

40 Pre-Primer Sight Words

TRACING & WRITING

3 Differentiated Fine Motor Centers

Dolch Sight Word List Pre-Primer - 40 Words

3 Tracing and Fine Motor Activities, Differentiated

- **Rainbow tracing the 40 words** - for the younger learners that are just beginning to write. Large open letters, 2 cards/words per page. There is a dot and an arrow on each letter to show where to start, and the direction to trace.
- **Making the letters for each of the 40 words with a cotton swab dipped in paint or liquid watercolor.** The dots that make up the letters are small enough to be challenging for Pre-K ages that are finessing their fine motor skills. Three cards to a page - offer various colors..
- The third activity offers a full page for each of the 40 words for children that are ready to **trace individual letters on the lines.** Three ways to trace - single words with no upper and lower guide lines, single words with 2 guiding lines, and tracing the word in a meaningful short sentence or phrase, with 3 guiding lines. There is also an **interesting illustration of each sentence** to discuss and color if desired.
