STANDARD EQUIPMENT ON ALL TURNKEY BOATS

- All welded aluminum airboat hull with 5 aluminum "T" bar stringers for durability and toughness.
- Fiberglass hulls constructed for strength and durability, black gelcoat finish. (Colors may be extra)
- Rear operated single seat—for optional seating turn to Pages 14-15. (Additional cost)
- Styled instrument console with lighted marine gauges to include: tachometer, oil pressure gauge, temperature gauge, voltmeter, hour meter, keyed ignition switch, rubber booted toggle switches for navigation light and accessories.
- Aluminum fuel tank contoured for good looks with gauge - Coast Guard approved.
- Rigging is etched primed and coated with black enamel paint.
- Natural aluminum finish on rudders, hull and fuel tank.
- Armor structured engine stand built with vibration reducing rubber mounting system.
- Fully upholstered single rear seat with rain cover.
- Protective propeller guard covered with 2" x 4" wire mesh.
- Cable steering system complete with dual aluminum foam filled air foil rudders.
- Aluminum floor boards on seat stand painted with non-skid.
- Cable fed throttle assembly, complete.
- Running lights.
- Platform bow with non-skid carpeting. (Aluminum Hulls Only)
- Propeller mounted & matched to hull & engine.
- Stainless steel airboat exhaust system. With flex pipe and thru transom exhaust.
- Heavy duty engine cooling system for all automotive apps.
- Marine alternator and battery securely mounted.
- Below deck storage compartment for your gear.

COMPLETE TURNKEY AIRBOATS

Our extra wide 7'6" and 8' airboats provide you with a luxury ride like you've never had before. Our dual operator seating allows you to take your favorite wife or friend along, sitting right next to you. It's fun and a great adventure!

Since our last catalog, **GM Powertrain** has been busy developing new Vortec Engines for the greatest ride and performance you can get. To make those GM Engines run even better, we have redesigned and improved our reduction unit now called the Rotator.

As we have said before, our idea of performance is not to go fast, but to go where you want to go. Keep it safe and use our 4x4 marinized engine technology to get you there safely.

BOAT-IN-A-BOX® —The Ultimate Kit

Boat-In-A-Box®

The Boat-In-A-Box® is a new concept from Classic Airboats to help the "Do-It-Yourselfers" save money. We have expanded our coverage of kit airboats to include the complete package of parts and pieces. Since the parts and pieces are unassembled, we decided to call it a Boat-In-A-Box®! It's a great concept brought to you by Classic Airboats. For extras, see optional equipment installed on pages 14 & 15.

Photos may show optional equipment

BOAT-IN-A-BOX® — WHAT YOU GET

In it's simplest form, the Boat-In-A-Box® is a Super Kit of your choice plus a GM Powertrain Engine of your choice. It includes a polymer bottom installed, single operator seat (front or rear), and 2-man passenger seating (front or rear) installed and all of the parts and pieces to finish your complete, ready to run airboat. Yes, it's 4x4 and ready to take you on a thrilling ride and adventure. Includes special pricing on parts and pieces for great savings. The more you buy, the bigger the savings. That's Classic's way of saying thank you for shopping for your airboat needs with us.

With the Boat-In-A-Box® You Get Discount Pricing on the GM Marinized Engine, Rotator Gear-To-Gear Reduction Unit, Plus Discount Pricing on Your Parts and Pieces.

HULLS

*Everything you need for your hull—Build your own airboat
We Ship your parts & pieces—Classic will even give you a helping hand
That's why we have a Technical Services Department—It's for you, so give us a call*

We have several hull designs so we can meet all your airboat needs. Tell us what you want to use your boat for and we will help you select the hull that gets the job done.

We cut and bend with the best equipment to produce high quality hulls.

Our Ice Boat hulls are reinforced at key areas to ensure durability in even the harshest of environments:

On the transom plate and the full bottom length of the transom

At the bottom of the buckhead.

On the side at the hull bottom.

On the sides of the transom.

ICE BOAT HULL OPTIONS FOR GLADES EASYRIDER HULLS

We offer an Ice Boat option for our hulls designed to operate in snow and frozen water. The additions to the hull includes:

- Full Polymer Bottom
- Reinforcement Trip Chimes
- Polymer on Sides 10" High
- Reinforced Transom
- Reinforced Bow Roll
- Heavy Duty Aluminum Bottom

Does not include price of hull.

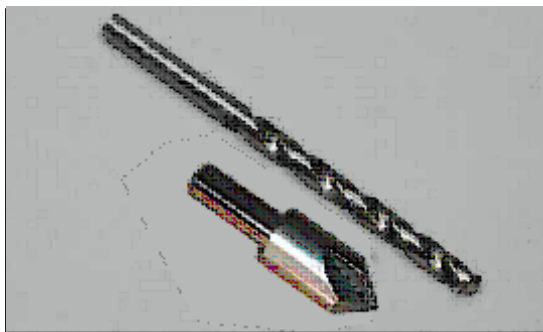

53-14151	14' x 7' & 15' x 7' Ice Hull Options	3247.00 ea.
53-16181	16' x 8' & 18' x 8' Ice Hull Options	3923.00 ea.

HULL ACCESSORIES

There are substitutes and lesser quality polymers out there, but it only makes sense and saves you money to slide your ride on the best. Don't get stuck with a substitute, make sure it's UHMW.

POLYMER COUNTER-SINK & DRILL BIT

If you are going to do the job yourself, do it right, and that means using the right tools. Use our counter-sink & drill bit to get your polymer on right and tight in record time.

35-35107	Phillips head electric drill bit	3.95 ea.
35-35108	Polymer Counter-Sink	14.95 ea.
35-35109	Polymer drill bit.....	1.85 ea.
35-35111	Computer drawn no nuts instructions.....	6.00 ea.

UHMW POLYMER—GREY, WHITE, & BLACK

Ultra high molecular weight/UHMW, 5' x 10' sheet. It's one of the all time major advancements in airboat technology.

35-35106	1/4" Polymer 5' x 10' UHMW.....	330.00 ea.
35-801614	1/4" Polymer 80" x 13' UHMW.....	599.17 ea.
35-802414	1/4" Polymer 80" x 20' UHMW	762.00 ea.
35-801656	5/16" Polymer 80" x 13' UHMW.....	962.00 ea.
35-35012	1/2" Polymer 5' x 10' UHMW	550.00 ea.

STAINLESS STEEL NUTS & NO NUTS POLYMER SCREWS

Since polymer was introduced, we have tried many different ways to attach it to the bottom of our boats. We have found our stainless steel, self tapping Phillips head screws to be the best. Where you put the screws and how many you use are also very important. That's why we have computer drawn plans to help you.

35-14112	1/4 x 1 1/2 stainless steel screws (A)	0.12 ea.
35-14114	1/4 x 1 1/4 stainless steel screws (B)	0.11 ea.
35-14100	1/4 x 1 stainless steel screws (C).....	0.10 ea.
35-14034	1/4 x 3/4 stainless steel screws (D).....	0.09 ea.
35-14058	1/4 x 3/8 stainless steel screws (E)	0.08 ea.
35-14012	1/4 x 1/2 stainless steel screws (F).....	0.07 ea.
35-00014	1/4 stainless steel washers (I).....	0.02 ea.
35-14000	1/4 nylock nuts (J).....	0.07 ea.

STAINLESS STEEL NO NUTS FIBERGLASS POLYSCREWS

Yes, you can install polymer on fiberglass hulls without using nuts & bolts. Our special self tapping stainless steel screws make a clean, neat, installation. Tight screw pattern recommended.

35-14910	1/4 x 1 stainless steel screws (G)	0.11 ea.
35-14934	1/4 x 3/4 stainless steel screws (H)	0.10 ea.
35-14125	1/4 x 1 1/4 stainless steel screws (not shown)	0.12 ea.

ICE BOAT HULL OPTIONS

We offer an Ice Boat option for our hulls designed to operate in snow and frozen water. The additions to the hull includes:

- Full Polymer Bottom
- Reinforcement Trip Chimes
- Polymer on Sides 10" High
- Reinforced Transom
- Reinforced Bow Roll
- Heavy Duty Aluminum Bottom
- Reinforced Sides

Does not include price of hull.

53-14151 14' x 8' & 15' x 8' Ice Hull Options	3247.00 ea.
53-16181 16' x 8' & 18' x 8' Ice Hull Options	3923.00 ea.

STEEL FLEX EPOXY RESIN & HARDENER

A great way to treat your aluminum or fiberglass bottom. Not quite as slick as polymer, but not as expensive either. Used for years in the airboat industry for friction reduction and abrasion protection. Once you put it on, don't change your mind because it ain't coming off.

35-35105 Steel Flex Resin & Hardener	110.00 gal
35-35150 Steel Flex Just Right Resin Brush.....	9.75 ea.

ZEREX SLICK BOTTOM (BANANA PEEL IN A CAN) ALUMINUM OR FIBERGLASS

It's a new product that looks like it's going to be a real winner. Slick and durable for speed and action on the hill.

35-12018 Zerex Slick-Em.....NA	
35-12518 Zerex 1/2 Gallon.....NA	

EXHAUST TRANSM DUMPS

Manufactured from 2 1/2" O.D. or 3" O.D. stainless steel exhaust tubing with stainless steel tabs for mounting.

