Heavy Duty Concrete Cleaner & Degreaser
for
Industrial Floors & Heavy Equipment

Tough Guy 16W264/16W265

Tough Guy – Heavy Duty Concrete Cleaner & Degreaser

Industrial Floors & Heavy Equipment – 16W264/16W265

- Hard surface cleaner for concrete, metal, plastic, and nearly all other surfaces.
- Effective, long-lasting cleaning
- Contains no petroleum distillates or solvents.
- Commercial strength to get the Tough Jobs done.
- Slippery floors cause accidents and increase Workman's Compensation claims.
- Reduces odors caused by oil, grease & gasoline.
- Continued use prevents future soil buildup.
- EcoLogo Green Certified

Applications

Heavy Duty Concrete Cleaner & Degreaser – 16W264/16W265

- Industrial Flooring
- Heavy Equipment Degreasing
- Concrete Pads at Convenience Stores & Gas Stations
- Loading Docks
- Theme Park Walk-Ways, Around Vendor Service Areas, Outside Eating Areas & Hydraulic Fluid Spills
- Parking Garages & Shopping Malls
- Restaurant Drive-Thru
- Oil Refineries & Tankers
- Municipalities – DPW, Police & Fire Departments
- Airports
- Military Installations, Navy Ships, & Military Aircraft
- Food Processing Facilities
- Concrete Pads At Truck Stops
- Hotel Entrance Ways
- Auto Dealerships

Features

Heavy Duty Concrete Cleaner & Degreaser – 16W264/16W265

- Fast acting and highly effective.
- Deep cleaning attributes.
- Innovative technology.
- Easy and safer to use.
- Cost effective.
- Green Certified by EcoLogo.
- Cleans nearly all surfaces of petroleum based materials regardless of the application.
- Effective in cleaning small gasoline & diesel spills on multiple surfaces.
- Cleans oily equipment, vehicles, and tools.
- Contains no petroleum distillates or solvents.
- Cleans organic food stains around garbage collection areas and outside eating areas and entrance ways.

Benefits

Heavy Duty Concrete Cleaner & Degreaser – 16W264/16W265

- Gets the Tough job done.
- Safer for the user and environment.
- Deeper cleaning leaves the surface looking better.
- Reduces the potential for a slippery floor.
- Enhances the appearance of the concrete floors.
- Enhances perceptions for employees and patrons.
- Cost effective.
- Labor savings.

Bio-Innovation

Heavy Duty Concrete Cleaner & Degreaser – 16W264/16W265

1. Exceptional *immediate* Floor & Heavy Equipment cleaning comparable to caustic and solvent based products.
2. Contains specifically selected microbes designed to target and degrade trapped oil, grease, gas, diesel and other organics.
3. Bio-Tech cleaner contains the technology that gives added benefits beyond today's traditional floor cleaners.
4. Cleaning on concrete surfaces does not stop when you complete the cleaning process. Microbes continue to work.

Traditional Technology vs. Biotechnology

Traditional technology:

- ✓ Detergent works along with agitation to loosen & remove soils.
- ✓ Surface appears to be cleaner due to reflection left on the surface due to water.
- ✗ Non-dissolved grease & soils remain on the surface.
- ✗ As the water sits on the surface, it wicks out trapped organics and oils.
- ✗ Organics re-solidify on the surface creating a polymeric, slippery coating.

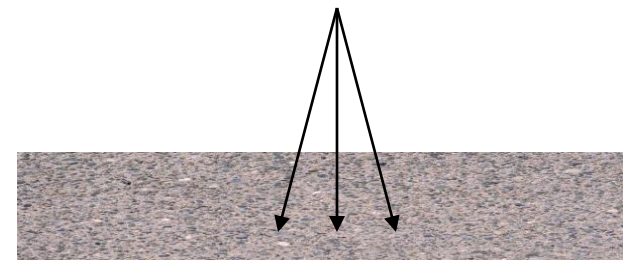

Traditional Technology vs. Biotechnology

Biotechnology:

- Designed to clean a surface immediately.
- The specially selected beneficial microorganisms are designed to go beyond the surface, providing a deeper cleaning. There is no other way to do this!
- Through continued use, surfaces remain clean, enhancing the overall appearance and reduces odor.

Technology	VOC	Flammability	Corrosive
Caustic	<1	Non-flammable	Highly corrosive
Acidic	>4	Non-flammable	Highly corrosive
Solvent	>>4	Flammable	Corrosive
D-limonene	>>4	Non-flammable	Non-corrosive
Tough Guy	<1	Non-flammable	Non-corrosive

Summary

Heavy Duty Concrete Cleaner & Degreaser – 16W264/16W265

- Deep cleans and effectively removes stains.
- Effective, long-lasting cleaning.
- No solvents and neutral pH, yet cleans like a solvent & caustic product.
- Potential labor savings.
- Enhances the appearance of a facility or curb appeal of a Hotel & Restaurant.
- Multiple application methods: mop, spray, auto-scrubber.
- Reduces odors.
- Green certification by EcoLogo.
