General Information

The department develops the Grade 12 English Language Arts Standards Test in collaboration with teachers from across the province. This provincial test is based on the *Senior 4 English Language Arts: Manitoba Curriculum Framework of Outcomes and Senior 4 Standards* (2000). This document is available on the department's website at www.edu.gov.mb.ca/k12/cur/ela/docs/s4_framework as well as at the Manitoba Learning Resource Centre.

The provincial test is locally marked and counts for 30% of each student's final grade in the course. Test results will be released to students according to local policy on the date designated by local jurisdictions.

For information regarding who is required to write provincial tests, refer to the *Policies and Procedures* manual.

Marking instructions will be provided by the department at the local marking training session immediately following test administration.

All schools should receive the test materials by Tuesday, December 17, 2019. The number of booklets sent to each school is based on the Friday, October 11, 2019, registration information provided by the school.

The department supports local marking by

- providing marking guidelines
- collecting and scanning all marker sheets from jurisdictions to provide them with test result summaries
- re-marking a random sample of locally marked test booklets to provide feedback to jurisdictions on their local marking
- providing financial support for local marking to provincially funded jurisdictions

Features of the test

The Grade 12 English Language Arts Standards Test will take place over four consecutive school days as the following section indicates.

The test will total 75 marks.

As part of the activating process, students will participate first in the group discussion. Following the group discussion, students will receive their *Responding to Text* booklets and begin their in-depth reading.

Policies for Provincial Tests

Adaptations*

Schools were asked to identify and submit requests for test adaptations **at the time of student registration**. If additional adaptations are required after the test registration deadline, schools should contact Ryan Muirhead, Assessment Consultant, at 204-945-6044 or toll-free at 1-800-282-8069, extension 6044. All adaptation requests must be approved before the student of concern writes the test.

Note: An adaptation must be requested for students who will require additional time beyond the extra 30 minutes indicated in the table above.

* Further information is available in the *Policies and Procedures* manual.

Exemptions*

Schools were asked to report or request school-based exemptions **at the time of student registration**. If additional exemptions are needed after the test registration deadline, schools should contact the department as soon as possible. Exemptions are not normally granted after test administration and are not granted based on poor performance alone.

Confidentiality of test materials*

Once test materials are in the school, the school principal is responsible for ensuring that they are kept secure until test administration and are only accessed by authorized personnel.

All shrink-wrapped test packages must **not** be opened until Day 1 of the test.

Between test sessions, test materials must be stored in a secure area of the school.

Booklets must not be reproduced nor should information about the test be communicated in any way until the test administration has been completed.

Student materials

Students may use the following materials during the test:

- pencil
- eraser
- highlighter pen
- blue or black pen
- English or bilingual dictionary
 - Students who use American Sign Language (ASL) may use a computer-based ASL dictionary program or application
- thesaurus
- grammar handbook
 - **Clarification:** Grammar handbooks deal strictly with grammatical rules (e.g., rules dealing with capitalization and punctuation). Writing handbooks, which give tips on how to write various forms, are not permitted.

* Further information is available in the *Policies and Procedures* manual.

The following materials must **not** be used during the test:

- light coloured gel pen
- computer (unless approved as an adaptation)
- loose-leaf paper
- any electronic device (e.g., cellphone) unless approved as an adaptation

Students must not exchange materials or information during the test, except during the Group Discussion when students are expected to share thoughts and ideas.

Note: Electronic communication between students through phones, email, or file sharing during the test is **strictly prohibited**. Students must turn off cellphones and all other electronic devices for the duration of the test.

Students leaving the room

On Day 1, students are expected to remain in the room for a minimum of 90 minutes from the start of the test session. For Days 2 to 4, students should remain in the test room for a minimum of 45 minutes from the start of each test session. Students may leave before that time in exceptional circumstances such as illness.

Any student who must temporarily leave the room must be accompanied by a replacement supervisor. This practice ensures that the supervising teacher can remain in the test room with the students at all times.

Late arrivals*

Late arrivals must be advised of the test rules. Before receiving their test materials, they may read your copy of the *Test-Taking Rules* (see Appendix A) .

Students who arrive late but within the first half of the normal duration of test administration are allowed to write the test. If appropriate, the supervising teacher may allow the student additional time corresponding to the amount by which the student was late.

* Further information is available in the *Policies and Procedures* manual.

Student absences and changes to registration status*

Students must write the test during the scheduled dates in order for the test to count as a provincial test.