35-35801 Transom Dump 2 1/2"	35.00 pr.
35-35835 Transom Dump 3"	39.00 pr.
35-35035 Transom Dump 3 1/2"	43.00 pr.

ELECTRICAL TRIM TAB UNIT

With the flick of a finger you can trim your airboat just like you want it, fast or slow. You can feel the balance of our tested and proven trim plates. No drag means you have the best.

35-01010 Trim Unit Complete (Includes items below)	295.00 ea.
35-01011 Trim Motor only.....	210.00 ea.
35-01012 Trim Motor Foot, Bottom	24.95 ea.
35-01120 Trim Motor Bracket, Top.....	27.95 ea.
35-01013 Trim Motor Pin	9.00 ea.
35-01014 Stainless Hinge	18.70 ea.
35-01015 Aluminum Trim Plate	48.00 ea.
35-35313 Switch, 2-Way Momentary with Trim Tab Joystick.....	3.95 ea.

TRIM TAB JOYSTICK

This extension for momentary trim tab switch is very convenient.

35-35323 Extension Handle	3.50 ea.
---------------------------------	----------

BILGE PUMP

High discharge rate, low amperage draw, water cooled housing to quicken heat dissipation, stainless steel motor shaft, removable power heads for easy cleaning. Quick release base mount, durable and tough, molded ABS resin housing.

35-37000 3700 GPH 1 1/2" Out	168.00 ea.
35-36301 2000 GPH 4 3/8" H 1 1/8" Hose	75.00 ea
35-36304 3/4" Hose	0.95 ft.
35-36303 1 1/8" Hose	1.35 ft.
35-37001 1 1/2" Hose	1.25 ft.
35-36406 3/4" Through Hull Drain	5.95 ea.
35-36305 1 1/8" Through Hull Drain	7.95 ea.

35-36407 Aluminum Bilge Bracket & Trim.....	20.00 ea.

PROP GUARDS & ENGINE STANDS

PROP GUARDS

Basic framework constructed of steel tubing covered with 13 gauge metal wire (2" x 4"). 3" clearance between propeller and guard when using recommended prop. Guard extends to the side and the bottom of the boat and is swept back to allow maximum room in the cargo area, plus full access to the fuel tank and battery . (Primed)

CLASSIC PROP GUARDS: PRIMED WITH 2x4 WIRE

30-40040	Lycoming 6 Cylinder & Continental 6 Cylinder Aircraft.....	980.00 ea.

30-35000	GM Belt Drive Units, All.....	980.00 ea.
30-40050	GM's with Gear-to-Gear Rotator.....	980.00 ea.

ENGINE STANDS

The perfect engine stand is one not over engineered and thus unnecessarily heavy or under engineered so it won't hold up. It must combine strength, durability and be as light as possible. Classic gives you all of that and more.

NOTE

Although *Classic Airboats* uses gigs and fixtures, no two hulls or riggings are exactly the same. Therefore, it may be necessary to do some fitting when you receive our fabricated rigging.

CLASSIC ENGINE STANDS: PRIMED

SEAT STANDS

Classic optional seating has been developed over the years as a result of our efforts to accommodate our customers to the fullest. We offer just about every combination possible. We can put you up high and your passengers down low or vice versa. We even specialize in ice boat seating to accommodate our winter airboaters. Pick what suits you for the best ride of your life. Constructed of quality materials and ruggedly built with that extra touch for appeal, everything fits together for installation in a matter of minutes. No welding necessary. Our bracing is especially designed to provide you with a roomy cargo area directly under your seat. All seats come with convenient handles and all metal work is primed. Seating is designed to fit our aluminum & fiberglass 15' hulls with 40" C to C stringers. Our 11' & 12' fiberglass hulls have 27½" C to C stringers. All seating comes primed with floor boards and tote cages when applicable (1"x2" wire).

ELECTRIC FUEL PUMP & FILTER BACKUP FOR MECHANICAL FUEL PUMP

Perfect as a backup fuel pump system. If you have a mechanical fuel pump, you may never need your electrical one; but if you do, it may save you a long walk home. It's also great as a primer pump for quick, easy starts. Requires no regulation. 12 volt, 7 psi, E/W mounting bracket. Installation for 3/8" ID fuel line.

61-40700 Electric Fuel PumpNA ea.

GM-AC HIGH PERFORMANCE ELECTRIC FUEL PUMP

High quality fuel pump for high performance engines. Mounted in rubber grommets comes with mounting bracket. Ideal for our high horsepower small blocks and big blocks.

61-15899 72 GPH Fuel Pump122.00 ea.

FUEL FILTER SIERRA

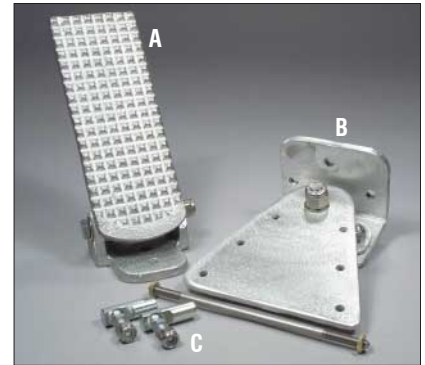

Fuel filter element is replaceable and it can be hooked up in tandem. Complete unit comes with aluminum mounting head, block off nut, and replaceable filter. OMC compatible.

727-6002	Complete Filter Kit33.95 kit
727-6001	Replacement Filter14.50 ea.

FOOT PEDAL THROTTLE ASSEMBLY WITH BELL CRANK

For auto or aircraft engines. Gives instant & positive control over your speed and engine HP.

35-35201	Foot Pedal Assembly Complete (A, B, C) (no cable or cable ends)65.00 ea.
35-35202	Foot Pedal Assembly (A)29.00 ea.

35-35328	Instrument Panel Trim	4.50 ft.

TELEFLEX & FARIA MARINE GAUGES

It's been said that the difference between a driver and an operator is an operator watches gauges. Just like you or me coming down with a cold, most of the time an engine gives you some hint that trouble is coming. That's why we offer a wide selection of gauges and suggest you keep an eye on them. All our gauges are top of the line, high grade marine instruments. They are back lighted and ruggedly constructed. They are full sweep and easy to read, day or night. Our gauges are accurate and dependable. So be a good doctor and monitor all your engine's vital signs.

BATTERY ACC. & FUEL LINES/HOSES

◀ BATTERY BOXES

Coast Guard approved, vented and acid proof. Most people don't think of a battery box as a safety feature, but it is. Prevents shorts or sparks from an open hot wire and it makes your rig look great.

35-36204 Battery Box w/Strap and Strap Mounting Bracket.....11.50 ea.

TRIPLE BATTERY BOX BRACKET FOR BATTERY PLUS TOOLS

Great for storage. Put your battery in the middle and your tools and stuff on the ends.

35-36214 Triple Box Bracket, Primed.....69.00 ea.

SINGLE BATTERY BRACKET

35-36201 Single-Primed.....40.00 ea.

DUAL BATTERY AND STORAGE BRACKETS SIDE BY SIDE

35-36202 Dual Side by Side Battery Bracket, Primed.....55.00 ea.

35-36203 Dual End to End Battery Bracket, Primed.....55.00 ea.

◀ COAST GUARD REQUIRED NAVIGATION LIGHT SYSTEM

These lights offer low candlepower to eliminate night blinding, but still identify your boat hull to others.

35-35902 Red.....4.50 ea.
35-35903 Green.....NA
35-35904 Clear.....4.50 ea.
35-90204 Red, Green, Clear Kit.....12.95 kit

▲ EXPANSION TANK HOSE

Designed for use with radiator system only. Rubber reinforced with nylon, low pressure hose.

35-36703 3/8" Reinforced Hose.....1.25 ft.

◀ 4-POSITION DUAL AND SINGLE BATTERY SWITCH

Increase flexibility, amperage availability, long battery life, segregate starter from accessory, plus charging duties. It's a battery saver on the dual switch. Runs on one battery and saves the other for a spare.

35-36207 Dual Battery Switch.....42.75 ea.
35-36208 Single Battery Switch.....42.55 ea.

◀ CHROMALEX BOW LIGHTS

Space age, high compact, plastic plated durable housing, black base, red and green lenses in a non-corrosive 12 volt socket. Bulb included. A must. Coast Guard required.

35-35901 Chromalex Bow Lights.....21.50 ea.

◀ RADIATOR HOSE

It's bad enough to have a radiator hose go out in your automobile. It can be a lot worse in your boat. That's why we sell only the best quality marine hose available. It's 2-ply with a steel core and made of heat resistant rubber. Continuous length—no splices. Custom cut.

35-36708 1 1/2" Radiator Hose.....4.70 foot
35-36709 1 3/4" Radiator Hose.....4.95 foot

▲ BATTERY BOOTS AND CABLE

Battery Boots (Black and Red) silicone impregnated.

One of those items that pays big dividends, helps eliminate shorts and sparks that cause burns, fire and battery drain. Cable #1 gauge (not the ordinary automotive style) custom length swaged and permanently installed copper battery terminal ends.

