TITLE 4: JUDICIARY

CHAPTER 7: PROBATE COURT SUBCHAPTER III: JUDGES

§310. Perpetual care of cemetery lots by order

Judges of probate, in any case in which an estate is under their jurisdiction for probate, shall have the power to order that an appropriate amount out of the estate be set aside for perpetual care and suitable memorials for the cemetery lot in which the deceased is buried, and to order special care of such lots when the conditions and size of the estate seem to warrant such order.

TITLE 10. COMMERCE AND TRADE

PART 7. LIENS CHAPTER 621. MONUMENTAL WORK

§ 3701. Contract price; attachment

Whoever, under express contract fixing the price to be paid by the other party thereto, sells, erects or furnishes any monument, tablet, headstone, vault, posts, curbing or other monumental work has a lien thereon to secure the payment of such contract price, which continues for 2 years after the completion, delivery or erection of such monument, tablet, headstone, vault, posts, curbing or other monumental work. Such lien may be enforced by an action for damages with an attachment, which shall be recorded within said 2 years by the clerk of the town in which the property subject to the lien is then situated; or such lien may be enforced by complaint setting forth the names and residences of the parties to the contract, the contract price, the sum due, the description and location of the property on which the lien is claimed and such other facts as are necessary to make it appear that such plaintiff is entitled to an enforcement of such lien, and praying for judgment for title and possession of the property therein described. Said complaint, before service thereof and within said 2 years, shall be recorded by the clerk of the town in which such property is situated and a certificate of such record indorsed thereon. The sum alleged to be due shall be deemed to be the damage and after the complaint has been recorded; an action may be commenced upon the complaint in any court of proper value for a transitory action between the parties. Service shall be made as in other actions.

If the plaintiff prevails, he shall recover judgment for title and possession of the property on which the lien is claimed, and for his costs, and a possessory execution may issue. By virtue of such judgment the judgment creditor, if unopposed, may take possession and remove the property described in his execution, otherwise any officer qualified to serve civil process, having said execution, may take possession of said property and deliver the same to the judgment creditor, and shall make his return on said execution accordingly. Said lien may be discharged at any time before final judgment by tendering the plaintiff the amount of the debt and costs.

§ 1031. Unauthorized establishment; injunction

Any cemetery, community mausoleum or columbarium established, maintained or operated in violation of or contrary to this chapter is declared to be a nuisance, which may be abated or enjoined as such by the civil action of any citizen of this State.

§ 1032. Disposal of bodies

Except as otherwise provided by law, or in case of a dead body being rightfully carried through or removed from the State for the purpose of burial or disposition elsewhere, every dead body of a human being dying within the State and the remains of any body after dissection therein shall be decently buried, entombed in a mausoleum, vault or tomb, or cremated within a reasonable time after death. chapter. Judges of the District Court may cause the persons brought before them on complaint for violation of sections 1342 or 1343 to recognize with sufficient sureties to appear at the next term of the Superior Court and, in default thereof, shall commit them.

following meanings. [PL 2003, c. 421, §1 (AMD).]

1. **Ancient burying ground.** “Ancient burying ground” means a private cemetery established before 1880. [PL 1999, c. 700, §2 (NEW).]
2. **Columbarium.** “Columbarium” means a structure or room or space in a mausoleum or other building containing niches or recesses for disposition of cremated human remains. [PL 2003, c. 421, §1 (NEW).]
3. **Community mausoleum.** “Community mausoleum” means an aboveground structure designed for entombment of human remains of the general public, as opposed to the entombment of the remains of family members in a privately owned, family mausoleum of no more than 6 crypts. [PL 2003, c. 421, §1 (NEW).]
4. **Public burying ground.** “Public burying ground” means a burying ground or cemetery in which any person may be buried without regard to religious or other affiliation and includes a cemetery owned and operated by a municipality, a cemetery corporation or a cemetery association. SECTION HISTORY

PL 1999, c. 700, §2 (NEW). PL 2003, c. 421 §1 (AMD). PL 2013, c. 524 §2 (AMD).

§1101-B. Ancient burying grounds

1. Access to ancient burying grounds on privately owned land. The owner of an ancient burying ground shall provide a municipality or its caretaker designated pursuant to section 1101 access necessary to perform the duties pursuant to section 1101 and Title 30-A, section 2901. Any unreasonable denial to provide access may result in the owner being held responsible for any fines, court costs and attorney’s fees incurred by municipalities in legally obtaining access or for failing to meet the requirements of section 1101. [PL 2013, c. 421, §2 (AMD).]

2. Maintenance by landowner. A person who owns a parcel of land that contains an ancient burying ground and chooses to deny access to the municipality or its caretaker designated pursuant to section 1101 shall assume the duties as described in section 1101 and Title 30-A, section 2901, subsection 1. Maintenance of an ancient burying ground by the owner exempts the municipality from performing the duties as described in section 1101. [PL 2013, c. 421, §2 (AMD).]

A municipality or its caretaker designated pursuant to section 1101 to carry out the municipality’s functions regarding an ancient burying ground must have access to any ancient burying ground within the municipality in order to determine if the ancient burying ground is being maintained in good condition and repair. If an ancient burying ground or a veteran’s grave within an ancient burying ground is not maintained in good condition and repair, the municipality may take over the care or appoint a caretaker to whom it delegates the municipality’s functions regarding an ancient burying ground. [PL 2013, c. 524, §3 (AMD).]

SECTION HISTORY

PL 1999, c. 700, §2 (NEW). PL 2013, c. 421, §2 (AMD). PL 2013, c. 524, §3 (AMD).

§1101-C. Notice of responsibility

When a municipality fails without good reason to maintain the good condition and repair of a grave, headstone, monument or marker or fails to keep the grass suitably cut and trimmed on any such grave pursuant to section 1101 and at least one of the municipal officers has had 14 days' actual notice or knowledge of the neglected condition, a penalty of not more than \$100 may be assessed on the municipality. [PL 1999, c. 700, §2 (NEW).]

§1101-D. Unorganized townships

If an ancient burying ground or a public burying ground as described in section 1101 is located in an unorganized township, the county in which the township is located is subject to sections 1101, 1101-B and 1101-C. [PL 1999, c. 700, §2 (NEW).]

§1101-E. Graves on land owned by Federal Government

Veterans' graves as described in section 1101 that are located on a site that was owned by the Federal Government as of January 1, 2000 are not subject to the requirements of section 1101. [PL 1999, c. 700, §2 (NEW).]

Article 3: EXEMPTION FROM ATTACHMENT

§1141. Grounds inalienable; description recorded

When any persons appropriate for a burying ground a piece of land containing not more than ½ of an acre, it shall be exempt from attachment and execution, and inalienable and indivisible by the owners without the consent of all; and be kept fenced or otherwise substantially marked and occupied as a burying ground. They shall cause a written description of it, under their hands, attested by 2 disinterested witnesses, to be recorded in the registry of deeds in the county or district where it lies or by the clerk of the town where it is situated.

§1142. Family burying grounds

When a person appropriates for a family burying ground a piece of land containing not more than ¼ of an acre, causes a description of it to be recorded in the registry of deeds of the same county or by the clerk of the town where it is situated and substantially marks the bounds of the burying ground or encloses it with a fence, it is exempt from attachment and execution. No subsequent conveyance of it is valid while any person is interred in the burying ground; but it must remain to the person who appropriated, recorded and marked that burying ground and to that person's heirs as a burial place forever. If property surrounding a burying ground appropriated pursuant to this section is conveyed, the property is conveyed by the person who appropriated the property or by an heir of that person and the conveyance causes the burying ground to be inaccessible from any public way, the conveyance is made subject to an easement for the benefit of the spouse, ancestors and descendants of any person interred in the burying ground. The easement may be used only by persons to walk in a direct route from the public way nearest the burying ground to the burying

ground at reasonable hours. [PL 1991, c. 412, §1 (AMD).]

