About Our Towels

Our towels are hand crafted with a vintage, classic flour sack towel feel. Every towel is unique after laundering and processing giving them their signature Berg Bag finish that is true to the time. Because of the individual manual process to achieve our classic finish, on occasion, towels may have slight imperfections like gentle wrinkles, slight variations in size, and occasional dark fibers in the weave. Our flour sack towels have old fashioned roots, but still lend an elegant touch to even the most modern settings today.

*Sold in quantities of 250. All sizes are approximate. All pricing subject to change without notice.