35-36206 Black Cable.....4.25 ft.
35-36213 Black Boot.....1.95 ea.
35-36210 Red Cable.....4.25 ft.
35-36205 Red Boot.....1.95 ea.
35-36215 Lg. Red Boot.....3.50 ea.
35-36216 Lg. Black Boot.....3.50 ea.

▲ CLEAR VENT HOSE 1" ID CRANKCASE VENT HOSE FOR AIRCRAFT ENGINES

All aircraft engines build crankcase pressure that must be vented. Classic recommends the clear hose so you can monitor moisture and oil venting that may indicate engine problem.

35-367012 1" I.D. Vent Hose.....1.75 ft.

RECOVERY TANK HOSE

35-36702 3/8" I.D. Clear Std.\$.75 ft.
30-38038 Brass Fitting, Straight Barb .2.65 ea.
30-38938 Brass Fitting, 90° Barb.....4.25 ea.

▲ STANDARD 3/8" I.D. RUBBER HOSE (A)

All lines are made of the highest quality rubber and nylon cord reinforcement with single strand nylon cord. Not to be used as fuel line.

35-35706 Std 3/8" I.D. Type B Hose....1.25 ft.

▲ COAST GUARD APPROVED 3/8" I.D. RUBBER FUEL LINE (B)

Coast Guard Approved two nylon cord hose for installation to the fuel pump pressure side.

35-36224 CG App. 3/8" I.D. Type A.....1.60 ft.

▲ STANDARD 1/4" I.D. RUBBER FUEL LINE (C)

Fuel line 1/4" ultra standard
56-50008 CG App. 1/4" I.D. Type A.....1.25 ft.

CUSTOM HEADERS & ACCESSORIES

For the polished look of perfection our custom headers can dress up the best of airboats. Our precision cut stainless steel flanges are clean precise and durable. All the cuts and angles are smooth and equal. Welded by craftsmen using the tigid process produces a welding bead that's strong, clean and smooth and looks great. Classic custom tigid headers are a great way to dress you engine package.

STAINLESS FULL SIZE MUFFLERS/TURBO

Be a good neighbor and reduce engine noise with our carefully selected noise reducing turbo and full size mufflers. Our stainless steel versions are high quality and are as pretty as a muffler can look. All mufflers come with a "transom dump

extension" for mounting your muffler through the transom. If your transom is a straight back transom we will weld mounting tabs on the extension for your convenience. For angle back transoms we include the mounting tabs but do not weld them on the extension. (Please specify Flex Pipe size.)

35-35924	Stainless Steel Turbo Muffler In-line	350.00 pr.
35-63043	Stainless Steel Full Muffler In-line	425.00 pr.
35-63013	Galvanized Full Muffler In-line.....	NA pr.
35-35822	Galvanized Turbo Muffler In-line	NA pr.

EXHAUST TRANSDUMPS ▶

Manufactured from 2 1/2" O.D. or 3" O.D. stainless steel exhaust tubing with stainless steel tabs for mounting.

35-35801	Transom Dump 2 1/2"	38.50 pr.

OILER COOLERS & ACCESSORIES

OIL COOLER

Excessive heat is an engine killer. That's why we recommend our proven oil cooler to give your engine that extra safety factor and temperature. A must for aircraft engines. Free flow fin design for maximum heat dispensation and cool oil.

61-62201	Large Oil Cooler 24" x 12" Fins	249.00 ea.
61-62202	Small Oil Cooler 24" x 8" Fins	189.00 ea.

OIL COOLER MOUNTING KIT

Complete kit with special mounting hardware. This is the ideal way to mount an oil cooler, making it secure and vibration free. We have tried many methods and this is the best.

61-62003I Cooler Mounting Kit	22.00 kit
----------	----------------------------------	-----------

OIL COOLER BRASS TO COOLER

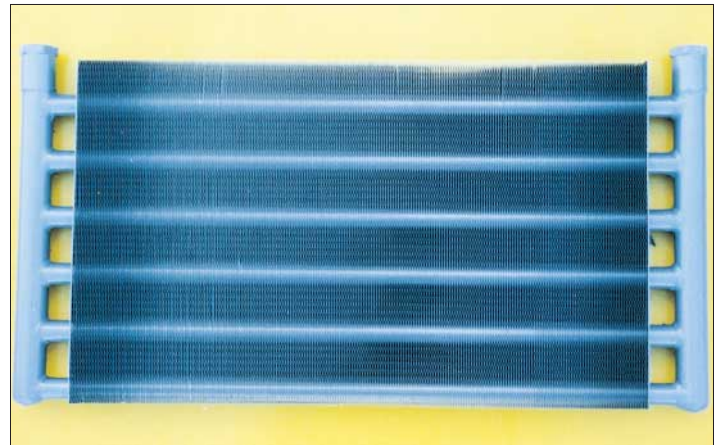

30-12058	1/2" Pipe 5/8" Hose Straight (A)	2.40 ea.
30-12038	1/2" Pipe 3/8" Hose Straight (B)	3.60 ea.
30-34112	3/4" Pipe 1/2" Bushing (C)	2.30 ea.
30-12938	1/2" Pipe x 3/8" Hose 90° Elbow (D)	6.45 ea.
30-12912	1/2" Pipe x 1/2" Hose 90° Elbow (E)	5.80 ea.
30-12958	1/2" Pipe x 5/8" Hose 90° Elbow (D)	6.20 ea.

OIL COOLER ADAPTERS

The lifeline of your engine depends on keeping the running temperature of your engine as low as possible. Our cooler adapter, made of marine quality aluminum, allows you to install an auxiliary oil cooler for the extra margin of safety.

61-62211	Chevy Big Block	56.00 ea.
61-62211	Chevy Small Block	56.00 ea.
61-62225	Cadillac	56.00 ea.
61-62225	Buick	56.00 ea.

OIL LINE HIGH PRESSURE

Don't substitute on your oil line hose. Use our 2-ply, 150 psi hose that is made for heat and oil resistant rubber tubing. Hose is cheap, engines are expensive.

35-36704	1/2" Oil Line Hose	1.40 ft
35-36758	3/8" Oil Line Hose	1.88 ft

ROTATOR AND K-OIL FOR PURRPOWER

Protect your gear-to-gear reduction unit with our highest quality selected gear oil available. We know for sure that some gear oils are better than others and we some don't work at all. We have not tested all the oils out there in the market place, but we do know one thing for sure, our high quality oil works. Do not substitute other gear oils—use only factory recommended products to maintain warranty.

61-02543	K-Way Oil	14.95 qt.
61-02120	Rotator Oil	14.95 qt.

BISHOP'S ORIGINAL AUTO AND AIRCRAFT ENGINE TREATMENT-THE BEST

Put an end to dry starts while adding to performance. Designed to bond a solid super tough, micro thin, dry metalloid fusion lubricant to metal surfaces in combustion engines. Will not clog oil ports, filters, no build-up or tolerance changes. Reduces metal wear and heat. Increases HP, mileage and engine life. Why isn't Slick 50 FAA Approved? Bishop's gas additive boost octane rating and helps keep carburetor and fuel injector clean. Plus lubricates tap end and improves mileage a plus.

725-0102	Aircraft Engine Treatment	46.50 qt.
725-0333	Gas Additive	16.95 ea.

GM 100% SYNTHETIC OIL FILTER

For max clean up of engine oil. At 12 microns it can reduce engine wear by 75% compared to regular filters.

61-13454	GM Chevy's	14.50 ea.
----------	------------------	-----------

HULL ACCESSORIES

GRASS RAKES

For the guy who likes to tread where he probably shouldn't, our grass rake is just the ticket. It's extra strong, and the angle of attack is just right to knock down those weeds in front of you.

35-35901	Grass Rake (No Skin)	495.00 ea.
35-35902	Grass Rake (With Skin) (Full Aluminum Face)	695.00 ea.

ICE BOAT HULL OPTIONS

We offer an Ice Boat option for our hulls designed to operate in snow and frozen water. The additions to the hull includes:

- Full Polymer Bottom
- Reinforcement Trip Chimes
- Polymer on Sides 10" High
- Reinforced Transom
- Reinforced Bow Roll
- Heavy Duty Aluminum Bottom

Does not include price of hull.

53-14151	14' x 7' & 15' x 7' Ice Hull Options	3295.00 ea.
53-16181	16' x 8' & 18' x 8' Ice Hull Options	3795.00 ea.

Mounting Bracket

BILGE PUMP

High discharge rate, low amperage draw, water cooled housing to quicken heat dissipation, stainless steel motor shaft, removable power heads for easy cleaning. Quick release base mount, durable and tough, molded ABS resin housing.

35-37000	3700 GPH 1 1/2" Out	149.97 ea.
35-36301	2000 GPH 4 3/8" H 1 1/8" Hose	65.00 ea.
35-36302	Transom Mounting Bracket	38.00 ea.
35-36407	Aluminum Bilge Bracket & Trim	20.00 ea.

BILGE PUMP EVACUATION HOSE

Flexible, corrugated, UV inhibited, weather resistant, will not collapse, holds its shape around curves and bends. This prevents hose kinks and allows maximum bilge pump flow.