§1143. Lots

Lots in public or private cemeteries are exempt from attachment and levy on execution and from liability to be sold by executors and administrators of insolvent estates for the payment of debts and charges of administration. Only one lot shall be so exempt for any one person.

ARTICLE 4: ENLARGEMENT OF GROUNDS

§1181. Restrictions and conditions

The municipal officers of any town may on petition of 10 voters enlarge any public cemetery or burying ground or incorporated cemetery or burying ground within their town by taking land of adjacent owners, to be paid for by the town or otherwise as the municipal officers may direct, when in their judgment public necessity requires it. The limits thereof shall not be extended nearer any improved land used for recreational purposes or dwelling house than 100 feet, or nearer any well, from which the water is used for domestic purposes, than 200 feet, against the written protest of the owner made to the officers at the time of the hearing on the petition. Nor shall any person, corporation or association establish, locate or enlarge any cemetery or burying ground by selling or otherwise disposing of land so that the limits thereof shall be extended nearer any improved land used for recreational purposes or dwelling house than 100 feet, or nearer any well, from which the water is used for domestic purposes, than 200 feet, against the written protest of the owner. Nothing in this section shall prohibit the sale or disposition of lots within the limits of any existing cemetery or burying ground, nor the extension thereof away from any improved land used for recreational purposes or dwelling house or well. This section shall not apply to land acquired under Title 37-A, section 15. [PL 1981, c. 33 (AMD).]

SECTION HISTORY

[PL 1967, c. 502, §1 (AMD). PL 1973, c. 537, §18 (AMD). PL 1981, c. 33, § (AMD)]

§1182. Notice

Notice of a time and place for a hearing held under section 1181 shall be given by posting written notices thereof, signed by said officers, at least 7 days prior thereto, in 2 public places in said town. A copy of such notice and of the petition shall be served on the owners of the land at least 10 days before the day of hearing.

§1183. Damages for land taken; town vote

If the municipal officers at the hearing held under section 1181 grant the prayer of the petitioners, they shall then determine what land shall be taken and assess the damages suffered by each person thereby, as if the land were taken for town ways, make a written return of their proceedings, specifying the land taken and the damages awarded each person and file the same with the town clerk. Such cemetery or burying ground shall not be enlarged, pursuant to such return, until so voted by the town at its next annual meeting. [PL 1975, c. 431, § 3 (AMD).]

§1184. Persons aggrieved; remedy

ARTICLE 5: CONVEYANCE TO TOWN

§1221. Proceedings

Any private cemetery or burying ground, by written agreement of all the owners thereof, recorded by the clerk of the town in which it is situated may, by vote of such town within one month after the recording of such agreement by the town clerk, become public and subject to the law relating to public cemeteries or burying grounds, provided such agreement is not in conflict with the terms of any conveyance or devise of land for the purposes of a burying ground.

§1222. Acceptance; exemption from liability; trust funds for repairs

Any city, town, cemetery corporation, trust company or trustee may accept any conveyance of land not exceeding ½ acre, to be forever held, kept and used for a private or family burying ground for the grantors and such of their heirs and relatives by blood or marriage as the conveyance shall designate. The District Court and the Superior Court shall have concurrent jurisdiction. Of all fines provided for under this section and recovered on complaint, ½ shall go to the prosecutor and ½ to the county where the city, town, cemetery corporation, trust company or trustee committing the offense is situated. Nothing herein contained shall be construed to compel any such city, town, cemetery corporation, trust company or trustee to expend in any one year upon any such lot more than the income from any such fund.

§1223. Investment of funds

Cemetery trust funds of any cemetery corporation or association, trust company, church, religious or charitable society, or other trustee, shall be invested in the manner provided in Title 30-A, chapter 223, subchapter III-A, and, unless the instrument or order creating the trusts prohibits, may be combined with other similar trust funds in the manner provided in Title 30-A, section 5654,

[PL 1995, c. 474, §1 (NEW).]
- F. A statement that interest on funds placed in trust will not be paid to the payor in the event of a refund of principal of trust funds and any interest that may accrue remains with the payee. [PL 1995, c. 474, §1 (NEW).]

[PL 1995, c. 474, §1 (NEW).]

§1266. Solicitation of cemetery or crematory services or property

Any cemetery corporation may accept and receive donations of money, general legacies and devises of real estate or legacies in trust, for the purpose of landscaping, general beautification and care of lots, memorials, avenues and plots in said cemetery, without being appointed or confirmed by any court as such trustee. [PL 1975, c. 770, § 76 (AMD).]

§1302. Recording of deeds

Any corporation organized prior to July 24, 1937 which is authorized or empowered to own, construct, maintain or operate cemeteries or burial grounds may lawfully own, construct, maintain or operate mausoleums, crematories or columbaria in connection therewith, in accordance with the laws existing and effective up to the time of July 24, 1937. [PL 1967, c. 502, §2 (AMD). PL 1973, c. 537, §19 (AMD)]

§1304. Sales for speculation or investment

The sale of cemetery lots and plots, or the sale of crypts in a community mausoleum or niches in a columbarium for speculative or financial investment purposes, or the conveyance of any portion of a cemetery already dedicated to burial purposes as security for debt, is prohibited. Every such conveyance, whether made by a person or by a cemetery association, or by a company or association owning and operating a community mausoleum, crematory or columbarium, or by any holding, development or subsidiary company, shall be void and of no effect. Whoever makes or attempts to make a sale or conveyance contrary to this section shall be guilty of a misdemeanor and punished as provided in section 1035.

§1305. Care and maintenance

The proceeds of the sales of lots and plots in a cemetery shall be applied solely to the management, superintendence, improvement and maintenance of the cemetery and the avenues, paths and structures situated therein, for the purchase of additional cemetery land and for the accumulation of a permanent care and improvement fund. If any indebtedness of a fixed amount is incurred in the purchase of lands for such cemetery, or in making any improvement therein, a sum not exceeding 50% of the gross receipts from the sale of burial lots and plots may be applied to the liquidation of such indebtedness. This section shall not apply to any cemetery now organized and operating.

§1306. Cemetery perpetual care fund

A person, corporation or any other private entity that controls a cemetery shall establish a cemetery perpetual care fund. This fund is separate from any permanent care and improvement fund for a community mausoleum on a cemetery's premises established under section 1348. The income

from the cemetery perpetual care fund must be devoted to maintenance of the cemetery. This cemetery perpetual care fund must be created by depositing in the fund at least 30% of the proceeds received, in full and in installments, from the sale of lots and plots in the cemetery. This section does not apply to a family burying ground as described in section 1142. The sale of a cemetery lot or plot that is subject to a contract for the perpetual care of the lot or plot or for general cemetery maintenance is exempt from this section, as long as the contract requires that at least 30% of the proceeds from the sale of the lot or plot be set aside with the income from those funds to be used for cemetery maintenance. [PL 1997, c. 140, §1 (NEW).]

§1346. No sale before completion

No crypt in a community mausoleum shall be sold or offered for sale before said structure, or a component section thereof, is fully completed.

§1347. Improper conditions; removal of bodies

Whenever any mausoleum, vault, crypt or other structure containing one or more dead human bodies shall, in the opinion of the Bureau of Health, become a menace to public health and the owner thereof fails to remedy or remove the same to the satisfaction of the said bureau, any court of competent jurisdiction may order the owner of said structure to remove the dead body or bodies for interment in some suitable cemetery at the expense of such owner. If such owner cannot be found, such removal and interment shall be at the expense of the cemetery association in the cemetery in which such mausoleum, vault, crypt or other structure is situated.

