## D.Story: The Loch Ness Monster

More than two million tourists go to Scotland every year. Scotland has got many beautiful lakes-or *lochs*. *Loch* is the Scottish word for lake. This is Loch Ness – the biggest lake in Britain – 38 kilometres long.

Lots of tourists go to Loch Ness and walk by the lake and sit by the lake and wait and wait and wait – But what are they waiting for?

I saw Nessie last year – really! But I had no film in my camera. This year I've got three cameras with me!

They're waiting to see 'Nessie'. Nessie is a Scottish monster. It lives in Loch Ness. People say **it looks like** a dinosaur and it's about 10 metres long.

Nessie is a big **tourist attraction**. Thousands of tourists come to Loch Ness every year – to see Nessie.

There are lots of photos and some films of Nessie – but are they **real**?

In 2003, experts went to Loch Ness to find Nessie. They had **underwater cameras** – but there was no Nessie. Does that mean that Nessie doesn't exist?

**Glossary:** It looks like...*es sieht aus wie...* • tourist attraction *Touristenattraktion* • real *echt* • underwater cameras *Unterwasserkameras*
