GLB: 9780525645948

Ages: 4–8  
Theme: Science & Nature

Sophia Spencer has loved bugs ever since a butterfly landed on her shoulder—and wouldn't leave!—at a butterfly conservancy when she was only two-and-a-half years old. In preschool and kindergarten, Sophia was thrilled to share what she knew about grasshoppers (her very favorite insects), as well as ants and fireflies . . . but by first grade, not everyone shared her enthusiasm. Some students bullied her, and Sophia stopped talking about bugs altogether. When Sophia's mother wrote to an entomological society looking for a bug scientist pen pal for her daughter, she and Sophie were overwhelmed by the enthusiastic response—letters, photos, and videos came flooding in.

- 4 Start constructing the fort by laying one panel (floor) on a flat surface. The two Popsicle sticks that were glued across the panels should be facing up.
- 5 On top of the floor panel make a square shape using 4 Popsicle sticks glue the ends to the floor panel.
- 6 Take 4 more Popsicles and lay them on top of the square you previously made in the opposite direction, then glue down the ends, repeat.
- 7 Continue building up your fort until you have reached the height you desire.
