

Logging In to UCF Email

There are several areas you can log in to your UCF Email.

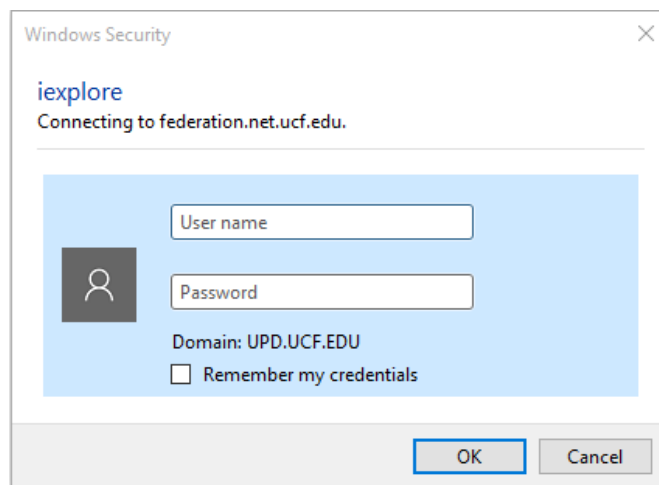

UCF Active Directory Federated Service (ADFS)

The screenshot shows the UCF Federated Identity login page. At the top, there is a navigation bar with the UCF logo, the text "UNIVERSITY OF CENTRAL FLORIDA", a "UCF SIGN IN" button, and a search bar. The main content area is titled "UCF Federated Identity". On the left, there is a login form with two input fields: "NID" and "Password", and a "Sign on" button. Below the form is a small disclaimer: "By signing on, you agree to the terms of the UCF Information Technologies and Resources Policy." On the right, there is a box indicating "You are logging into: urn:federation:MicrosoftOnline". Below this, there are three links: "What is my NID?", "NID Password Reset", and "Trouble Signing On?". At the bottom center, there is the UCF logo with the tagline "Stands For Opportunity".

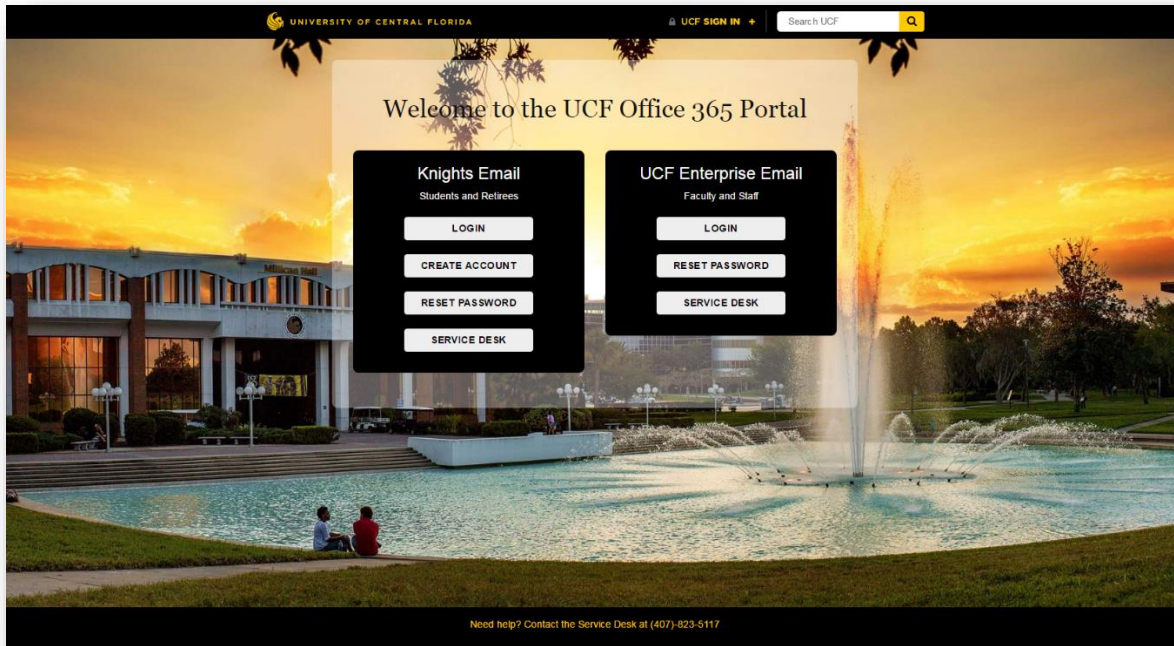

NOTE: You may encounter a sign in prompt similar to this in Internet Explorer. Enter in your NID@ucf.edu and password.

The screenshot shows a Windows Security dialog box titled "Windows Security". The text inside reads "iexplore Connecting to federation.net.ucf.edu.". Below this, there is a light blue box containing a "User name" input field, a "Password" input field, and the text "Domain: UPD.UCF.EDU". There is also a checkbox labeled "Remember my credentials" which is currently unchecked. At the bottom right of the dialog, there are "OK" and "Cancel" buttons.