§1348. Permanent care and improvement fund

Every cemetery association or other agency establishing, maintaining and operating a community mausoleum shall create and establish a permanent care and improvement fund, distinct and separate from the permanent care and improvement fund of its cemetery, the income whereof shall be devoted to the care, maintenance and improvement of such community mausoleum. Prior to removal of the memorial, a notice must be submitted to the municipality, or to the

county in the case of a memorial in unorganized territory, stating the location and identification of the memorial, the authority requesting the removal and the site to which the memorial will be moved and providing documentation of the reason the memorial cannot be preserved in its original location.

When possible, a replacement or replica of the removed memorial must be placed in the original location along with information as to the location of the original memorial. If such placement is not possible, a sign must be placed recording the new location of the memorial. [PL 2015, c. 294, §1 (NEW).]

SUBCHAPTER VI: USE OF UNOPENED INTERMENT

§ 1381. Use of unoccupied interment spaces

If a cemetery lot, or portion of a cemetery lot, has not been used for interment purposes for

75 consecutive years and if the record owner of the lot has failed to provide for the care and maintenance of the lot for 75 consecutive years, then up to ½ of these unoccupied interment spaces within the lot may be used by the person, association, corporation or municipality which owns, maintains and operates the cemetery. If a portion of the interment spaces is occupied, the spaces on either side may not be used under this section.

§ 1383. Form of notice

1. Contents. The notice of use shall state that the cemetery lot, or portion of the lot, containing the unoccupied interment spaces has not been used for interment purposes for 75 consecutive years and that the record owner has failed to provide for the care and maintenance of the lot for 75 consecutive years.

Personal service on the record owner in the same way service of process is made in accordance with Maine Rules of Civil Procedure shall be the preferred method. If that is not reasonably possible, personal service in the same manner shall be considered on the heirs or devisees. If that is not reasonably possible, the notice shall be served by delivery by certified mail, return receipt requested, to the record owner at the owner's last known address. If the record owner is deceased or his whereabouts are unknown, the notice shall be served by delivery by certified mail, return receipt requested, to the heirs or devisees of the record owner, to their last known address. If the address of the record owner or heirs or devisees of the record owner cannot be ascertained, then notice of the forfeiture shall be given by one publication in the official newspaper of the county in which the cemetery is located. The permit is sufficient authority for final disposition in any place where dead human bodies are disposed of in this State, as long as the requirements of Title 32, section 1405 are met in appropriate cases. The permit may not be issued to anyone other than a funeral director until the state registrar or the clerk of the municipality receives a medical certificate that has been signed by a physician or a medical examiner that indicates that the physician or medical examiner has personally examined the body after death. A permit must also be issued if a nurse practitioner or physician assistant has signed the medical certificate indicating that the nurse practitioner or physician assistant has knowledge of the deceased's recent medical condition or was in charge of the deceased's care and that the nurse practitioner or physician assistant has personally examined the body after death. The authorized person may transport a dead human body only upon

receipt of this permit. [PL 2009, c. 601, §27 (AMD).]

The State Registrar of Vital Statistics or a municipal clerk may issue a permit for final disposition by cremation, burial at sea, use by medical science or removal from the State only upon receipt of a certificate of release by a duly appointed medical examiner as specified in Title 32, section 1405. [PL 2009, c. 601, §27 (AMD).]

The State Registrar of Vital Statistics or a municipal clerk may issue a disposition of human remains permit to a funeral director who presents a report of death and states that the funeral director has been unable to obtain a medical certification of the cause of death. The funeral director shall name the attending physician, attending nurse practitioner, attending physician assistant or medical examiner who will certify to the cause of death and present assurances that the attending physician, attending nurse practitioner, attending physician assistant or medical examiner has agreed to do so. The funeral director shall exercise due diligence to secure the medical certification and file the death certificate as soon as possible. [PL 2009, c. 601, §27 (AMD).]

For purposes of this subsection, “domestic partner” means one of 2 unmarried adults who are domiciled together under long-term arrangements that evidence a commitment to remain responsible indefinitely for each other’s welfare. If there is no person in charge of the burying ground, an official of the municipality in which the burying ground is located shall endorse, and provide the date the body was disposed of on, each such permit, and present it to the State Registrar of Vital Statistics or the clerk of the municipality. The funeral director or authorized person shall present a copy of each permit, after endorsement, to the State Registrar of Vital Statistics or the clerk of the municipality where death

occurred and to the clerk who issued the permit. [PL 2013, c. 20, §1 (AMD).]

3-A. Authorization for burial of cremated remains in public burying ground. The State Registrar of Vital Statistics shall provide an authorization to be used for the purposes of this subsection. If cremated remains are buried in a public burying ground in the State, the person in charge of the public burying ground shall endorse and record the date the cremated remains were buried on an authorization for the remains and return the authorization to the State Registrar of Vital Statistics or the clerk of the municipality in which the public burying ground is located within 7 days after the cremated remains were buried. If there is no person in charge of the public burying ground, an official of the municipality in which the public burying ground is located shall endorse and record the date the cremated remains were buried on the authorization and present the authorization to the State Registrar of Vital Statistics or the clerk of the municipality. If an authorization is not returned to the State Registrar of Vital Statistics within 7 days after the cremated remains were buried, the funeral director or authorized person may present a copy of the authorization, if the authorization has been endorsed, to the State Registrar of Vital Statistics or the clerk of the municipality where the death occurred and to the clerk who issued the authorization.

A. If the subject has designated another person to have custody and control in a written and signed document, custody and control belong to that designated person [2017, c. 475, Pt. A, §31 (RPR).]

B. If the subject has not left a written and signed document designating a person to have custody and control, or if the person designated by the subject refuses custody and control, custody and control belong to the next of kin; and [PL 2017, c. 475 Pt. A, §31 (RPR).]

C. If the next of kin is 2 or more persons with the same relationship to the subject, the majority of the next of kin have custody and control. If the next of kin cannot, by majority vote, make a decision regarding the subject's remains, the court shall make the decision upon petition under subsection 4, paragraph D. [PL 2017, c. 475, Pt. A, §31 (RPR).]

If a person who has the right of custody and control under this subsection does not exercise the rights and responsibilities of custody and control within 4 days after the death of the subject, custody and control belong to a person from the next lower level of priority as established in paragraphs A to C. If a person who has custody and control under this subsection does not complete decision making regarding final disposition within 30 days after taking custody and control, a funeral director or practitioner of funeral service who has physical possession of the remains or dead body may bury the remains or dead body at the expense of the funeral director or practitioner.

A person who has been charged with murder, as described in Title 17-A, section 201, or manslaughter as described in Title 17-A, section 203, subsection 1, paragraph B, forfeits the right of custody and control provided under this subsection, and a funeral director or practitioner of a funeral service who is aware of the charges may not release the remains or a dead body to that person who has been charged with murder or manslaughter. If the charges against the person are dismissed or the person is acquitted of the charges before the final disposition takes place, the person regains the right of custody and control in the same position of priority established in this subsection.

The remains or a dead body is considered abandoned if no one take custody and control of the remains or dead body for a period of 15 days. A funeral director or practitioner of funeral service who has physical possession of abandoned remains or an abandoned dead body may bury or cremate the remains or dead body. The funeral director or practitioner of funeral service may embalm or refrigerate abandoned remains or an abandoned dead body without authorization. A certificate of abandonment that indicates the means of disposition must be filed in the municipality where the death occurred. [PL 2017, c. 475, Pt. A, §31 (RPR).]

3. Estranged spouse or domestic partner. Notwithstanding subsection 2, if the surviving spouse or surviving domestic partner and the subject were estranged at the time of death, the spouse or domestic partner may not have custody and control of the subject's remains. In these cases, custody and control belong to the next of kin following the spouse or domestic partner. [PL 2003, c. 672, §20 (AMD).]

