Once you have clicked the Renew Now button, you will notice that Jobulator has added a year to your expiration date. We will not automatically renew your subscription or automatically charge your credit card when it expires. Instead, we will simply send you an email reminding you to go back to the My Account page and renew your subscription.

We hope that this guide has been helpful in walking you through the renewal process. If you have any more questions, feel free to email us at [support@jobulator.com](mailto:support@jobulator.com).