35-36304	3/4" Hose	0.95 ft.
35-36303	1 1/8" Hose	1.35 ft.
35-37001	1 1/2" Hose	1.25 ft.
35-36406	3/4" Through Hull Drain	5.95 ea.
35-36305	1 1/8" Through Hull Drain	7.95 ea.
35-37002	1 1/2" Through Hull Drain	7.95 ea.

STAINLESS STEEL BOW EYE

1/2" Polished Stainless Steel U-bolt with backup plates and locking nuts. Looks great and makes loading and unloading from a trailer a snap.

35-36001	Stainless Steel Bow Eye	14.50 ea.
----------	-------------------------	-----------

CHROMALEX BOW LIGHTS

Space age, high compact, plastic plated durable housing, black base, red and green lenses in a non-corrosive 12 volt socket. Bulb included. A must. Coast Guard required.

35-35901	Chromalex Bow Lights	12.50 ea.
----------	----------------------	-----------

DECK LIDS — GREY

Impact resistant, UV inhibited, non-skid tread pattern double hinged. Secure those stowaway items with the perfect weather resistant hatch cover. Grey.

35-36501	Large 13 ¹ / ₂ " x 30"	98.00 ea.
35-36502	Medium 13 ³ / ₈ " x 23"	85.00 ea.
35-36503	Small 13 ³ / ₈ " x 14 ³ / ₈ "	75.00 ea.
35-36512	Ice Chest or Live Well Insert-Med.	39.00 ea.
35-36513	Ice Chest or Live Well Insert-Small	35.00 ea.

FLUSH MOUNT TACKLE BOX

Our flush mount fishing tackle box has pull-out draws that are out of the way when you need your room. Matches our handsome deck lids.

35-36570	Fishing Tacklebox (8" x 12")	NA
----------	------------------------------	----

EASY LOCK TRANSOM DRAIN PLUG

Made of solid brass with silicone impregnated neoprene rubber gasket that is adjustable for easy in and out fit.

35-36101	1" Standard Drain Plug	4.00 ea.
35-36102	1 ¹ / ₄ " Standard Drain Plug	5.90 ea.

35-35323	Extension Handle for 2-Way Momentary Switch Joystick	9.50 ea.

DECK LIDS — BLACK

Our deck lids are water tight and come in black for a good color combo. They are one piece with turn latches. The easiest ones we have found to install.

35-36550	Large (10" x 30")	149.00 ea.
35-36560	Medium (16" x 18")	109.00 ea.

GM Powertrain Engine Technology New Vortec Advantage

What is Vortec?

"Vortec" is a brand of GM Powertrain engines that delivers more horsepower and greater fuel efficiency than comparable competitors' engines. The name Vortec originated in the 1986 4.3 V-6 engine that used a combination of "vortex" and "GM technology" to create a vortex inside the combustion chamber. GM Powertrain engineers incorporated this phenomenon into their engine to achieve a better air-to-fuel mixture in the combustion process. The result is what has now developed into Vortec Engines; engines with significantly increased horsepower and improved fuel efficiency. For example, the 1996 Chevrolet Silverado went from 180 hp in the previous model year to 250 hp, while improving fuel economy from 15 mpg to 18 mpg. Unlike typical engines, Vortec Engines deliver both power and efficiency.

Uncompromised Power

GM Vortec Engine are powerful, efficient, durable, low-maintenance engines for people who expect their vehicles, boats, and equipment to perform for years under demanding conditions. By creating the Vortec brand, GM Powertrain is supplying OEMs with another tool to use in selling their application. Customers will recognize the Vortec brand as representing the best in commercial engine technology, a technology with no compromises.

Word Hard — Play Hard

GM is applying the same technology found in its world-class trucks to Vortec marine and industrial engines. This includes improvements in cylinder head design, control systems and sensors, and durability. Whether on the road, water, or job site, OEMs can count on GM Vortec Engines to deliver all the performance needed for as long as it is needed.

STRAIGHT TALK ABOUT ENGINES

Before you rebuild an engine for your airboat, check with us to make sure you are getting your horse powers' worth. Many times we see airboaters start to build an engine they think will have more hose power than our factory motors, only to find out they do not. Our small blocks turn 78Wx50L paddle props and our big blocks turn 78Wx60L paddle props. 78Wx50L and 78Wx60L are real producers. So make sure when you plan an engine you get the results you are looking for. We suggest you talk about the ability of your motor to turn a given size prop, not horse power. That gets to the nitty gritty of where airboat performance really comes from.

Classic can help, so call! To build more horse power and turn more prop than our factory motors, you must spend more money than what an engine would cost from Classic—That's a Fact!

GM POWERTRAIN—BIG BLOCKS

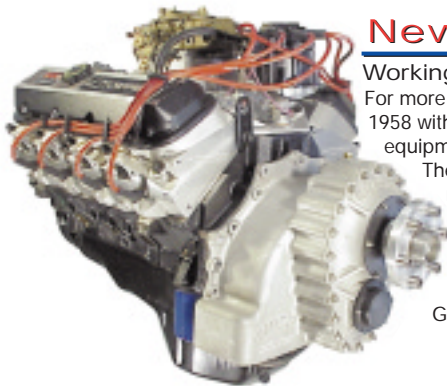

New GM Vortec Engines Marinized for Airboats

Working hard to increase boating pleasure

For more than 40 years, GM has been a leader in marine engines. Its first official entry into the marine market was in 1958 with a 284-cid, 185-hp Chevrolet engine. In 1960, a group was formed within GM to fully support marine original equipment manufacturers (OEMs). Today, GM Powertrain supplies a wide array of engines to several OEMs.

The marine environment puts special demands on an engine, so GM Powertrain has focused on the marine market segment. Corrosion-resistant alloys, engine oil sealing systems, marine-specific camshaft designs, a cooling system that works with both salt and fresh water are only a few of the GM-powered features that have benefited marine OEMs for many years.

All GM Powertrain engine plants meet or exceed QS 9000 quality process standards. In addition, a GM-powered marine engine customer can take added comfort in knowing that all components are backed by the GM Service Parts Organization.

REDUCTION UNITS & DRIVES

THE ROTATOR GEAR-TO-GEAR AND GM BRING NEW DREAMS

The Rotator Gear-to-Gear has turned the corner and Classic Airboats is proud to be a distributor of the Rotator Gear-to-Gear products. After 10 years of proven development, we now have a great addition to the technological development and evolution of the airboat. The Rotator Gear-to-Gear brings the auto engine to maturity and puts its economy, power and toughness within reach of every airboater. We invite you to the factory to see for yourself that everyone who loves airboats has new and exciting choices.

MOTOR MOUNTS & HARDWARE

Complete Kit (Aluminum)

FRONT MOTOR MOUNTS AND KITS

Tried and proven motor mounts that withstand the rigors of airboat use. They are exceptionally easy to install—just bolt on and go. With safety and weight as a priority our motor mounts are designed and engineered for airboat thrust dynamics. These aluminum front motor mounts are light weight, a perfect combination with your aluminumized Chevy Marineized Engine—Chevy's only.

61-61401	Rear Mounting Hardware: 1/2" x 7" Bolts (2), 1/2" Special Washers (2), 1/2" Lock Nuts (2), All GM Powertrain Engines	6.00 set
61-62340	Rear Mount Rubber Cones Bushings & Mounting Hardware.....	24.00 set

ROTATOR AND K-OIL FOR PURRPOWER

Protect your gear-to-gear reduction unit with our highest quality selected gear oil available. We know for sure that some gear oils are better than others and we some don't work at all. We have not tested all the oils out there in the market place, but we do know one thing for sure, our high quality oil works. Do not substitute other gear oils—use only factory recommended products to maintain warranty.

61-02120	Rotator Oil	14.95 qt.
61-02543	K-Way Oil	14.95 qt.

RADIATORS & ACCESSORIES

ALUMINUM RADIATOR FOR AIRBOATS

Designed special for airboats. Airboats require maximum cooling. This is a proven, efficient system we designed and developed of 20 years ago.

- 61-31019 NASCAR All-Aluminum Radiator, 31" W x 19" H285.00 ea.
 61-31024 NASCAR All-Aluminum Radiator, Heavy Duty, Large, 31" W x 24" H485.00 ea.

RADIATOR COMPONENTS

- 61-36789 Radiator Mounting Instruction Computer Drawing5.00 ea.

ALUMINUM RACING RADIATOR

Light weight for fast airboats.

- 61-28012 Racing RadiatorCALL

RADIATOR MOUNTING KIT

Airboat radiators must be "soft" mounted. We do this by floating the radiator in a special rubber mounting system that lets the engine stand "work" without twisting the radiator.

- 61-36705 Radiator Mounting Kit.....38.00 kit

RADIATOR HOSES—SEAMLESS, NO JOINTS

It takes approximately 6' of radiator hose to complete the "in" and "out" installation.

- 61-36701 1-Piece Radiator Hose from Engine to Radiator, 1 1/2"4.75 ft.
 61-36702 1-Piece Radiator Hose from Engine to Radiator, 1 3/4"4.95 ft.

RADIATOR & EXPANSION TANK CLAMPS

We recommend our double clamp system whenever there is enough room for two hose clamps.

