

# Certificate of Exemption—Personal/Religious

For School, Child Care, and Preschool Immunization Requirements

Child's Last Name: \_\_\_\_\_ First Name: \_\_\_\_\_ Middle Initial: \_\_\_\_\_ Birthdate (mm/dd/yyyy): \_\_\_\_\_

**NOTICE:** A parent or guardian may exempt their child from the vaccinations listed below by submitting this completed form to the child's school and/or child care. A person who has been exempted from a vaccination is considered at risk for the disease or diseases for which the vaccination offers protection. An exempted child/student may be excluded from school or child care settings and activities during an outbreak of the disease that they have not been fully vaccinated against. Vaccine preventable diseases still exist, and can spread quickly in school and child care settings. Immunizations are one of the best ways to protect people from getting and spreading diseases that may result in serious illness, disability, or death.

I have been told if an outbreak of vaccine-preventable disease occurs for which my child is exempted, my child may be excluded from their school or child care for the duration of the outbreak. **NOTICE:** This form may be used to exempt a child from the requirement of vaccination when a health care practitioner has determined specific vaccination is not advisable for the child for medical reasons. This form must be completed by a health care practitioner and signed by the parent/guardian. An exempted child/student may be excluded from school or child care during an outbreak of the disease they have not been fully vaccinated against. Vaccine preventable diseases still exist, and can spread quickly in school and child care settings.

## Medical Exemption

A health care practitioner may grant a medical exemption to a vaccine required by rule of the Washington State Board of Health only if in his or her judgment, the vaccine is not advisable for the child. When it is determined that this particular vaccine is no longer contraindicated, the child will be required to have the vaccine (RCW 28A.210.090). Providers can find guidance on medical exemptions by reviewing Advisory Committee on Immunization Practices (ACIP) recommendations via the Centers for Disease Control and Prevention publication, "Guide to Vaccine Contraindications and Precautions," or the manufacturer's package insert. The ACIP guide can be found at:
