

# Revising Tips

- \* Look for central idea and topic in the title and in the paragraph above the title.
- \* Conclusion will state or imply the central idea.
- \* Do NOT pick the choice that says "the end" for conclusion.
- \* Look for repeated words or phrases.
- \* Don't start a sentence with AND, BUT, OR, SO.
- \* Combine sentences three ways: conjunction word, prepositional phrase, remove period.