- 35-29028 Radiator Double Hose Clamp Kit—#24 (8) and #28 (8) Clamps.....16.00 set
 35-06004 Expansion Tank & Overflow Double Hose Clamp Kit
 —#6 (8) and #4 (4) Clamps 1"7.75 set
 35-00024 Radiator Hose Clamps #24 1 1/2"1.00 ea.
 35-00028 Radiator Hose Clamps #28 1 3/4"1.00 ea.
 35-00006 Expansion Tank Tank Hose Clamps #6 (8) 3/8" Hose1.36 set
 35-00012 Expansion Tank to Overflow Tank Hose Clamps #4 (4) 1/2" Hose1.10 set
 35-00060 Expansion Tank Hose Clamp #6 5/8"ç.80 ea.
 35-00004 Expansion Tank to Overflow Tank Hose Clamp #4 1/4"ç.70 ea.

RADIATOR ALUMINUM TUBE SYSTEM

A combination of flexible rubber radiator hoses used as connector to aluminum radiator tubing for water passage to and from engine and radiator.

61-25808	Out 90° Flex Hose 1½" x 1½" x 25" (A)	34.80 ea.
61-26611	In Straight 1½" x 1½" x 19" (B)	24.90 ea.
61-36501	In Flex Hose 1¾" x 13" (C)	20.50 ea.
61-25474	Out 1½" x 12" (D)	16.50 ea.
Tubes:		
61-12112	Top Aluminum Tube 1½"	31.50 ea.
61-20134	Bottom Aluminum Tube 1¾"	32.50 ea.
61-31119	Carbureted Tube System Complete	165.00 set
61-31110	LS Tube System Complete	225.00 Set
35-29028	Radiator Double Hose Clamp—#24 (8) and #28 (8) Clamps	16.00 set

OVERFLOW RECOVERY TANK

This overflow bottle collects coolant overflow caused by hot engines and returns it when the engine cools. The cooling system always remains full so the engine is always performing at maximum efficiency.

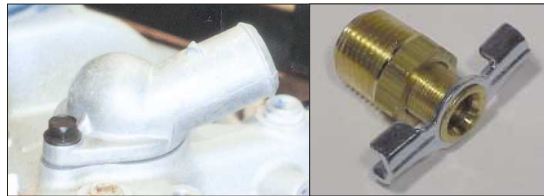

61-61703	Overflow Recovery Tank	18.50 ea.
61-36704	Overflow Recovery Tank Hose	ç. 60 ft.
35-00012	Expansion Tank to Overflow Tank Hose Clamps #4 (4) ½" Hose	3.00 set

ALUMINUM EXPANSION TANK

The life of your engine is the cooling system and that's why we developed the best cooling system around, designed 20 years ago to keep your engine running cool. We got it right a long time ago, so why change? Don't experiment, go with proven technology that works.

61-61702	Aluminum Expansion Tank	85.00 ea.
35-36702	Expansion Tank Overflow Hose ¾" x 8'	6.00 ea.
61-36703	Expansion Tank Hose, ¾"	1.20 ft.
35-36706	Expansion Tank Hose ¾" x 15'	16.00 ea.
30-12058	Expansion Tank Hose Brass ½" x ¾"	4.80 set
61-61701	Expansion Tank Cap	7.50 ea.

COOLING SYSTEM GOOSENECK & PETCOCK ANTI-AIR LOCK

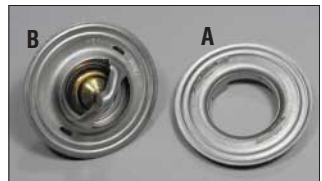

Cooling system gooseneck for Chevy engines. Essential for proper alignment of upper radiator hose to lower radiator mount.

61-77660	Gooseneck No Pet Hole	19.50 ea.
61-88753	Gooseneck with Pet Hole	23.95 ea.
30-46087	Petcock for Intake Bleed Off	5.90 ea.
30-28117	Petcock Bushing for Oversize Fit	1.90 ea.
61-77661	Gooseneck Gasket	3.00 ea.

THERMOSTATS

We recommend a 160° thermostat for cold weather climates. In warm southern climates we use a restrictor plate. Our recommendation is to keep your engine water no less than 150° and no more than 175°.

61-30100	Hot Weather Restrictor Plate (A)	7.50 ea.
61-30106	Marine Thermostat, 160°, Specially Modified for Airboats (B)	8.50 ea.
61-05135	Thermostat Gasket	1.70 ea.

PULLEY SYSTEM & ACCESSORIES

DOUBLE BELT TOP PULLEYS

Hard to find double belt pulleys for a clean, compact installation.

61-03159	Pulley Double Belt For Small Block with Short Leg Aluminum Waterpump, 8-hole Flange, Large Centering Hole	67.00 ea.
61-05641	Pulley Double Belt for Small Block with Cast Iron Water Pump, Small Centering Hole.....	67.00 ea.
61-94650	Belts, Duel, Big Block.....	30.00 ea.
61-94510	Belts, Duel, Small Block	30.00 ea.

DOUBLE BELT BOTTOM PULLEYS

Our bottom pulleys are specially selected to give your installation the right ratio so your water pump doesn't turn too fast or too slow.

61-58533	Bottom Pulley, Small Block	44.50 ea.
61-21923	Bottom Pulley, Big Block	44.50 ea.

HARMONIC BALANCE BOLT & WASHER

61-40024	Harmonic Balance Bolt, Small Block	2.75 ea.
61-01829	Harmonic Balance Washer, Small Block.....	2.88 ea.
61-19218	Harmonic Balance Bolt, Big Block.....	3.00 ea.
61-64814	Harmonic Balance Washer, Big Block	2.88 ea.

HARMONIC BALANCER TIMING TAPE

61-01591	Timing Tape	8.25 ea.
----------	-------------------	----------

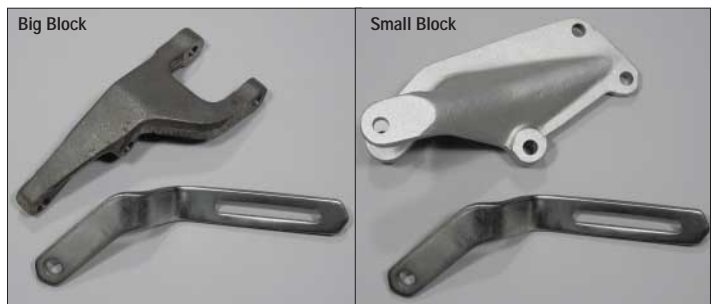

ALTERNATOR & WATER PUMP MOUNTING SYSTEM FOR CHEVYS

DUAL BELTS = DOUBLE PROTECTION FOR YOUR ENGINE

Complete system includes: top and bottom water pump pulleys, alternator bracket, slide arm and double belts (alternator, alternator pulley, and water pump NOT INCLUDED). We sell this as a complete system because each component from the pulleys to the mounting brackets are matched so that your marine alternator and water pump belts will track true for long life and dependable service. The double belt feature gives you another margin of safety and durability. Use short neck water pump.

61-23159	Small Block, Complete Alternator & Water Pump Pulley System with Duel Belts for Aluminum Water Pump	169.00 ea.
61-95641	Small Block, Complete Alternator & Water Pump Pulley System with..... Duel Belts for Cast Water Pump	169.00 ea.
61-21923	Big Block, Complete Alternator & Water Pump Pulley System with	169.00 ea.
61-58157	Big Block, Complete Alternator & Water Pump Pulley System with	169.00 ea.
61-62702	Marine Alternator w/Arrestor and Bush Guard & Double Pulley	149.00 ea.
61-62703	Pulley Double Belt For Alternator—Pulley Only.....	21.50 ea.
61-94650	Belts, Duel, Big Block	30.00 ea.
61-94510	Belts, Duel, Small Block	30.00 ea.
61-62704	Alternator Nut and Bolt Kit	2.98 kit

ALTERNATOR BRACKET & SLIDE ARM

Our alternator bracket and slide arm are the key to our alternator and water pump mounting system. They are a one of a kind, specially made for airboat-marine use. It is a clean, compact, double protection system for a great look.

61-90075	Alternator Bracket, Aluminum, Small Block	37.00 ea.
61-90087	Alternator Bracket, Big Block	37.00 ea.
61-99009	Slide Arm, Small Block & Big Block.....	24.41 ea.

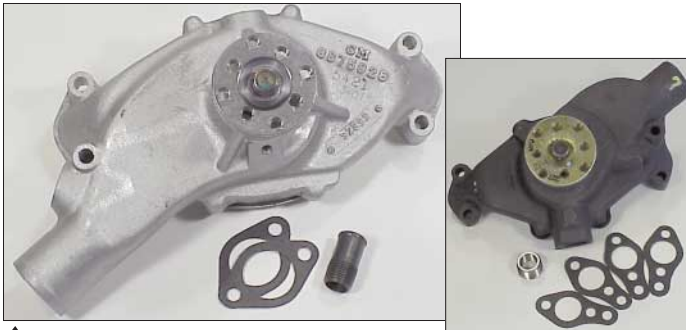

FLEX PLATES FOR NEW GM ENGINES

Our new GM Engines are externally balanced. Make sure you get the right flex plate with the proper external weight.