4. Court determination. Notwithstanding other provisions of this section, the court of probate for the residence of the deceased may award custody and control to the person determined by the court most fit and appropriate to carry out the responsibilities of custody and control, and may make decisions regarding the subject's remains if those having custody and control cannot agree. The following provisions apply to court determinations under this subsection.

A. Before the subject's death, the subject or the subject's legal representative may file a

petition regarding custody and control of the subject's remains. [PL 1993, c. 609, §1 (NEW).]

B. A relative of the subject may file a petition. [PL 1993, c. 609, §1 (NEW).]

C. A person who claims and establishes through evidence that that person has or had a closer personal relationship to the subject than the next of kin may file a petition, if that person lived with the subject and was not in the employ of the subject or the subject's family. [PL 1993, c. 609, §1 (NEW).]

D. If the next of kin is 2 or more persons with the same relationship to the subject, and the next of kin cannot, by majority vote, make a decision regarding the subject's remains, 2 or more persons who have custody or control or a funeral director may file a petition asking the court to make a determination in the matter. The court shall consider the following in making its determination:

- (1) The reasonableness and practicality of the proposed arrangements;
- (2) The degree of the personal relationship between the subject and each of the 2 or more persons with custody and control;
- (3) The desires of the person or persons who are ready, able and willing to pay the costs of the arrangements;
- (4) The convenience and needs of other family and friends wishing to pay respect;
- (5) The expressed written desires of the subject; and
- (6) The degree to which the arrangements will allow maximum participation by all wishing to pay respect. [PL 1993, c. 609, §1 (NEW).]

5. Wishes of subject. If the subject has left written and signed instructions regarding funeral arrangements and disposal of the subject's remains, the person having custody and control shall abide by those wishes to the extent that the subject paid for those arrangements in advance or left resources for the purpose of carrying out those wishes. [PL 1993, c. 609, §1 (NEW).]

6. Effect of payment by others. Except to the degree it must be considered by the court under subsection 4, paragraph D, the fact that a person other than the subject has paid or agreed to pay for all or part of arrangements does not give that person a greater right to custody and control than that person would otherwise have. [PL 1993, c. 609, §1 (NEW).]

7. Authority of personal representative. The personal representative of the estate of the subject does not, by virtue of being the personal representative, have a greater right to custody and control than the person would otherwise have. [PL 1993, c. 609, §1 (NEW).]

8. Immunity. A party, including but not limited to a funeral director or practitioner of funeral service, who, in good faith, acts upon the instructions of the party having custody and control is not liable for having carried out those instructions, may not be held civilly or criminally liable and is not subject to disciplinary action for acting in accordance with those instructions. [PL 2015, c. 188, §1 (AMD).]

9. Application. This section does not apply to the disposition of the remains of a deceased person under chapter 709. This section does not diminish or otherwise alter the authority of a

medical examiner or other official authorized under chapter 711. This section does not alter the rights and obligations of the decedent's next of kin under Title 18-C [PL 2017, c. 402, Pt. C, §49 (AMD); PL 2019, c. 417, Pt. B, §14 (AFF.)]

10. Funeral director or practitioner of funeral service. The following provisions apply to the actions and liability of a funeral director or practitioner of funeral service, cemeteries and crematories and their employees:

A. If there is a dispute regarding custody and control, a funeral director or practitioner of funeral service may refuse to accept the remains or dead body, inter or otherwise dispose of the remains or dead body or complete funeral arrangements until the funeral director or practitioner of funeral service is provided with a court order under subsection 4 or a written agreement of the person who has custody and control. [PL 2011, c. 387, §3 (NEW).]

B. If there is a dispute regarding custody and control, pending a court determination under subsection 4 a funeral director or practitioner of funeral service who has physical possession of the remains or a dead body may embalm or refrigerate and shelter the remains or a dead body and may bill the estate of the subject for those costs, plus attorney's fees and court costs. [PL 2011, c. 387, §3 (NEW).]

C. A person who signs a statement of funeral goods and services, cremation authorization form or other authorization for disposition of the remains or a dead body is deemed to warrant the truthfulness of the facts set forth in the document, including but not limited to the existence of custody and control and the identity of the subject. [PL 2011, c. 387, §3 (NEW).]

D. A funeral director or practitioner of funeral service, cemetery or crematory may rely on a statement of funeral goods and services, cremation authorization form or other authorization signed by a person who has custody and control of the remains or a dead body and may carry out the instructions provided for in the statement of funeral goods and services or on the form or authorization unless the funeral director or practitioner of funeral service, cemetery or crematory knows of objections from another person. [PL 2011, c. 387, §3 (NEW).]

E. A funeral director or practitioner of funeral service, cemetery or crematory is not required to independently investigate custody and control of the remains or a dead body or who is next of kin. [PL 2011, c. 387, §3 (NEW).]

F. Upon cremation of the remains or dead body, the crematory shall prepare a certificate of cremation signed and dated by the person in charge of the cremation indicating the date of cremation and the identity of the cremated remains or dead body as identified by the funeral director or practitioner of funeral service of the cremation authorization form, including the deceased person's full name, date and place of death, gender and veteran status. The crematory shall provide the certificate of cremation to the funeral director or practitioner of funeral service of the person who has custody and control of the remains or dead body. [PL 2017, c. 101 §3 (NEW).]

CHAPTER 711: MEDICAL EXAMINER ACT

§ 3025. Medical examiner case.

1. Circumstances of death that must be reported. A medical examiner case may exist and must be reported as provided in section 3026 when remains are found that may be human and raise suspicion that death has occurred under any of the following circumstances: [PL 2003, c. 433, §3 (AMD); c. 689, Pt. B, §6 (REV).]

- A. Death is suspected of having been caused by any type of physical injury, including poisoning, regardless of whether the suspected manner of death is homicide, suicide or accident. This circumstance must be reported irrespective of whether the deceased had been attended by a physician, was a patient in a hospital, survived for a considerable time following the physical injury or died from terminal natural causes consequent to and following the physical injury. [PL 2003, c. 433, §1 (AMD).]
- B. Suddenly when the person is in apparent good health and has no specific natural disease sufficient to explain death. [PL 1985, c. 611, §6 (RPR).]
- C. During diagnostic or therapeutic procedures under circumstances indicating gross negligence or when clearly due to trauma or poisoning unrelated to the ordinary risks of those procedures. [PL 1985, c. 611, §6 (RPR).]
- D. Death when the person is in custody pursuant to an arrest, confined in a state correctional or detention facility, county jail, other county correctional or detention facility or local lockup or is on the way to or from a courthouse or any of these places while in the custody of a law enforcement officer or county or state corrections official. [PL 2011, c. 420, Pt. D, §2

- (AMD). PL 2011, c. 420, Pt. D, §6 (AFF).]
- E. Death while the person is a patient or resident of a facility of the Department of Health and Human Services or residential care facility maintained or licensed by the Department of Health and Human Services, unless clearly certifiable by an attending physician as due to specific natural causes. [PL 1985, c. 611, §6 (RPR). PL 1995, c. 560, Pt. K, §82 (AMD); §83 (AFF). PL 2001, c. 354, §3 (AMD). PL 2003, c. 689, Pt. B, §6 (REV).]
 - F. Death suspected of being due to a threat to the public health when the authority of the medical examiner is needed to adequately study the case for the protection of the public health. [PL 1985, c. 611, §6 (RPR).]
 - G. Death suspected of not having been certified, including, but not limited to, bodies brought into the State and any buried remains uncovered other than by legal exhumation. [PL 1985, c. 611, §6 (RPR).]
 - H. Deaths suspected of being medical examiner cases which may have been improperly certified or inadequately examined, including, but not limited to, bodies brought into the State under those circumstances. [PL 1991, c. 339, §3 (AMD).]
 - I. Sudden infant death syndrome deaths and all other deaths of children under the age of 18 unless clearly certifiable by an attending physician as due to specific natural causes unrelated to abuse or neglect. [PL 1985, c. 611, §6 (RPR).]
 - J. Whenever human or possibly human remains are discovered not properly interred or disposed of, for which the responsibility to do so cannot be readily determined. [PL 1985, c. 611, §6 (RPR).]
 - K. Any cause when there is no attending physician capable of certifying the death as due to natural causes. When a person dies who is under the care of a religious practitioner who uses prayer and spiritual means of healing, the fact that the deceased has been under such religious care does not warrant suspicion of foul play or investigation beyond that warranted by the other facts of the case. [PL 1985, c. 611, §6 (RPR).]

