BANKRUPTCY, AND IN NEED OF

Call ACCC for a FREE detailed budget analysis to determine possible solutions for your situation. If bankruptcy is determined to be the best option, ACCC can provide you with the required pre-filing bankruptcy certificate.

Contact an attorney for a 30-minute consult to discuss the bankruptcy process.

When directed by your attorney, you will need to complete a post-filing debtor education course which ACCC can provide.

A discharge date is determined, and the bankruptcy process is complete.

American Consumer Credit Counseling is approved by the Executive Office of the United States Trustees (EOUST) to provide the required counseling.