61-88765	Small Block, 12 $\frac{3}{4}$ " External Balance, New Gen. Engines	49.00 ea.
61-85035	Big Block High Performance, 14" Ext. Balance Forged Crank..	89.00 ea.
61-01992	Big Block, 14" External Balance Cast Crank	69.00 ea.
61-39756	Flex Plate Bolts, Big Block.....	\$.88 ea.
61-27207	Flex Plate Bolts, Small Block.....	\$.84 ea.

PULLEY SYSTEM & ACCESSORIES

HEAVY DUTY-SHORT LEG ALUMINUM & CAST WATER PUMPS

All water pumps look the same, but they aren't. Our heavy duty, short neck water pump is designed to sustain high RPM's and the rigors of marine use. It's lightweight, adds cooling capacity and is affordable.

SMALL BLOCK WATER PUMPS

61-62708	Chevy Small Block Water Pump, Aluminum, Short Neck	120.35 ea.
61-58137	Chevy Small Block Water Pump, Cast Iron, Short Neck	59.00 ea.
61-03159	Double Belt Pulley for Short Leg Aluminum Water Pump—8 hole Flange	29.96 ea.

61-14601	Water Pump Nut and Bolt Kit	2.45 kit
----------	-----------------------------------	----------

BIG BLOCK WATER PUMPS

61-45452	Chevy Big Block Water Pump, Cast Iron, Short Neck	111.25 ea.
61-58915	Chevy Big Block Water Pump, Aluminum, Short Neck	157.00 ea.

Sometimes it takes our shim kit to make your water pump pulley's align and fit.

61-06129	Pulley Shim Kit Chevy 350, 454, V6	9.75 ea.
61-30106	Marine Thermostat, 160°, Specially Modified for Airboats	6.75 ea.
30-46087	Petcock, Airlock Vent	5.80 ea.
30-28117	Petcock Bushing	2.50 ea.
61-30060	Waterpump Gasket, Big Block	5.00 pr.
61-05152	Waterpump Gasket, Small Block	5.00 pr.

HOLLEY HIGH PERFORMANCE ELECTRIC FUEL PUMP

Designed for the airboater who wants to modify his auto application for maximum performance. 12 volt electrical high pressure, 14 psi, 110 GPH. Includes universal regulator.

61-62406	Holley Fuel Pump, Blue	187.00 ea.
61-62407	Holley Fuel Pump, Red	NA ea.
61-06901	Fuel Pump Nut and Bolt Kit	1.10 kit
30-14938	Fuel Pump Brass Kit	5.80 kit
61-00006	Fuel Pump & Fuel Filter Hose Clamp Kit (Fuel Tank to Carb) #6 (7)	4.50 kit

HOLLY HIGH VOLUME MANUAL FUEL PUMP—DELUXE PERFORMER

Use on all Chevy small block V-8's. Comes with 7 psi shut off pressure with a free flow rate of 110 GPH.

61-55612	Manuel Pump	59.50 ea.
61-06901	Fuel Pump Nut & Bolt Kit	2.10 kit
30-14938	Fuel Pump Brass Kit	7.80 kit
61-00006	Fuel Pump & Filter Hose Clamp Kit	6.50 kit

Rear View

SINGLE & DOUBLE PULLEY ALTERNATOR

Our alternator system is designed for ease of installation and safety. It's a one pole design with spark arrestor. The single pole eliminates "hot" wires running all over your airboat. As just one hot wire goes from the alternator directly to the battery.

61-62702	Double Pulley Alternator	149.00 ea.
61-62703	Double Belt Pulley for Alternator—Pulley Only	21.50 ea.
61-62704	Alternator Nut and Bolt Kit	3.75 kit

LYCOMING 4 CYLINDER ENGINE FRONT MOTOR MOUNT BUSHINGS AND HARDWARE

66-66210	Rubber Bushing Set (as pictured).....	31.60 set
66-66211	Mounting Hardware (1 Bolt, 1 Washer, 1 Lock Nut).....	1.00 ea.
61-66209	Rubber Bushings	4.00 ea.
61-20966	Polymer Cone Bushings, White	6.25 ea.

LYCOMING 0540 ALUMINUM REPLACEMENT EARS

Aircraft ears like elephant ears are not pretty, but they are necessary. The style ear hole manufactured by Classic allows us to offer you a less expensive but as effective method of securing your engine to the engine stand and isolating engine vibration.

66-66340	Replacement Ears, Set of 4.....	NA
66-66203	Replacement Ear	NA
66-66206	6 Cylinder Bushings Kit with Special Washers, Nuts and Bolts for SMALL Ear	98.00 set

OVERHAUL MANUAL FOR AIRCRAFT ENGINES

Don't get caught short with the knowledge it takes to do a complete and thorough engine overhaul. This is a must for all professional and amateur mechanics.

60-64204	Lycoming Overhaul Manual.....	88.00 ea.
60-64205	Continental Overhaul Manual	86.00 ea.
60-64206	GPU Continental Overhaul Manual	86.00 ea.

LYCOMING 0540 6 CYLINDER FRONT MOTOR MOUNT BUSHINGS

This bushing kit secures the engine to the aluminum replacement ears. Aircraft mounting hardware does work, but it's very expensive. Our Classic mounting system is designed for marine use to reduce engine vibration and it's affordable.

66-66206	6 Cylinder Bushings, Special Washers, Nuts and 6" Bolts. (SMALL EAR).....	98.00 kit
66-66207	6 Cylinder Bushings Kit with Special Washers, Nuts and 6 1/2" Bolts.....	98.00 kit
66-66229	Special Cup Washers.....	5.00 ea.

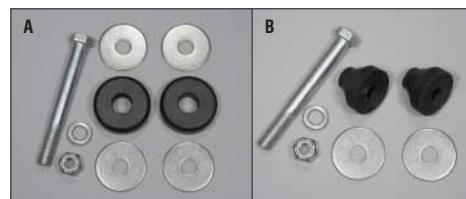

NOTE: Precise bolt lengths are necessary to avoid damage to engine. It may be necessary to trim bolt lengths and rubber bushings for damage free fit.

LYCOMING 6 CYLINDER & 4 CYLINDER REAR MOTOR MOUNT WITH ALTERNATOR MOUNT

This is one of those impossible items to find in the open market. It bolts on simply and quickly and also provides a built in bracket for mounting your alternator. No bushings or hardware.

66-66101	6 Cylinder and 4 Cylinder Scalloped Mount 3 Hole (A).....	89.00 ea.
66-66102	6 Cylinder and 4 Cylinder Flat Mount (B) (4 Bolts 3/8").....	89.00 ea.
66-66499	Alternator Slide Arm for Above Engine Mount	18.00 ea.

LYCOMING 6 CYLINDER AND 4 CYLINDER REAR MOTOR MOUNT BUSHINGS

You won't find these in your local hardware store, so take advantage of a tried and proven way to secure your engine to your engine stand. Fits our scalloped and flat Lycoming mounts.

66-66201	Rubber Bushings Kit with Hardware (A)...	13.30 kit
66-66202	Bushing Kit with Hardware (B)	9.50 kit

HOLLEY CARB MANIFOLD CONVERSION

Convert your Continental GPU to a Holley 4BBL or 2BBL Holley Carburetor for more power and gas mileage.

66-60500	Manifold Conversion Holley 2 BBL Exchange	290.00 ea.
66-60650	Manifold Conversion Holley 4 BBL Exchange	290.00 ea.

CONTINENTAL PROP ADAPTER AND FLYWHEEL

Multi-purpose, comes with "V" groove for your alternator belt. 7" diameter, 2" thick machined aluminum. Includes centering boss for your crankshaft and centering boss for your flywheel.

42-22070	"V" Groove Prop Adapter	230.00 ea.
66-67370	Alternator Belt for "V" Groove.....	9.00 ea.
66-69100	Flywheel and Ring Gear Drilled & Fitted	68.00 ea.

CONTINENTAL ENGINE BRASS FITTINGS FOR OIL COOLER

30-28133	3/8" Close Nipple	¢.90 ea.*

30-28201	1/8" Hexplug.....	¢.48 ea.*
30-32047	3/8" x 1/8" Barb x MP 90°	6.50 ea.*
30-32038	1/4" x 1/8" Barb MP 90°	1.60 ea.*
30-0000	Complete Continental Oil Cooler Brass Kit – Plus Oil, Fuel and Plug Fittings. – Total 14 pieces	45.00 kit*

*Items required to install oil cooler.

AIRCRAFT EXHAUST GASKETS

66-77611	Exhaust Gasket, Lycoming 2-Hole Blow Proof (A).....	6.75 pr.
66-75118	Exhaust Gasket, Lycoming 2-Hole Copper (B).....	3.10 pr.
66-627429	Exhaust Gasket Blow Proof, Continental, 2-Hole (C)	6.75 pr.
66-30365	Exhaust Gasket, Continental (D)	6.00 pr.

CONTINENTAL GPU HEADERS 1 1/2" TUBES

Our 6 cylinder headers can make some H.P. difference, so go with the best. Stainless steel tubing and flanges—2 1/2" collectors.

