

Sparrows Point High School
BCPS/CCBC Dual Credit Contract

I _____(name)

am choosing to take the CCBC course _____ in place of the BCPS course _____.

I understand that there are specific courses required for graduation from BCPS, and that I am able to earn selected credits as Dual Credits from CCBC. This agreement ensures that all parties involved know that courses required for high school graduation must be completed either at BCPS or at CCBC.

I understand the school counselor will drop my BCPS course from my schedule only upon producing a copy of my payment receipt from CCBC, which includes the name of the CCBC course.

I understand that on days when I do not have my college class (M,W,F or T,Th) that I am not allowed to be in the building because I do not have a scheduled SPHS class. BCPS operates on an A-Day/B-Day schedule, not a M,W,F / T, Th schedule.

If I plan on taking a Dual Credit course second semester at CCBC that is a BCPS graduation requirement course the counselors will drop the BCPS course. In the event that I do not take the intended course at CCBC in the Spring semester, I am responsible for earning the credit through one of three ways:

- double up my senior year to take the BCPS course
- take the course at Extended Day Learning Program (Night School /Saturday School)
- take the course at CCBC for Dual credit at a different time before I graduate from high school
 - I understand that BCPS will not allow me to take a graduation required course during the Winter or Spring semester of my senior year
 - I understand I must submit this before August 1st for the counselors to change my schedule.
