<b>Drivetrain:</b>	Rear Wheel Drive

Check out this gorgeous glossy red 67 Mustang Convertible! It was fully restored in 2011 with a ton of upgrades and performance parts added. It has a 302 engine with a E303 roller cam and FT-40 heads, long tube headers, and a 600 CFM carburetor. A Hurst shifter on top of a Tremec 5 speed and performance clutch send power to the 8" rear end packed with positraction and 3:73 gears. The interior was replaced top to bottom with matching Autometer white face gauges and a custom sound system added during restoration. The new top has a custom boot for a finished look when its down. The magnum 15" wheels and white letter tires give it the perfect aggressive look paired with a lowered suspension. The car looks even more intimidating coming at you with a front chin spoiler. This is a daily driver show car combo that doesn't need anything aside from a new owner. Financing is available and trades are welcome!