66-47025	6 Cylinder GPU 2 1/2" Dumps.....	249.00 pr.
66-32025	4 Cylinder GPU 2 1/2" Dumps	200.00 pr.

SPARK AND FLAME ARRESTOR FOR CONTINENTAL

66-00000	Spark and Flame Arrestor.....	125.00 ea.
----------	-------------------------------	------------

LYCOMING FUEL PUMPS

We now have reconditioned to new Lycoming fuel pumps for your 4 cylinder and 6 cylinder motors. No more aircraft run outs and airboat serviceable. We mean all new internal parts: We also have new auto converted pumps to fit Lycoming 4 cylinder and 6 cylinder engines.

LYCOMING AIRCRAFT PUMPS NEW/REBUILT

Fits both 4 cylinder and 6 cylinder motors. Available for carbureted and fuel injected motors.

66-66315	Lycoming mechanical fuel pump low pressure 4 cylinder and 6 cylinder motors.....	165.00 ea.
66-66319	Lycoming mechanical fuel pump high pressure for 4 cylinder and 6 cylinder fuel injected motors	165.00 ea.

STARTER MOUNTING BRACKET

Bolts to the top of the engine using existing studs. FAST and EASY.

66-70022	GM Starter Bracket.....	95.00 ea.
61-62501	GM Starter	139.00 ea.
61-62702	Alternator-Marine	149.00 ea.

CONTINENTAL FRONT AND REAR MOTOR MOUNTS AND ALTERNATOR MOUNTING BRACKET

A two-in-one easy mount made of steel and ready for you to bolt on the alternator.

66-60010	Rear Motor Mount and Alternator Bracket.....	145.00 set
66-60250	Front Motor Mounts	175.00 set

CONTINENTAL FRONT AND REAR MOTOR MOUNT BUSHING AND HARDWARE

Vibration reducing system that holds engine secure.

66-60290	Hardware	3.00 ea.
66-66210	Rubber Bushing Set.....	28.00 set
66-66211	Mounting Hardware	11.67 set
61-66209	Rubber Bushings	3.95 ea.

LYCOMING AND CONTINENTAL 4 CYLINDER HEADERS-2 HOLE

Special parallel construction increases H.P. and reduces engine heat. Stainless, 1 1/4" OD thick-walled, welded to 2 1/2" and 3" dumps. Manufactured specifically for airboat applications.

66-36125	Lycoming Angle Valve, 2 1/2" Flex.....	200.00 pr.
66-36025	Lycoming Straight Valve, 2 1/2" Flex....	200.00 pr.
66-32025	Continental GPU and Aircraft 2 1/2"	200.00 pr.
66-09025	Continental 90 HP 2 1/2"	200.00 pr.

LYCOMING AND CONTINENTAL 6 CYLINDER HEADERS-2 HOLE

Special parallel construction increases H.P. and reduces engine heat. Stainless, 1 1/4" OD thick-walled, welded to 2 1/2" and 3" dumps. Manufactured specifically for airboat applications.

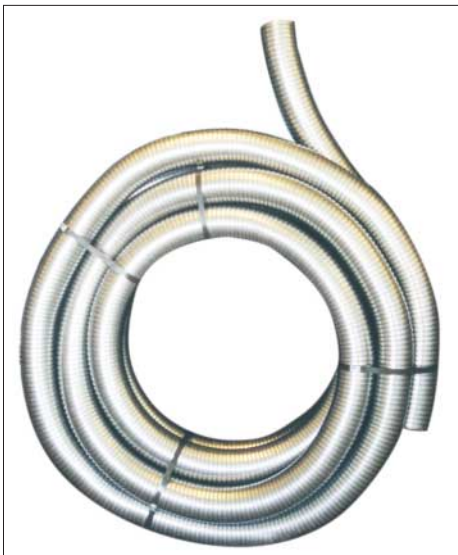

66-54125	Lycoming Angle Valve, 2 1/2" Flex.....	249.00 pr.
66-54025	Lycoming Straight Valve, 2 1/2" Flex.....	249.00 pr.
66-54130	Lycoming Angle Valve, 3" Flex	249.00 pr.
66-54030	Lycoming Straight Valve, 3" Flex	249.00 pr.
66-47025	Continental 0470 2 1/2" Flex	249.00 pr.
66-52025	Continental 0520 2 1/2" Flex	249.00 pr.

LYCOMING STARTERS FEATHERWEIGHT

Comes with Lycoming mount for easy, quick installation. Nothing to add or buy, just bolt on. All the bolt holes are right there. It's lightweight at only 9 lbs., high torque and very popular.

66-12201	Coarse, 122 Teeth Ring Gear	302.00 ea.
66-14901	Fine, 149 Teeth Ring Gear	302.00 ea.
66-12291	High Torque 2.1 Ratio, 122 Teeth	302.00 ea.
66-14991	High Torque 2.1 Ratio, 149 Teeth	302.00 ea.

HEAVY DUTY, HIGH QUALITY STAINLESS STEEL FLEX HOSE

Our heavy duty flex tubing is made of the highest quality, non-magnetic stainless steel. Flex pipe is required by the Coast Guard, so make it last by getting the best. Match our Stainless Steel Flex Pipe with our hard-to-find Stainless Steel or Zinc Plated U-Clamps and eliminate that unsightly corrosive problem.

35-35804	Stainless Flex, 2 1/2"	11.00 ft.
35-35805	Stainless Flex, 3"	12.00 ft.

HIGH QUALITY STAINLESS BAND CLAMPS AND U-CLAMPS

Stainless steel band clamps and U-Clamps for aircraft applications. Connects flex exhaust to header, transom dumps, mufflers and glass packs.

35-35212	Stainless U-Clamp, 2 1/2"	10.02 ea.
35-35830	Stainless U-Clamp, 3"	10.02 ea.
35-35860	Stainless Band Clamps, 2 1/2"	10.02 ea.
35-35870	Stainless Band Clamps, 3"	10.02 ea.

AIRCRAFT RINGS

Like new replaceable coarse or fine tooth starter ring gear can be used with Classic auto starter adapter or aircraft starter. Coarse has 122 teeth; fine has 149 teeth. (When available only.)

66-66409	Coarse Ring Gears, 122 Teeth	95.00 set
66-66410	Fine Ring Gears, 149 Teeth.....	95.00 set

BENDIX MAG COIL

We have brand new Bendix Red Coils at great savings!

66-66750	Red Coil	125.00 ea.
----------	----------------	------------

FUEL CUT OFF SOLENOID FOR FUEL INJECTION ENGINE

Eliminate "No Start" that plague injected aircraft engines. Flip a switch for total control of your fuel. Eliminates lean/rich cable.

66-66111	Shut-off Valve Electric 1/4" (A)	70.00 ea.
66-66121	Shut-off Valve Electric, Large 3/8" (B)	65.00 ea.

FLAME AND SPARK ARRESTOR FOR AIRCRAFT APPLICATIONS

Standard air cleaners work fine, keeps the Coast Guard off your back, but will not prevent fires. Ours come with mounting bracket and bolts, ready for mounting.

- 66-66326 MA 3-4 Flame and Spark Arrestor.....75.00 ea.
66-66328 MA 4-5-6 Flame and Spark Arrestor.....52.00 ea.

LYCOMING ENGINE GASKETS

LYCOMING OIL TEMPERATURE GAUGE ADAPTER

- Use with Teleflex manual oil temperature gauge.
30-38512 Brass adapter for accessory housing (Hard to find brass).....42.00 ea.

HIGH DOLLAR SPARK PLUG WIRES AT LOW PRICES

SPARK PLUG WIRE SET FOR AIRCRAFT

Solid copper wires for the ultimate in spark delivery. Wrapped in a 100% silicone jacket for the best wire protection available. Wires are cut extra long for easy, good looking, routing and convenience. Comes with mag ends.

- 66-66012 6 Cylinder 12 Wire Dual Mag 7MM39.00 set
66-66008 4 Cylinder 8 Wire Dual Mag 7MM24.00 set
66-61006 6 Cylinder 6 Wire One Mag 7MM24.00 set
66-41004 4 Cylinder 4 Wire One Mag 7MM14.00 set
66-16000 D-16 Spark Plugs3.25 ea.
35-36712 Clear 1" Aircraft Ven Hose1.30 ea.

LEAN/RICH CABLE FOR AIRCRAFT ENGINES

A must when you use automobile fuel in an aircraft engine. This eliminates engine run on, turning backwards and kickback. If you do not have this item, you may damage your engine and your mags.

- 66-66301 Complete Cable 12'.....58.00 ea.
66-66303 Cable Lock End Nut4.50 ea.

AIRCRAFT THROTTLE CABLE

Everyone has to have one, so get the best mechanical throttle cable with sure feel and positive response.

- 66-66302 Interior Aircraft Throttle Cable.....1.20 ft.
66-66303 Cable Split Nut Clamps5.50 ea.
66-66304 Cable Housing2.88 ft.
66-66305 Cable Eyelets.....1.50 ea.