In the absence of any of the circumstances outline in this subsection, the fact that a patient dies within 24 hours of admission to a hospital or other health care facility need not be reported to the Office of Chief Medical Examiner.

In any case in which the necessity of a report is questionable, a report must be made. [PL 2019, c. 87, §1 (AMD).]

1-A. Medical examiner case determination. Notwithstanding that a case must be reported under subsection 1, the acceptance of any reported death as a medical examiner case is to be determined by the Chief Medical Examiner unless acceptance is specifically ordered by the Attorney General or district attorney having jurisdiction. [PL 2003, c. 433, §4 (NEW).]

The following deaths that must be reported need not be accepted by the Chief Medical Examiner as a medical examiner case: [PL 2003, c. 433, §4 (NEW).]

- A. Deaths due to the consequences of long-term exposure to environmental or occupational toxins or long-term exposure to carcinogens. [PL 2019, c. 87, §2 (AMD).]
- B. Deaths in the elderly who have sustained limb or axial fractures, excluding the head, for which they are or have been hospitalized. [PL 2003, c. 433, §4 (NEW).]

- C. Sudden natural deaths in the elderly who have not had previous specific symptoms or who were not under treatment by a physician for the specific natural cause that is considered to be the cause of death. [PL 2003, c. 433, §4 (NEW).]

These reportable deaths may be referred back to the attending physician by the Chief Medical Examiner for certification of the death, even though the attending physician has not treated the patient for the specific natural disease that the attending physician will enter as the physician's diagnosis. [PL 2003, c. 433, §4 (NEW).]

2. Attendance by physician. [PL 2003, c. 433, §5 (RPR).]

3. Transplant operations. No operation for the transplant of an organ or a portion of any organ may take place, when the donor's death occurs under circumstances indicating a medical examiner case, without approval of the medical examiner. Any doctor performing a transplant operation when the donor has died under these circumstances shall note the condition of the vital organs in the region of surgery and shall include this notation in a written report of the operation and manner in which death was pronounced, with the report to be given to the medical examiner upon his request. The medical examiner may choose to be present during the removal of the donated organ. [PL 1985, c. 611, §6 (RPR).]

4. Questionable cases and cases that may constitute exceptions. [PL 2003, c. 433, §6 (RPR).]

5. Delayed reports. When a death has occurred that falls under this law as a medical examiner case and the body has already been released for final disposition, the case may be accepted and the body ordered held for examination by a medical examiner, but no exhumation may take place when the body has been finally interred, except pursuant to section 3029. § 3028-A. Disposal of unidentified remains

Whenever unidentified human remains are recovered, the Chief Medical Examiner may store the remains, release them to an educational institution, inter them in an appropriate resting place or have them cremated. Ashes of remains cremated may be disposed of in any appropriate manner. Human remains uncovered in a cared-for cemetery or known to be Indian remains are excluded from the operation of this section. [PL 2017, c. 335, §1 (AMD).]

The Chief Medical Examiner may assume responsibility for the disposal of identified human remains of a deceased resident of this State that are the subject of a medical examiner case if no one takes custody and control of the human remains for a period of 30 days after the Chief Medical Examiner has both completed an autopsy or necessary examination of the human remains and made reasonable inquiry under section 3028-D, subsection 1. Such abandoned remains may be interred or cremated. The Chief Medical Examiner shall file or

cause to be filed a certificate of abandonment in the municipality where the human remains were recovered that indicates the means of disposal. [PL 2017, c. 335, §1 (NEW).]

In the absence of a responsible party, payment of expenses incurred by the Chief Medical Examiner pursuant to this section must be made pursuant to section 3028-D, subsection 2 as if the remains were unidentified. The Chief Medical Examiner may seek to recover costs from the estate or municipality of residence of the deceased. [PL 2017, c. 335, §1 (NEW).]

SUBTITLE 3: INCOME SUPPLEMENTATION

PART 5: MUNICIPAL SUPPORT OF THE POOR

CHAPTER 1161: MUNICIPAL GENERAL ASSISTANCE

§4313. Reimbursement to individuals relieving eligible persons; prior approval; emergencies

Municipalities, as provided in section 4307, shall pay expenses necessarily incurred for providing basic necessities to eligible persons anywhere in the State by any person not liable for their support provided that the municipality of responsibility shall be notified and approve those expenses and services prior to their being made or delivered, except as provided in this section. [PL

1983, c. 577, §1 (NEW).]

1. Emergency care. In the event of an admission of an eligible person to the hospital, the hospital shall notify the overseer of the liable municipality within 5 business days of the person's admission. In no event may hospital services to a person who meets the financial eligibility guidelines adopted pursuant to section 1716 be billed to the patient or to a municipality. [PL 1995, c. 696, Pt. A, §40 (AMD).]

2. Burial or cremation. In the event of the death of an eligible person, the funeral director shall notify the overseer prior to burial or cremation or by the end of 3 business day following the funeral director's receipt of the body, whichever is earlier. Notwithstanding section 4305, subsection 3, paragraph C, a decision on any application for assistance with burial expenses need not be rendered until the overseer has verified that a relative or other resource is not available to pay for the direct burial or cremation costs, but the decision must be rendered within 8 days after receiving an application. The father, mother, grandfather, grandmother, children or grandchildren by consanguinity, or the spouse or registered domestic partner are responsible for the burial or cremation costs of the eligible person in proportion to their respective abilities. When no legally liable relative possesses a financial capacity to pay either in lump sum or on an installment basis for the direct costs of a burial or cremation, the contribution of a municipality under this subsection is limited to a reasonable calculation of the funeral director's costs, less any and all contributions from any other source. CHAPTER 151: HEALTH, WELFARE AND IMPROVEMENTS

§3107. Abandoned cemeteries

1. Abandoned cemetery. For purposes of this section, “abandoned cemetery” means a cemetery in which no burial has been made in the previous 40 years and the lots or grave sites of which have not been maintained within the previous 10 years, except for maintenance rendered by the municipality in which the cemetery is located. [PL 2005, c. 225, §1 (NEW).]

2. Acquisition by municipality. A municipality may acquire an abandoned cemetery, including ownership of any unoccupied lots or grave sites in the cemetery. The municipality shall use due diligence in identifying any owners of the abandoned cemetery or any of the cemetery’s unoccupied lots or grave sites and provide notice to the owners of the municipality’s intention to acquire the abandoned cemetery. 4. Reassertion by owner. If an owner who receives notice under subsection 2 objects to the municipality’s acquisition of the abandoned cemetery or an unoccupied lot or grave site in the cemetery, the owner must in writing object and reassert the owner’s right of ownership over the abandoned cemetery or unoccupied lot or grave site within 14 days of the date of the notice. An owner who reasserts ownership rights under this subsection shall promptly conform to all municipal ordinances concerning the abandoned cemetery or unoccupied lot or gravesite. [PL 2005, c. 225, §1 (NEW).]

