

Michigan Complete Health (Medicare-Medicaid Plan) 2019 *List of Covered Drugs* (Formulary)

Introduction

This document is called the *List of Covered Drugs* (also known as the Drug List). It tells you which prescription drugs and over-the-counter drugs and items are covered by Michigan Complete Health. The Drug List also tells you if there are any special rules or restrictions on any drugs covered by Michigan Complete Health. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

If you have questions, please call Michigan Complete Health Member Services at 1-844-239-7387 (TTY: 711), 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.michigancompletehealth.com.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “Drug List” for short.)

The drugs on the *List of Covered Drugs* that starts on page 1 are the drugs covered by Michigan Complete Health. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- Michigan Complete Health will cover all medically necessary drugs on the Drug List if:
 - your doctor or other prescriber says you need them to get better or stay healthy, **and**
 - you fill the prescription at a Michigan Complete Health network pharmacy.
- Michigan Complete Health may have additional steps to access certain drugs (see question B4 below).

You can also see an up-to-date list of drugs that we cover on our website at mmp.michigancompletehealth.com or call Member Services toll-free at 1-844-239-7387 (TTY: 711), 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day.

B2. Does the Drug List ever change?

Yes. Michigan Complete Health may add or remove drugs on the Drug List during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior approval for a drug. (Prior approval is permission from Michigan Complete Health before you can get a drug.)
- Add or change the amount of a drug you can get (called “quantity limits”).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, see question B4.

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

If you have questions, please call Michigan Complete Health at 1-844-239-7387 (TTY: 711), 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.michigancompletehealth.com.

- a new, cheaper drug comes along that works as well as a drug on the Drug List now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the Drug List changes.

- You can always check Michigan Complete Health's up to date Drug List online at mmp.michigancompletehealth.com.
- You can also call Member Services to check the current Drug List at 1-844-239-7387 (TTY: 711), 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day.

B3. What happens when there is change to the Drug List?

Some changes to the Drug List will happen **immediately**. For example:

- **A new generic drug becomes available.** Sometimes, a new and cheaper drug comes along that works as well as a drug on the Drug List now. When that happens, we may remove the current drug, but your cost for the new drug will stay the same. When we add the new generic drug, we may also decide to keep the current drug on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we will send you information about the specific change or changes we made.
 - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please see question B10 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or the drug's manufacturer takes a drug off the market, we will take it off the Drug List. If you are taking the drug, we will let you know. If you have any questions after being notified of the change, you should contact the doctor who prescribed the drug for you.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the Drug List. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We add a generic drug that is not new to the market **and**

If you have questions, please call Michigan Complete Health at 1-844-239-7387 (TTY: 711), 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.michigancompletehealth.com.

- Replace a brand name drug currently on the Drug List **or**
- Change the coverage rules or limits for the brand name drug.

When these changes happen, we will tell you at least 30 days before we make the change to the Drug List **or** when you ask for a refill. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Then you can:

- Get a 30-day supply of the drug before the change to the Drug List is made, or
- Ask for an exception from these changes. Please see question B10 for more information about exceptions.

B4. Are there any restrictions or limits on drug coverage? Or are there any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior approval (or prior authorization):** For some drugs, you or your doctor or other prescriber must get approval from Michigan Complete Health before you fill your prescription. If you don't get approval, Michigan Complete Health may not cover the drug.
- **Quantity limits:** Sometimes Michigan Complete Health limits the amount of a drug you can get.
- **Step therapy:** Sometimes Michigan Complete Health requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your prescriber thinks the first drug doesn't work for you, then we will cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables on pages 1 - Index 1. You can also get more information by visiting our web site at mmp.michigancompletehealth.com. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can also ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception. Please see questions B10-B12 for more information about exceptions.

If you have questions, please call Michigan Complete Health at 1-844-239-7387 (TTY: 711), 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.michigancompletehealth.com.

B5. How will you know if the drug you want has limitations or if there are required actions to take to get the drug?

The *List of Covered Drugs* on page 1 has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if we change our rules about some drugs (for example, prior authorization (approval), quantity limits, and/or step therapy restrictions)?

In some cases, we will tell you in advance if we add or change prior approval, quantity limits, and/or step therapy restrictions on a drug. See question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the Drug List change.

B7. How can you find a drug on the Drug List?

There are two ways to find a drug:

- You can search alphabetically (if you know how to spell the drug), **or**
- You can search by medical condition.

To search **alphabetically**, go to the Index of Covered Drugs section. You can find it in the Index that begins on page Index 1.

To search **by medical condition**, find the section labeled “List of drugs by medical condition” on page 1. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, **CARDIOVASCULAR AGENTS - MISC. - Drugs to Treat Heart and Circulation Conditions**. That is where you will find drugs that treat heart conditions.

B8. What if the drug you want to take is not on the Drug List?

If you don’t see your drug on the Drug List, call Member Services at 1-844-239-7387 (TTY: 711) and ask about it. (Our hours are from 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day.) If you learn that Michigan Complete Health will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. He or she can prescribe a drug on the Drug List that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Please see questions B10-B12 for more information about exceptions.

If you have questions, please call Michigan Complete Health at 1-844-239-7387 (TTY: 711), 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.michigancompletehealth.com.

B9. What if you are a new Michigan Complete Health member and can't find your drug on the Drug List or have a problem getting your drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of Michigan Complete Health. This will give you time to talk to your doctor or other prescriber. He or she can help you decide if there is a similar drug on the Drug List you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple fills to provide up to maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our Drug List, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires prior approval by Michigan Complete Health, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are in a nursing home or other long-term care facility, and need a drug that is not on the Drug List or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new Michigan Complete Health member.
- This is in addition to the temporary supply during the first 90 days you are a member of Michigan Complete Health.