AIRCRAFT MECHANICAL TACHOMETER

We recommend the Classic aircraft mechanical tachometer. Driven for long life and accuracy, lubrication is not required. 12 volts with backlighting. 3500 rpm full sweep tach plus built-in hour metering divided into tenths. Essential for long engine life, warranty, service, repair and maintenance.

- 61-61501 Mechanical Aircraft Tachometer59.00 ea.

MECHANICAL TACHOMETER CABLE

Maintenance free, no lubrication required and manufactured to your specifications.

- 66-66502 Mechanical Tachometer Cable7.50 ft.

LYCOMING FUEL PUMPS

We now have reconditioned to new Lycoming fuel pumps for your 4 cylinder and 6 cylinder motors. No more aircraft run outs and airboat serviceable. We mean all new internal parts: We also have new auto converted pumps to fit Lycoming 4 cylinder and 6 cylinder engines.

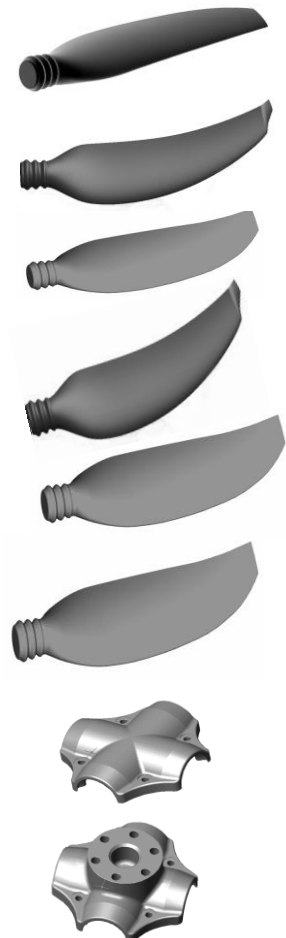

LYCOMING AIRCRAFT PUMPS NEW/REBUILT

Fits both 4 cylinder and 6 cylinder motors. Available for carbureted and fuel injected motors.

- 66-66315 Lycoming mechanical fuel pump low pressure 4 cylinder and 6 cylinder motors.....165.00 ea.
66-66319 Lycoming mechanical fuel pump high pressure for 4 cylinder and 6 cylinder fuel injected motors165.00 ea.

HOW TO ORDER:

BY MAIL

Simply use Classic Airboat order forms included as part of this catalog, or send a letter to Classic Airboat, 306 Shearer Blvd., Cocoa, Florida 32922. Be sure to print your name, address and zip code. Give us your Area Code, daytime and evening telephone numbers. Provide complete ordering information (page #, description, quantity, item #, color (if appl.) and price). Be sure to **Include Your Payment Along With Your Order.** To figure handling and shipping charges, please refer to our E-Z handling and shipping rates. If you're using a credit card, please be sure to include credit card number and expiration date. For complete airboats, airboat kits and large components, it will be necessary to call our sales department.

BY TELEPHONE

Call toll free 1-800-228-7977. Our sales office hours are 9:00 am to 5:00 pm daily, Monday thru Friday, and Saturday from 9:00 am to 12:00 noon (EST). If you have technical questions, please call us at 1-407-633-4026.

METHODS OF PAYMENT

We require full payment to accompany all orders for parts and accessory items. For complete Classic Airboats and Airboat Kits, we require a 50% deposit with balance in full, due one week before shipment. All payments to be in U.S. funds and drawn on U.S. banks. At Classic, we do accept Visa and MasterCard (include credit card name, number and expiration date). If payment is made with a personal or company check, the name, address, check # and telephone number must be preprinted on the check and only first party checks will be accepted. Certified checks, money orders and blank drafts are also acceptable. We will not be responsible for cash sent thru the mail. We do accept COD orders.

ORDER SHIPMENT INFORMATION

Upon receipt of your order, we will make every effort to get your order to you quickly. Parts and accessory orders can usually be shipped within a week, but some items may take longer, possibly up to three weeks. Because of current production scheduling considerations, orders for complete Classic Airboat Kits, Hulls, Seat Stand Riggings and Engine Guards may take up to ninety (90) days.

PREPAID UPS MAIL ORDER

INCLUDING PACKAGE PROTECTION PLAN

Mail order customers in the 48 contiguous United States (excluding Hawaii, Puerto Rico and Alaska) can use

shipment, handling and insurance rates shown above when the full amount of the order is prepaid and when shipment is not for truck shipped items. The Classic package protection plan eliminates the risk of lost or damaged packages. Damaged shipments can be replaced without lengthy delays normally encountered with the claims filing procedure. Upon receipt of your order, open it immediately to check for damage. If it is damaged or broken, call our customer service 1-800-228-7977. Do not destroy or throw away the original packing material or box. To use these rates, simply total the prices of your items ordered and locate the shipment charge to include in your order payment.

SHIPPING, HANDLING & PACKAGE

PROTECTION PLAN RATES FOR UPS ONLY

Up to 25.00	3.50
25.01 to 50.00	4.75

400.01 to 500.00	18.75
500.01 & up	20.75

From Cocoa, Florida

The majority of our shipments for parts and accessory items are handled by UPS. They will attempt to deliver an order to your address three (3) times before returning it to Classic Airboats, Inc. If no one is at the shipping address to accept parcels, a card will be left to notify you with further instructions for delivery. Unless otherwise specified, Classic Airboats will ship all parts and accessory items, which can be shipped by UPS, by UPS ground services.

UPS OFFERS OTHER TYPES OF DELIVERY

UPS Oversized - will be shipped at an oversize rate.

UPS Second Day Air - is faster than UPS ground service. Normally delivered in two (2) business days.

Overnight Delivery - UPS Overnight is available. Please call our customer services 1-800-228-7977 for exact prices. The part or parts cannot exceed 70 lbs. or have a length and girth measurement greater than 130" with maximum length of 108". Airboats, airboat kits and bulk items such as hulls, guards or engine stands will be necessarily shipped by common carrier (truck).

Truck Shipment - Because of weight and/or size restrictions, certain parts and accessory items cannot be shipped by UPS and necessarily will be forwarded by Common Carrier. All Airboat and Airboat Kit orders are

FOB - Cocoa, FL. You are welcome to come down and visit at our factory and pick up your order. We are only about an hour's drive from Florida's world famous Disney World and about half an hour from the historic and fascinating Kennedy Space Center.

SALES TAX INFORMATION

U.S. and foreign orders shipped out of the state of Florida are exempt from sales tax. A 6% sales tax will be added to all in Florida sales.

TERMS, POLICIES & SERVICES LIMITED WARRANTY

Classic Airboat warrants all manufactured parts and/or accessories to be 100% free from material and/or manufacturing defects for 90 days and will replace same free of charge in case of failure, unless otherwise stated. Classic Airboat will not be responsible for any damage or loss caused by delays, failures or any other consequential damages arising from any cause whatsoever, not for the labor, transportation or any other charges incurred in the replacement or repair of a defective item. Warranties on all products other than custom manufactured are warranted in accordance with the manufacturer's terms and are not the responsibility of Classic Airboat. Copies of these warranties are available upon request.

PRICING & PRICING CHANGES

You can order with confidence that if the price of an item you have ordered has been reduced, you will be notified and extended the lower cost. If an item has been increased, you may be charged the higher pricing. If a price change is significant, we will contact you before shipping your order.

All prices, part numbers, weights, specifications, terms and policies in this catalog are subject to change without prior notice.

CUSTOM MANUFACTURED ITEMS

All items in this catalog that are manufactured specifically for Classic Airboats are considered "Custom Manufactured." These items are not returnable for refund. However, custom manufactured items are covered under the Classic Airboat Limited Warranty. Policy against material or manufacture defects (See Limited Warranty elsewhere in this catalog).

REFUSAL OF ORDER

Customers will be charged for all shipping charges and a 15% restocking charge on all refused shipments. No further order will be processed until previous matters are resolved.

RETURNS, EXCHANGES & REPAIRS

Our goal is to handle any returns or exchanges as fast as we handled your original orders. We will accept the return of any warranted items custom manufactured (except special order items) for exchange or credit towards a new order. Send your items for exchange insured and postage paid or call our sales department at 1-800-228-7977 for instruction for return. Sorry, we are not permitted to make monetary adjustments and refunds on defective merchandise on behalf of other manufacturers. However, after use, defective equipment should be returned prepaid for us for examination, test and exchange or replacement by the manufacturer.

OUT OF STOCK MERCHANDISE POLICY

We will always make every effort to maintain sufficient merchandise inventory to satisfy your orders, but sometimes scheduling and circumstances beyond our control may cause a temporary out-of-stock condition. If this occurs, the items will be placed on back order to ship within thirty (30) days. If within 30 days an item cannot be shipped, you will be notified of a revised ship date.

TECHNICAL INFORMATION SERVICES

Have technical problems and questions? Just call us at 1-407-633-4026 and speak to one of our technical services technicians. Technical Services hours are 9:00 am to 5:00 pm weekly/Saturday 9:00 am to 12:00 noon EST.

CUSTOMER SERVICE -

CALL 1-407-633-4026

We are here from 9:00 am to 5:00 pm EST, Monday thru Friday and Saturdays 9:00 am to 12:00 noon to assist and help solve any order problems you may encounter.
