**Sold per boardfoot. These prices are subject to change at any time.**

**BDFT=[WIDTH (inches) X LENGTH (inches) X THICKNESS] / 144**  
 example: 8/4 board measures 8"wide 96"long (2x8x96/144=10.67 bdft)

Our rule of thumb when selling our hardwoods is that we will cross-cut a board and sell only what the customer needs, provided we can return an 8' length back to stock for domestic and 6' for exotic. All hardwoods can be dressed down to your project specifications in our woodshop for an additional fee (1-2 day lead time).

## LIVE EDGE BOULE SLAB

Each of our Live edge boule slabs are unique in shape, character and size. The slabs are sold by the linear foot and has a different price per board. We can cross-cut a live edge slab and sell only what the customer needs, provided we can return 3' length back to stock.

### Species presently available:
