team, working with and assisting the dentist during clinical procedures. Dental assistants also teach oral health principles and must be prepared to assume dental office management responsibilities. PCC offers a one-year Certificate program that is fully accredited by the American Dental Association Commission on Dental Accreditation. Applications are accepted between October 1st and April 15th for entry the following fall. For application information visit Health Professions Admissions in CC 208 or phone 971-722-4795. Visit us online at [www.pcc.edu/da](http://www.pcc.edu/da)

## Dental Hygiene

Sylvania HT 206, 971 722-4795

### PCC Dental Hygiene Program

Dental hygienists are licensed dental professionals who provide direct patient care, specializing in periodontal therapy and oral health education. They are employed in dental clinics, school settings and public health agencies. The Dental Hygiene Program is fully accredited by the American Dental Association Commission on Dental Accreditation and consists of two academic years resulting in an Associate of Applied Science degree. Students are also prepared for national and regional licensing exams. For information on prerequisite courses and application procedures, visit Health Professions Admissions in CC 208 or phone 971-722-4795. Visit us Online at [www.pcc.edu/dh](http://www.pcc.edu/dh)

## Education Abroad

Cascade Cascade TH 116, 971 722-7117  
Downtown

Each year, Portland Community College offers a variety of opportunities for students to study outside of the United States. A study abroad experience not only teaches a student more about the culture, history, and language of a foreign country, but also encourages the student to observe, reflect, and understand a cultural viewpoint other than their own. Such an experience also broadens the student's perspective and understanding of their own culture. All students who receive financial aid to attend PCC can apply their aid toward a PCC-sponsored study abroad program. For more information, visit our website, [www.pcc.edu/education-abroad](http://www.pcc.edu/education-abroad) or contact our office using the information listed above. Please see the subjects below for the virtual Study Abroad courses that we are offering. ## Health Information Management

Cascade TEB 103, www.pcc.edu/him, 971 722-5667 Admissions

PCC's Health Information Management program is offered completely online. The HIM program trains students to become experts in the ever-growing, patient health data management field; eventually working in a variety of health care settings. Graduates of the program are eligible to take the national certification examination, allowing you to become a professionally recognized RHIT (Registered Health Information Technician).

The program is limited to students officially accepted into the program, after all requirements are met. Please visit the HIM program website, www.pcc.edu/him for more information, requirements, orientation dates and application process.

## Machine Manufacturing Technology

OMIC Cent 34001 NE Wagner Ct. Scappoose, OR 97056, 971 722-4155  
Sylvania AM 113, 971 722-4155

The Machine Manufacturing Technology program has been developed specifically in a modular self-paced format, allowing each student to attend courses on a schedule they choose (days or evenings). The program is designed to fit the needs of the student (take one or more modules as you desire); self-paced (learn at your own speed); flexible (select your own attendance schedule, days or evenings); and individualized (a course of study can be tailor-made to fit specific needs). Students can complete a course in a matter of days or weeks. Current MMT students are given priority enrollment. New students are required to meet with a program advisor to help plan a course of study that will allow them to achieve their educational goals. Permission from the MMT department is required to register. For more information, call 971-722-4155.

Willow Cr WCC 307B, 971 722-5667 Admissions

Medical assistants perform administrative and clinical tasks to keep the offices of physicians and other health practitioners running smoothly. Assistants work directly with patients, in small and large healthcare settings, to ensure they receive the best care, while providing health professionals with vital patient information. PCC's Medical Assisting program is an accredited one-year certificate program, offered at both Cascade and Willow Creek campuses, that provides students the skills and training required to sit for the national AAMA certification exam.

The program is limited to students officially accepted into the program, after all requirements are met. Please visit the MA program website, www.pcc.edu/ma for more information, requirements, orientation dates and application process.