5. Reversion to municipality. Title to an abandoned cemetery and any unoccupied lots or grave sites described in the notice required under subsection 2 reverts to the municipality if an objection by an owner of the abandoned cemetery or unoccupied lot or grave site within the cemetery is not received by the 15th day after notice is sent to an identified owner or the last notice is published in a newspaper of general circulation as required under subsection 2. After title has reverted pursuant to this subsection, the municipality shall record a confirmation of the acquisition of the abandoned cemetery, including a basic description of the cemetery referencing the municipality’s tax maps, in the registry of deeds in the county in which the cemetery is located. [PL 2005, c. 225, §1 (NEW).]

6. Maintenance of title and characteristics. Once title to an abandoned cemetery has been recorded by a municipality, that municipality shall maintain the title in perpetuity and may never transfer title to the cemetery. The municipality shall also maintain the characteristics of the cemetery with no change in use of the cemetery land. [PL 2005, c. 225, §1 (NEW).]

7. Survey and preservation plan. Prior to acquiring an abandoned cemetery under this section, a municipality may cause a survey to be done of the cemetery for which it is acquiring title in order to ascertain the true extent of the cemetery. The municipality may develop a preservation plan with guidance from a local cemetery corporation or association and local or state archaeologists. [PL 2005, c. 225, §1 (NEW).]

§1401. Prearranged funerals or burial plans

1. Plan requirements. Except as provided in subsection 1-A, any prearranged funeral or burial plan contracted or undertaken within this State must comply with the following.

- A. All money paid during a person’s lifetime to any individual, firm, association, partnership or corporation, by that person or by someone on behalf of that person, under an agreement that services will be performed or personal property will be delivered in connection with the

disposition of that person's body after death must be deposited by the payee within 10 days after receipt of the money in a separate account in a financial institution or credit union authorized to do business in this State, as defined in Title 9-B, section 131, subsections 12-A and 17-A, in the name of the payee as mortuary trustee for the person for whose benefit the payment was made and must be held in that account together with interest if any. If money is paid by check, share draft or money order, the payee shall instruct the payor to make the instrument payable to the financial institution or credit union into which it is to be deposited and to include on the instrument the name of the mortuary trustee and the person for whose benefit the payment was made. Except for fees allowed by this section, all investments made with trust assets remain trust assets. [PL 2005, c. 65, Pt. C, §16 (AMD).]

- C. Within 30 days after the deposit of funds by the payee, the financial institution or credit union shall provide a written confirmation of the deposit, including the amount deposited, to the payor or the payor's legal representative. Nothing in this section may be construed to prevent the direct transfer of these funds to another financial institution or credit union by payee transfer, by financial institution or credit union merger or consolidation or by operation of law, provided that within 30 days after the direct transfer of the funds, the recipient financial institution or credit union shall provide a written confirmation of the deposit, including the amount deposited, to the payor or the payor's legal representative. [PL 1999, c. 590, §1 (AMD).]

The payee shall maintain a complete record of the deposit of all funds, including principal and interest. The record must be available for inspection by the payor, the payor's legal representative, the commissioner's designee or an inspector for the board and must contain the name and address of the financial institution or credit union currently in possession of the funds and the dates and amounts of deposits. - E. The funds may be directed by the payee to another financial institution or credit union or directed back to the payor or the payor's legal representative, if otherwise lawful and permitted by contract, on written instructions of the payor or the payor's legal representative. The funds may only be withdrawn by the payee on presentation of a certified copy of the death certificate of the person for whose benefit the funds were paid, in which event they must be used in accordance with the agreement. The agreement must clearly state terms providing for disposition of excess funds after funeral goods and services have been provided. The agreement must clearly state any fees that may be charged against the trust account. Fees must be reasonable, as defined by the board, and may be charged only:

- (1) Upon transfer of a trust account by the appointment of a successor trustee;

- (3) For the actual financial and tax administration of the trust account. [PL 2003, c. 109, §3 (NEW).]

[PL 1999, c. 590, §2 (AMD).]

4. Applicability. This section does not apply to the sale of cemetery lots, crypts, niches, cemetery burial privileges, cemetery space or perpetual care. [PL 1999, c. 258, §2 (NEW); PL 1999, c. 258, §3 (AFF).]

§ 1403. Employment of funeral directors, embalmers or practitioners of funeral services by cemeteries prohibited

No funeral home, funeral establishment or person holding a license under this chapter may be employed as a funeral home, funeral establishment, or as an embalmer or funeral director or practitioner of funeral services by a cemetery, cemetery association or cemetery corporation, nor shall such person be so employed by a funeral home, funeral establishment or mortuary

establishment which owns or controls or is owned or controlled by a cemetery, cemetery association or cemetery corporation. Control shall not be considered to exist because the owners, officers or employees of a funeral home, funeral establishment or mortuary establishment serve without pay or for a fee not exceeding \$500 per year per person as officers or as the minority of the directors or trustees of a cemetery association or cemetery corporation in which they have no financial investment. This section does not prevent employment of persons licensed under this chapter by cemeteries, cemetery associations or cemetery corporations in other capacities than that of funeral director or embalmer or practitioner of funeral services. This section does not apply to disinterments or transfers of disinterred bodies. [PL 1989, c. 450, §14 (AMD).]

The department shall adopt rules to implement this section. Rules adopted pursuant to this section are routine technical rules as defined by Title 5, chapter 375, subchapter 2-A. [PL 2007, c. 225, §1 (AMD).]

The body of a deceased person may not be cremated within 48 hours after death unless the person died of a contagious or infectious disease, and in no event may the body of a deceased person be cremated, buried at sea, used by medical science or removed from the State until the person, firm or corporation in charge of the disposition has received a certificate from a duly appointed medical examiner or medicolegal death investigator appointed pursuant to Title 22, section 3023-A that the medical examiner or medicolegal death investigator has made personal inquiry into the cause and manner of death and is satisfied that further examination or judicial inquiry concerning the cause and manner of death is not necessary. This certificate, a certified copy of the death certificate and a burial transit permit when presented by the authorized person as defined in Title 22, section 2846 is sufficient authority for cremation, burial at sea, use by medical science or removal from the State, and the person, firm or corporation in charge of the disposition may not refuse to cremate or otherwise dispose of the body solely because these documents are presented by such an authorized person. The certificate must be retained by the person, firm or corporation in charge of the cremation or disposition for a period of 15 years. For the certificate, the medical examiner must receive a fee of \$25 payable by the person requesting the certificate. This fee may be waived at the discretion of the Chief Medical Examiner. [PL 2019, c. 87, §3 (AMD).]

Human remains may not be removed, transported or shipped to a crematory unless encased in a casket or other suitable container. Following cremation, the crematory shall label the container containing the cremated remains with the name of the person who was cremated. [PL 2017, c. 101, §4 (AMD).]

The board shall issue all notices and licenses and may cause inspections to be made of all establishments or places of business of any person engaged in the profession of funeral service in the State, which may include the investigation of complaints or suspected violation of this chapter and the rules adopted by the board. The inspection may also be for the purpose of determining that these establishments and places are maintained in a clean and sanitary manner and that suitable equipment for their proper conduct is maintained and that the laws and the rules of the board relating to the conduct of these establishments are observed. The inspection may include a review of the financial records to determine compliance with the laws and rules of the board governing prearranged funeral services or plans. The inspection may be made by members of the board upon authorization by the board or by professional technical staff. [PL 2007, c. 402, Pt. J, §2 (AMD).]

The board may enter into reciprocal agreements with corresponding boards of other states for the purpose of allowing the practitioners of funeral services to perform their licensed functions in this or other states under such terms and conditions as the boards may prescribe. 1. Property of institutions and organizations. The property of institutions and organizations is exempt from taxation as provided in this subsection.

A. The real estate and personal property owned and occupied or used solely for their own purposes by benevolent and charitable institutions incorporated by this State are exempt from taxation. Such an institution may not be deprived of the right of exemption by reason of the source from which its funds are derived or by reason of limitation in the classes of persons for whose benefit the funds are applied.

