

Welcome to the family of Rhenus Lub. Become a distributor.

1. The right product portfolio

The quality of our products is the basis of your success. Rhenus Lub, therefore, provides a first-class selection of coolants for the metalworking industry, as well as high-quality special greases.

Thereby you assure your customer:

- Safe and modern production processes
- Workpieces with the highest quality
- Seamless production

2. Professional support

We are always close to you. You always get fast and high quality support from our specialists.

- Laboratory with the highest standards in Mönchengladbach, Germany
- Qualified technical support
- On-site service
- Extensive technical documentation

48 h

3. Flexibility and reliability

We make use of the advantages provided by our medium-sized business. And this is something you can value.

- Fastest delivery within your market area – of both flexible release orders and fixed delivery dates
- Customisable packaging units
- Minimum orders tailored to your needs

€

4. Fair prices

The added value of our products is always measurable. From the raw materials used through to the improved result in the application of your end customers. See for yourself through:

- Transparent price policy
- Comparative calculations through process cost calculator
- High user transparency through quality comparisons

5. Our values

Quality, Responsibility, Innovation. These have been our values since 1882. With our own subsidiaries and a variety of distribution partners in more than 30 countries around the world, we are always close to you. We produce and develop our products at just one location. This ensures you flexible service and constant quality.