### Radiography

Special admission required for registration. Radiographers are members of the health care team who provide images (x-rays) of tissues, organs, bones, and blood vessels using a variety of equipment. Radiography is a "people" profession, working with patients and other health care professionals employed in hospitals and clinics. Students spend time in classroom and local clinical education sites. Applications for admission are accepted February 1st through the first Monday of April each year. Students are admitted the following fall term. Program length is 8 consecutive terms (24 months). Refer to college catalog for program curriculum. For application information contact the Health Admissions Office, Sylvania Campus, CC 209, or call 971-722-4795.

### MRI Technologist Training Program

Special admission required for registration. Applicants must hold current certification in Radiography, Nuclear Medicine, Radiation Therapy or Sonography. MRI Technologists are members of the health care team who provide MRI images of soft tissues, organs, bones, and blood vessels using a variety of equipment. Magnetic Resonance Imaging is a "people" profession, working with patients and other health care professionals employed in hospitals and clinics. Students spend time in classroom and local clinical education sites. Classes are held in the evenings - clinical hours may be daytime, evenings, or weekends. Applications for admission are accepted March 1st through April 15th each year. Students are admitted the following Fall Term. Program length is 3 consecutive terms (9 months). For additional information, contact the Health Admission Office at 971-722-4795.

### Computed Tomography/CT Registry Prep

Special admission required for registration. Applicants must hold a current certification in Radiography and/or Nuclear Medicine. CT Technologists are members of the Health Care Team, who provide CT Images of all systems of the body. CT Imaging is a "people profession", working with patients and other health care professionals, employed in hospitals and clinics. Students spend time in classroom and local clinical education sites. Most CT courses are offered on weekends. Clinical hours may be daytime, evening, or weekend hours for those enrolled in the clinical portion. Students are admitted in the Winter term each year. Program length is 4 consecutive terms (12 months). For additional information, contact the Health Admissions Office at 971-722-4795.

## Medical Laboratory Technology

Cascade TEB 103, www.pcc.edu/mlt, 971 722-5667 Admissions

Medical Laboratory Technicians perform clinical laboratory testing on various body specimens in such areas as: Hematology, Serology, Clinical Chemistry, Microbiology, and Blood Bank. PCC's Medical Laboratory Technology program offers a two-year course of study, leading to an Associate of Applied Science degree and eligibility for national certification.

The program is limited to students officially accepted into the program, after all requirements are met. Please visit the MLT program website, www.pcc.edu/mlt for more information, requirements, orientation dates and application process.

### MLT Open Courses

The following classes are open to the general public and students who are considering applying for the Medical Laboratory Technology program.

### MLT Restricted Admission Courses

## Applied Music at Sylvania and Rock Creek

MUP 101–290: Individual Lessons for Music Majors/Minors. Music majors and minors receive college credit for private, off-campus instruction. Instructor's fee is paid by the student. Classes are available in voice, piano, guitar, and most orchestral instruments. In addition to the lessons, performances and music juries are required each term. Contact the Music Department at 971-722-4759 for Sylvania or 971-722-7869 for Rock Creek, or [www.pcc.edu/programs/music/private-lessons.html](http://www.pcc.edu/programs/music/private-lessons.html) for further information. All students must attend Friday recitals at 12:30 pm in HT 123 at Sylvania or in the Forum (BLDG3 114) at Rock Creek, beginning the first Friday of the term.

## Nursing

Sylvania HT 120, 971 722-4795 Advising

### PCC Nursing Program

The PCC Nursing Program is designed to prepare the student to be licensed as a registered nurse (RN). RNs deliver bedside nursing care to clients in a variety of healthcare settings. They assess the health of the client, diagnose nursing problems, and plan, implement and evaluate nursing care. Providing nursing care requires technical as well as interpersonal and clinical thinking skills. A nursing career is both challenging and rewarding. PCC Nursing Program graduates earn an Associate of Applied Science Degree in Nursing. The program is accredited by the Accreditation Commission for Education in Nursing (ACEN) and the Oregon State Board of Nursing. PCC's Nursing Program is a limited entry program. A student must be accepted into the Nursing Program to register for nursing courses. To apply, visit the Health Professional Admissions office in Sylvania CC 208 or call 971-722-4795.