For the purposes of this paragraph, "nonprofit" refers to an institution that has been determined by the United States Internal Revenue Service to be exempt from taxation under Section 501(c)(3) of the Code. [PL 2007, c. 627, §20 (AMD).]

B. The real estate and personal property owned and occupied or used solely for their own purposes by literary and scientific institutions are exempt from taxation. If any building or part of a building is used primarily for employee housing, that building, or that part of the building used for employee housing, is not exempt from taxation. [PL 2007, c. 627, §20 (AMD).]

C. Further conditions to the right of exemption under paragraphs A and B are that:

- (1) Any corporation claiming exemption under paragraph A must be organized and conducted exclusively for benevolent and charitable purposes;
- (2) A director, trustee, officer or employee of an organization claiming exemption may not receive directly or indirectly any pecuniary profit from the operation of that organization, except as reasonable compensation for services in effecting its purposes or as a proper beneficiary of its strictly benevolent or charitable purposes;
- (3) All profits derived from the operation of an organization claiming exemption and the proceeds from the sale of its property must be devoted exclusively to the purposes for which it is organized;
- (4) The institution, organization or corporation claiming exemption under this section must file with the assessors upon their request a report for its preceding fiscal year in such detail as the assessors may reasonably require;
- (5) An exemption may not be allowed under this section in favor of an agricultural fair association holding pari-mutuel racing meets unless it has qualified the next preceding year as a recipient of a stipend from the Stipend Fund provided in Title 7, section 86;
- (6) An exemption allowed under paragraph A or B for real or personal property owned and occupied or used to provide federally subsidized residential rental housing is limited as follows:

- (a) For the purposes of this subparagraph, the following terms have the following meanings.
 - (i) "Federally subsidized residential rental housing" means residential rental housing that is subsidized through project-based rental assistance, operating assistance or interest rate subsidies paid or provided by or on behalf of an agency or department of the Federal Government.
 - (ii) "Nonprofit housing corporation" means a nonprofit corporation organized in the State that is exempt from tax under Section 501(c)(3) of the Code and has among its corporate purposes the provision of services to people of low income or the construction, rehabilitation, ownership or operation of housing.

- (b) Eligibility of the following property for exemption is not affected by the provisions of this subparagraph:
 - (i) Property used as a nonprofit nursing home, residential care facility licensed by the Department of Health and Human Services pursuant to Title 22, chapter 1663 or a community living arrangement as defined in Title 30-A, section 4357-A or any property owned by a nonprofit organization licensed or funded by the Department of Health and Human Services to provide services to or for the benefit of persons with mental illness or intellectual disabilities;

(7) In addition to the requirements of subparagraphs (1) to (4), an exemption is not allowed under paragraph A or B for real or personal property owned and occupied or used to provide residential rental housing that is transferred or placed in service on or after September 1, 1993, unless the property is owned by a nonprofit housing corporation and the operation of the residential rental housing is not an unrelated trade or business to the nonprofit housing corporation.

For the purposes of this subparagraph, the following terms have the following meanings.

(a) "Nonprofit housing corporation" means a nonprofit corporation organized in the State that is exempt from tax under Section 501(c)(3) of the Code and has among its corporate purposes the provision of services to people of low income or the construction, rehabilitation, ownership or operation of housing.

TITLE 22 HEALTH AND WELFARE

SUBTITLE 2: HEALTH PART 6: BIRTHS, MARRIAGES AND DEATHS CHAPTER 707: DEATH AND BURIALS

§2842. Registration of deaths

3. Medical certificate by medical examiner of the Office of the Chief Medical Examiner. When a death occurs under circumstances that make it a medical examiner as defined in section 3025, or when inquiry as to the cause of death is required by law, the medical examiner or the Office of Chief Medical Examiner shall complete the medical certification of the cause of death as specified by department rule and sign the death certificate. A certification need not be completed before the remains are ready for release. The medical examiner of the Office of Chief Medical Examiner is responsible for the identity of the deceased and the time, date, place, cause, manner and circumstances of death on the death certificate. Entries may be left “pending” if further study is needed; or, at the specific direction of the Attorney General relative to cases under investigation by the Attorney General’s office, entries must be left “withheld” until such time as the Attorney General, in the Attorney General’s sole discretion, determines that any criminal investigation and prosecution will not be hard by public disclosure of such information. Notwithstanding section 2706, subsection 4, unless directed otherwise by the Attorney General as specified in this subsection, this information for which the medical examiner is responsible may be made available to the general public by the Office of Chief Medical Examiner. [PL 2017, c. 475, Pt. A, §30 (AMD).]

4. Correction of errors on death statistic records filed under chapter 711. Certificates of death in medical examiner cases, as defined in section 3025, may be completed or amended at any time by means described in rule by the department to the Office of Chief Medical Examiner. Either the Chief Medical Examiner or the medical examiner assigned to the case may sign the forms or submit an electronic amendment or file a certificate using the electronic death

registration system in accordance with section 2847. A person authorized by the Chief Medical Examiner may amend a certificate of death with respect to the time, date, place and circumstances of death. The medical examiner assigned shall submit the form or electronic amendment to the Office of Chief Medical Examiner for filing with the State Registrar of Vital Statistics. These forms or electronic amendments may be filed at any time after death and need not include a summary description of the evidence in support of the completion or amendment. [PL 2017, c. 475, Pt. A, §20 (AMD).]

A health care provider may amend a certificate of death with respect to the time, date, place and circumstances of death. Forms or electronic amendments may be filed at any time after death. [PL 2019, c. 340 §16 (NEW).]

§ 2843. Permits for final disposition of dead human bodies

3-A. Authorization for burial of cremated remains in public burying ground. The State Registrar of Vital Statistics shall provide an authorization to be used for the purposes of this subsection. If cremated remains are buried in a public burying ground in the State, the person in charge of the public burying ground shall endorse and record the date the cremated remains were buried on an authorization for the remains and return the authorization to the State Registrar of Vital Statistics or the clerk of the municipality in which the public burying ground is located within 7 days after the cremated remains were buried. If there is no person in charge of the public burying ground, an official of the municipality in which the public burying ground is located shall endorse and record the date the cremated remains were buried on the authorization and present the authorization to the State Registrar of Vital Statistics or the clerk of the municipality. If an authorization is not returned to the State Registrar of Vital Statistics within 7 days after the cremated remains were buried, the funeral director or authorized person may present a copy of the authorization, if the authorization has been endorsed, to the State Registrar of Vital Statistics or the clerk of the municipality where the death occurred and to the clerk who issued the authorization.

For purposes of this subsection, unless the context otherwise indicates, the following terms have the following meanings.

A. “Authorization” means the form or electronic process prescribed and furnished by the State Registrar of Vital Statistics for the purpose of recording the consent of an authorized person for the burial or removal of cremated remains in a public burying ground as specified by department rule. [PL 2019, c. 257, §1 (NEW).]

B. “Burial” means all manner of dispersal or deposit in or on the ground or in a structure. [PL 2019, c. 257 §1 (NEW).]

C. “Public burying ground” has the same meaning as in Title 13, section 1101-A, subsection 4. [PL 2019, c. 257 §1 (NEW).]

Laws Amended between the years of 2017 and 2020 (these are included in the index laws).

4. Records. Each municipality shall maintain a record of any endorsed permit received pursuant to subsection 3 or 3-A. These records must be open to public inspection. [PL 2017, c. 101, §2 (AMD).]

§ 2843-A. Custody of remains of deceased persons

2. Custody and control generally. The custody and control of the remains of deceased resident of this State, dead bodies or dead human bodies are governed by the following provisions in the following order of priority:

A. If the subject has designated another person to have custody and control in a written and signed document, custody and control belong to that designated person [2017, c. 475, Pt. A, §31 (RPR).]