Level of Care Changes

If your level of care changes, we will cover a temporary supply of your drugs. A level of care change happens when you are released from a hospital. It also happens when you move to or from a long-term care facility.

- If you move home from a long-term care facility or hospital and need a temporary supply, we will cover one 30-day supply. If your prescription is written for fewer days, we will allow refills to provide up to a total of a 30-day supply.
- If you move from home or a hospital to a long-term care facility and need a temporary supply, we will cover one 31-day supply. If your prescription is written for fewer days, we will allow refills to provide up to a total of a 31-day supply.

If you have questions, please call Michigan Complete Health at 1-844-239-7387 (TTY: 711), 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.michigancompletehealth.com.

B10. Can you ask for an exception to cover your drug?

Yes. You can ask Michigan Complete Health to make an exception to cover a drug that is not on the Drug List.

You can also ask us to change the rules on your drug.

- For example, Michigan Complete Health may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior approval requirements.

B11. How can you ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9, Sections 6.2 – 6.4 of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

First, we must get a statement from your prescriber supporting your request for an exception. After we get the statement, we will give you a decision on your exception request within 72 hours.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA).

Michigan Complete Health covers both brand name drugs and generic drugs.

B14. What are OTC drugs?

OTC stands for "over-the-counter". Michigan Complete Health covers some OTC drugs when they are written as prescriptions by your provider.

You can read the Michigan Complete Health Drug List to see what OTC drugs are covered.

If you have questions, please call Michigan Complete Health at 1-844-239-7387 (TTY: 711), 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.michigancompletehealth.com.

B15. Does Michigan Complete Health cover OTC non-drug products?

Michigan Complete Health covers some OTC non-drug products when they are written as prescriptions by your provider.

You can read the Michigan Complete Health Drug List to see what OTC non-drug products are covered.

B16. What is your copay?

As a Michigan Complete Health member, you have no copays for prescription and OTC drugs as long as you follow Michigan Complete Health's rules.

B17. What are drug tiers?

Tiers are groups of drugs.

- Tier 1 drugs are generic drugs.
- Tier 2 drugs are brand name drugs.
- Tier 3 drugs are non-Medicare prescription or over-the-counter drugs.

Copays for Tiers 1, 2 and 3 are all \$0.

C. List of Covered Drugs

The following list of covered drugs gives you information about the drugs covered by Michigan Complete Health. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins on page Index 1. The index alphabetically lists all drugs covered by Michigan Complete Health.

The first column of the chart lists the name of the drug. Brand name drugs are capitalized (e.g., ELIQUIS TABS), and generic drugs are listed in lower-case italics (e.g., *warfarin sodium tabs*).

The information in the necessary actions, restrictions, or limits on use column tells you if Michigan Complete Health has any rules for covering your drug. Here are the meanings of the codes used in the "Necessary actions, restrictions, or limits on use" column:

Abbreviation	What this means	How it works
AL	Age Limit	This drug may need prior authorization if your age does not meet drug maker, FDA or clinical guidelines.

If you have questions, please call Michigan Complete Health at 1-844-239-7387 (TTY: 711), 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.michigancompletehealth.com.

Abbreviation	What this means	How it works
B/D	Medicare Part B vs. Part D	This drug may need prior authorization to decide if it should be covered under Medicare Part B or Part D. This is a Medicare rule. Your doctor or other prescriber may need to give more facts to help us make this decision.
LA	Limited Access	This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call Member Services at 1-844-239-7387 (TTY: 711), 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day.
MO	Mail Order	This drug is available at our mail order pharmacy in addition to other network pharmacies.
NF	Not Covered	This drug is not covered on the Drug List. You can ask for an exception for the drug to be covered.
NT	Not Part D	This drug is not a “Part D drug.”
PA	Prior Authorization	This drug requires prior authorization. This means that you or your doctor must get approval from us before you fill your prescription. If you don’t get approval, we may not cover the drug.
QL	Quantity Limit	This drug has a limit on the amount that our plan will cover.
RX/OTC	Prescription and Over-the-Counter (OTC)	This drug is made in both prescription form and OTC form.
SL	Safety Limit	This drug has a maximum daily dose limit for safety supported by the FDA. This means that we will not cover more than the maximum daily dose. For example, the FDA maximum daily dose of <i>ibuprofen</i> is 3200 mg. Therefore, we will only cover four tablets per day for <i>ibuprofen 800 mg</i> .

If you have questions, please call Michigan Complete Health at 1-844-239-7387 (TTY: 711), 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.michigancompletehealth.com.

Abbreviation	What this means	How it works
ST	Step Therapy	This drug requires step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor thinks the first drug doesn't work for you, then we will cover the second.

Note: The NT next to a drug means the drug is not a “Part D drug.”

- These drugs have different rules for appeals. An appeal is a formal way of asking us to review a coverage decision and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Michigan Medicaid.
- If you or your prescriber disagrees with our decision, you can appeal. To ask for instructions on how to appeal, call Member Services at 1-844-239-7387 (TTY: 711), 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. You can also read Chapter 9 in the *Member Handbook* to learn how to appeal a decision.

D. List of Drugs by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, **CARDIOVASCULAR AGENTS - MISC. - Drugs to Treat Heart and Circulation Conditions**. That is where you will find drugs that treat heart conditions.

If you have questions, please call Michigan Complete Health at 1-844-239-7387 (TTY: 711), 8 a.m. to 8 p.m., seven days a week. On weekends and on state or federal holidays, you may be asked to leave a message. Your call will be returned within the next business day. The call is free. **For more information**, visit mmp.michigancompletehealth.com.