### Occupational Skills Training

SE Campus TABOR 128, 971 722-6127, 971 722-6124 fax

The Occupational Skills Training program is designed to provide the opportunity for students to receive worksite instruction in a specific occupation. The training program is individualized for each student that enters the program. Students can start at any time during the term. Training plans are developed in consultation with the student, PCC Faculty, PCC OST coordinators and Agency representatives. An interview with an OST coordinator is required for assessment. During this interview a specific occupation will be identified. OST will develop a suitable training site for the student. Pre-requisites are determined by specific occupational standards. Please call our office for more information.

### Ophthalmic Medical Technology

Cascade TEB 103, [www.pcc.edu/omt](http://www.pcc.edu/omt), 971 722-5667 Admissions

Ophthalmic Medical Technicians perform ophthalmic procedures under the supervision of a licensed physician. PCC's OMT program offers an Associate of Applied Science in Ophthalmic Medical Technology. Upon completion of the program, you will be eligible to test for national certification as an ophthalmic technician. Becoming a certified ophthalmic technician (COT) gives you a competitive edge in a field where employers are actively seeking credentialed candidates.

The program is limited to students officially accepted into the program, after all requirements are met. Please visit the OMT program website, [www.pcc.edu/omt](http://www.pcc.edu/omt) for more information, requirements, orientation dates and application process.

PE Facility Access: Students in a PE class can sign up for a locker and receive access to PE facilities during open recreational hours, by providing a student ID and a printed class schedule to the following areas on the following PCC campuses:

Rock Creek: Building 5, Gym

Cascade: PEB (Physical Education Building) Front Desk

Sylvania: HT 114, Athletic Facilities Window

Students not enrolled in a PE class interested in using PE Facilities during open recreation hours, can pay a \$12.00 PE Facility Fee at the business office of the campus they wish to have access to and then present the receipt and student ID at the locations listed above.

PCC does not provide medical coverage. It is strongly recommended that students have medical coverage and a recent physical exam.

Please see Exercise Science for classes in that certificate and degree program.

## Sign Language Interpretation Program

Sylvania CT 219, 971 722-4672, 971 722-4951 TTY

### Sign Language Interpretation

American Sign Language interpreters work with deaf and hearing people, relaying signed messages into spoken languages and spoken messages into signed language. Professional interpreters work in a variety of settings including education, conferences, social services, health care, and law. Students enter the full-time two-year program each fall term; enrollment is limited. Prerequisite courses include successful completion of ASL 240, Deaf Studies, and Intermediate American Sign Language skills. See the webpage for more information and the application form at [www.pcc.edu/programs/sign-language](http://www.pcc.edu/programs/sign-language).

## Skill Center

Margaret Carter Skill Center; Cascade Campus; TEB 124, 971 722- 5450  
Cascade, 971 722-5252

The Margaret Carter Skill Center offers guidance and encourages students to become self-directed, self-reliant and to achieve self-efficacy in a learning environment that is respectful, welcoming, tolerant, and non-judgmental. Students must be 18 or older, attend and complete an orientation. Contact Lap Man Sin at (971) 722-5452 or [lapman.sin@pcc.edu](mailto:lapman.sin@pcc.edu) for complete registration information.

## Veterinary Technology

Rock Cr BLDG7 202 www.pcc.edu/vetech, 971 722-7257 Admin Asst

Veterinary technology is a profession involving animal health care in which individuals work with veterinarians, biological researchers, and other scientists. Duties may include restraining animals, administering medications and anesthetics, performing laboratory tests, cleaning teeth, taking x-rays, preparing an animal for surgery, and assisting the veterinary doctor in surgery. Veterinary technology offers a 2 year program which includes internships designed to give students practical "hands-on" experience applying skills learned in the classroom. For admissions information call the PCC Veterinary Technology Program at 971-722-7252. Enrollment in courses is limited to those officially accepted into the program or having the Department Chair's approval, with the exception of VT109 Radiation Safety, which is open to veterinary clinic employees.
