There are a lot of words you can use to [describe an Asian woman](#). There's street-smart, coy, ambitious and more. Among all of these words, we've picked out six that describe Asian women the best. Here they are:

1. Family-oriented

Definitely, Asian women are family-oriented. They will give up their careers when it's time to settle down and have a family. They can also be attentive to the needs of their husband and their children. Have you ever heard of stories of Asian women being extra guiding to their children? Those stories are true. The main thing for them is to take care of their family and for them to do whatever they can to uplift their families' happiness or success.

2. Approachable

This is a good word to describe an Asian woman. We've done a bit of research and we found out that Asian women are easier to approach especially when the one doing the approaching is a foreigner. If you happen to get into online dating because you'd like to meet a traditional Asian girl, you're in luck because you don't really have to put in a lot of effort to think of topics to talk about or think of what to say or how to act. You can just be yourself.

NOTE: Traditional Asian girls are those who have grown up and are living in an Asian country.

3. Traditional

Another adjective that we can use is traditional. An Asian woman will uphold the traditions that she has grown up with whether it be a holiday, a family reunion or a family tradition. This is very characteristic of traditional Asian ladies and it doesn't matter how much another culture has influenced them.

4. Industrious

Say what you may but Asian ladies are very keen to doing household chores. Well, they may not be keen at most times but the point is that they know how to take care of their home. This is because their mother is the same thing. Times may be changing now that the men in Asian have slowly been helping out some more but, nonetheless, women are still expected to do most of the work in the home.

5. Beguiling

Those who have been captivated by an Asian woman's beauty would agree with this adjective 100%. Asian women are very exotic, sexy, mysterious and definitely beguiling. This can vary with opinion, of course, but, most of the time Asian women are pretty attractive to most people.

6. Feminine

One reason why we chose this word to [describe an Asian woman](#) is because most Asian women are really attentive to the way they look. Asians have this thing about youth – most women and some men. The women specifically follow a rigorous skin care routine that will help make their skin looking fresh and youthful.