B. If the subject has not left a written and signed document designating a person to have custody and control, or if the person designated by the subject refuses custody and control, custody and control belong to the next of kin; and [PL 2017, c. 475 Pt. A, §31 (RPR).]

C. If the next of kin is 2 or more persons with the same relationship to the subject, the majority of the next of kin have custody and control. If the next of kin cannot, by majority vote, make a decision regarding the subject's remains, the court shall make the decision upon petition under subsection 4, paragraph D. [PL 2017, c. 475, Pt. A, §31 (RPR).]

If a person who has the right of custody and control under this subsection does not exercise the rights and responsibilities of custody and control within 4 days after the death of the subject, custody and control belong to a person from the next lower level of priority as established in paragraphs A to C.

If a person who has custody and control under this subsection does not complete decision making regarding final disposition within 30 days after taking custody and control, a funeral director or practitioner of funeral service who has physical possession of the remains or dead body may bury the remains or dead body at the expense of the funeral director or practitioner.

A person who has been charged with murder, as described in Title 17-A, section 201, or manslaughter as described in Title 17-A, section 203, subsection 1, paragraph B, forfeits the right of custody and control provided under this subsection, and a funeral director or practitioner of a funeral service who is aware of the charges may not release the remains or a dead body to that person who has been charged with murder or manslaughter. If the charges against the person are dismissed or the person is acquitted of the charges before the final disposition takes place, the person regains the right of custody and control in the same position of priority established in this subsection.

The remains or a dead body is considered abandoned if no one take custody and control of the remains or dead body for a period of 15 days. A funeral director or practitioner of funeral service who has physical possession of abandoned remains or an abandoned dead body may bury or cremate the remains or dead body. The funeral director or practitioner of funeral service may embalm or refrigerate abandoned remains or an abandoned dead body without authorization. A certificate of abandonment that indicates the means of disposition must be filed in the municipality where the death occurred. [PL 2017, c. 475, Pt. A, §31 (RPR).]

Laws Amended between the years of 2017 and 2020 (these are included in the index laws).

9. Application. This section does not apply to the disposition of the remains of a deceased person under chapter 709. This section does not diminish or otherwise alter the authority of a medical examiner or other official authorized under chapter 711. This section does not alter the rights and obligations of the decedent's next of kin under Title 18-C [PL 2017, c. 402, Pt. C, §49 (AMD); PL 2019, c. 417, Pt. B, §14 (AFF).]

10. Funeral director or practitioner of funeral service. The following provisions apply to the actions and liability of a funeral director or practitioner of funeral service, cemeteries and crematories and their employees:

...

F. Upon cremation of the remains or dead body, the crematory shall prepare a certificate of cremation signed and dated by the person in charge of the cremation indicating the date of cremation and the identity of the cremated remains or dead body as identified by the funeral director or practitioner of funeral service of the cremation authorization form, including the deceased person's full name, date and place of death, gender and veteran status. The crematory shall provide the certificate of cremation to the funeral director or practitioner of funeral service of the person who has custody and control of the remains or dead body. [PL 2017, c. 101 §3 (NEW).]

CHAPTER 711: MEDICAL EXAMINER ACT

In the absence of any of the circumstances outline in this subsection, the fact that a patient dies within 24 hours of admission to a hospital or other health care facility need not be reported to the Office of Chief Medical Examiner.

In any case in which the necessity of a report is questionable, a report must be made. [PL 2019, c. 87, §1 (AMD).]

Deaths due to the consequences of long-term exposure to environmental or occupational toxins or long-term exposure to carcinogens. [PL 2019, c. 87, §2 (AMD).]

§ 3028-A. Disposal of unidentified remains

Whenever unidentified human remains are recovered, the Chief Medical Examiner may store the remains, release them to an educational institution, inter them in an appropriate resting place or have them cremated. Ashes of remains cremated may be disposed of in any appropriate manner. Human remains uncovered in a cared-for cemetery or known to be Indian remains are excluded from the operation of this section. [PL 2017, c. 335, §1 (AMD).]

Laws Amended between the years of 2017 and 2020 (these are included in the index laws).

The Chief Medical Examiner may assume responsibility for the disposal of identified human remains of a deceased resident of this State that are the subject of a medical examiner case if no one takes custody and control of the human remains for a period of 30 days after the Chief Medical Examiner has both completed an autopsy or necessary examination of the human remains and made reasonable inquiry under section 3028-D, subsection 1. Such abandoned remains may be interred or cremated. The Chief Medical Examiner shall file or cause to be filed a certificate of abandonment in the municipality where the human remains were recovered that indicates the means of disposal. [PL 2017, c. 335, §1 (NEW).]

In the absence of a responsible party, payment of expenses incurred by the Chief Medical Examiner pursuant to this section must be made pursuant to section 3028-D, subsection 2 as if the remains were unidentified. The Chief Medical Examiner may seek to recover costs from the estate or municipality of residence of the deceased. [PL 2017, c. 335, §1 (NEW).]

CHAPTER 1161: MUNICIPAL GENERAL ASSISTANCE**

§4313. Reimbursement to individuals relieving eligible persons; prior approval; emergencies

...

2. Burial or cremation. In the event of the death of an eligible person, the funeral director shall notify the overseer prior to burial or cremation or by the end of 3 business day following the funeral director's receipt of the body, whichever is earlier. Notwithstanding section 4305, subsection 3, paragraph C, a decision on any application for assistance with burial expenses need not be rendered until the overseer has verified that a relative or other resource is not available to pay for the direct burial or cremation costs, but the decision must be rendered within 8 days after receiving an application. The father, mother, grandfather, grandmother, children or grandchildren by consanguinity, or the spouse or registered domestic partner are responsible for the burial or cremation costs of the eligible person in proportion to their respective abilities. When no legally liable relative possesses a financial capacity to pay either in hump sum or on an installment basis for the direct costs of a burial or cremation, the contribution of a municipality under this subsection is limited to a reasonable calculation of the funeral director's costs, less any and all contributions from any other source. For the purpose of this subsection, "registered domestic partner" means an individual registered as a domestic partner under section 2710, subsection 3. [PL 2017, c. 62, §1 (AMD).]

**TITLE 32. PROFESSIONS AND OCCUPATIONS
CHAPTER 21. FUNERAL DIRECTORS AND EMBALMERS
SUBCHAPTER 1. GENERAL PROVISIONS**

§ 1405. Cremation

...

Laws Amended between the years of 2017 and 2020 (these are included in the index laws).

The body of a deceased person may not be cremated within 48 hours after death unless the person died of a contagious or infectious disease, and in no event may the body of a deceased person be cremated, buried at sea, used by medical science or removed from the State until the person, firm or corporation in charge of the disposition has received a certificate from a duly appointed medical examiner or medicolegal death investigator appointed pursuant to Title 22, section 3023-A that the medical examiner or medicolegal death investigator has made personal inquiry into the cause and manner of death and is satisfied that further examination or judicial inquiry concerning the cause and manner of death is not necessary. This certificate, a certified copy of the death certificate and a burial transit permit when presented by the authorized person as defined in Title 22, section 2846 is sufficient authority for cremation, burial at sea, use by medical science or removal from the State, and the person, firm or corporation in charge of the disposition may not refuse to cremate or otherwise dispose of the body solely because these documents are presented by such an authorized person. The certificate must be retained by the person, firm or corporation in charge of the cremation or disposition for a period of 15 years. For the certificate, the medical examiner must receive a fee of \$25 payable by the person requesting the certificate. This fee may be waived at the discretion of the Chief Medical Examiner. [PL 2019, c. 87, §3 (AMD).]

Human remains may not be removed, transported or shipped to a crematory unless encased in a casket or other suitable container. Following cremation, the crematory shall label the container containing the cremated remains with the name of the person who was cremated. [PL 2017, c. 101, §4 (AMD).]