At the supervising teacher's discretion, a makeup session can be provided to a student who missed a test session. The teacher must supervise the makeup session between January 7-10, 2020. The 2.5 hour session of Day 1 cannot be broken up into more than one sitting.

If a student does not complete the entire *Responding to Text* or the Writing Task in the *Process Booklet* because of legitimate absence on one or more days, the final mark may only be identified as a school-based mark and is not recorded as a provincial test mark.

Students who do not complete all or parts of the test because of an unexcused absence or who formally refuse to write (by their own or parental choice) will receive a mark of zero (0%) for the missed parts.

Students who do not complete all parts of the test for a reason listed in Appendix C will not have a provincial test mark.

Violation of rules

The supervising teacher reads the *Test-Taking Rules* to students in advance of the first test session (see Appendix A).

The supervising teacher documents any incidents of cheating, plagiarism, or any other violation of rules on the *Supervising Teacher Report* and on the *Irregular Test Booklet Report*. A copy of the *Irregular Test Booklet Report* can be found in the *Grade 12 English Language Arts Standards Test: Scoring Rubrics (January 2020)* and in the *Information for Local Marking* manual. The following information must be included:

- the booklet number
- a description of the circumstances, including available evidence

Should a violation of rules occur, the student is permitted to complete the test. The consequences of a violation of rules are a local decision. However, cheating and plagiarism result in a provincial test mark of zero (0%)*.

Responding to student questions

The supervising teacher must not provide any leading comments during the test. No explanations, translations, rephrasing, or clarifying statements may be provided about the test content. However, clarification regarding test-taking rules and procedures can be provided.

* Further information is available in the *Policies and Procedures* manual.

Damaged or misprinted materials

Any suspected error in wording should not be communicated to students unless specific instructions are received from the department. The supervising teacher should contact Ryan Muirhead, Assessment Consultant, at 204-945-6044 or toll-free at 1-800-282-8069, extension 6044, to report any such error.

Students will not be penalized for any error in printing or wording in the booklets. Teachers and local marking coordinators will be advised of any known errors as soon as possible. Any unused, damaged, or misprinted booklet(s) must be returned to the department with the reports and forms immediately after the final test session.

Errors discovered on test date

If a damaged or misprinted booklet is discovered **at the start** of the test session,

- the damaged or misprinted booklet is replaced with a new booklet
- “DAMAGED” is printed on the booklet cover and on the *Participation Form*

Errors discovered during test administration

If a damaged or misprinted booklet is discovered **during** the writing of the test,

- the student receives a new booklet (the student keeps the damaged or misprinted booklet until the end of the session). In the following sessions, the student may use the damaged booklet to refer to notes made prior to the error being discovered
- the student continues responding to test items in the new booklet
- the supervising teacher collects both booklets at the end of the test session and ensures that they are kept together by bundling them with an elastic band
- the existing booklet number is crossed out on the new booklet and changed to the original booklet number so that **all student responses are recorded under the original booklet number**
- the supervising teacher indicates on the *Participation Form* that two booklets have been used for one student (see Appendix D)
- the damaged or misprinted booklet number is recorded on the *Supervising Teacher Report*

If a student that is expected to participate does not have a *Demographic Data Form* (e.g., student had no MET number at the time of registration for the test or student was a late registration to the course), complete the form *Students without a Demographic Data Form*.

Appendix C: Reason Codes

The following codes are to be used on a student’s *Demographic Data Form* or on the form *Students without a Demographic Data Form* only if the test will **not count** as a provincial test.*

Reason	Reason Code
<p>Excused Absence (e.g., student illness, severe weather [cancellation/school closure], family emergency, or accident)</p> <p>Note: This reason is not intended for students attending sanctioned out-of-school events (alternate writing sites).</p>	200
<p>Test Deferred No course credit granted at this time (i.e., continuing course/program next year/semester).</p>	040
<p>Registered in Error The student should not have been registered to write (e.g., registered for semester 1 in error, should have been registered for semester 2).</p>	210
<p>Withdrawn from Course—No Course Credit Granted (e.g., student left the school, was expelled, or other unforeseen circumstance)</p>	220
<p>Program Schedule—Not Compatible with the Testing Schedule The student was registered for the test but completed the course well before (e.g., mid-semester) the test administration period.</p> <p>Note: This reason is primarily used for continuous intake or alternative programming situations.</p>	230

In the case of an **unexcused** absence or refusal to write, no reason codes apply—a booklet number is assigned to the student and the test counts as a provincial test. Any work the student has done is marked and zero (0%) is given for the missed parts of the test.

* Further information is available in the *Policies and Procedures* manual.
