

Certificate of Added Qualifications Examination in Hospital Medicine

Disease and Disorder List

Cardiology

Arrhythmias

Deep venous thrombosis

Heart failure

Hypertension

Inflammatory/infectious disease

- Endocarditis
- Myocarditis
- Pericardial disease

Ischemic disease

Peripheral vascular disease

Shock

Syncope

Valvular disease

Pulmonology

Acute/chronic respiratory failure

Assisted ventilation

Asthma

Chronic obstructive pulmonary disease

Interstitial lung disease

Neoplasms/Malignancies

Pleural disease

Pneumonia

Pneumothorax

Pulmonary embolism

Tuberculosis

Gastroenterology

Upper gastrointestinal disorders

- Bleeding
- Gastroparesis

Lower gastrointestinal disorders

- Bleeding
- Constipation
- Diverticulosis
- Inflammatory bowel disease
- Infections
- Ischemia
- Obstruction

Hepatobiliary disorders

- Gallbladder disease
- Liver disease
- Pancreatitis

Malnutrition

Certificate of Added Qualifications Examination in Hospital Medicine

Disease and Disorder List

Neoplasms/Malignancies

Endocrinology

Adrenal gland disease

Diabetes mellitus

- Diabetic ketoacidosis
- Hyperosmolar nonketotic coma
- Hypoglycemia/hyperglycemia

Neoplasms/Malignancies

Thyroid/parathyroid gland disease

Nephrology/Urology

Acid-base disorders

Acute kidney injury

Chronic kidney disease/End-stage renal disease

Electrolyte disorders

- Diabetes insipidus
- Syndrome of inappropriate antidiuretic hormone secretion (SIADH)

Neoplasms/Malignancies

Nephrolithiasis

Urinary tract infections

Hematology/Oncology

Anemias

Bone marrow disorders

Coagulopathies

Hematologic malignancies

Hematologic/oncologic emergencies

Neutropenic fever

Solid organ tumors

Infectious Diseases

Fungal infections

HIV/AIDS

Hospital-acquired infections

Infection in immunocompromised host

Sepsis syndrome

Skin and soft-tissue infections

Travel-related illnesses

Viral infections

Allergy/Immunology/Rheumatology

Anaphylaxis

Autoimmune disorders

Drug reactions

Inflammatory/infectious arthropathy

Certificate of Added Qualifications Examination in Hospital Medicine

Disease and Disorder List

Organ transplantations

Sarcoidosis

Neurology

Delirium/dementia

Encephalopathy

Meningitis/Encephalitis

Myopathy

Neoplasm/Malignancies

Paraplegia/Quadriplegia

Peripheral neuropathy

Seizure disorders

Stroke

- Ischemic
- Hemorrhagic

Psychiatry

Mood disorders

Psychosis

Substance use disorders

Suicide/Overdose

HEALTH CARE SYSTEMS:

1. Stewardship of resources
2. Co-management
3. Transitions in care
4. Quality/Patient safety
5. Palliative care/Pain management
6. Multimorbidity
7. Perioperative care
8. Drug safety
9. Documentation
10. Billing/Coding
11. Ethical/Legal
12. Preventative care
13. Procedures
