# Regain your license in Washington

*with a state certified ignition interlock*

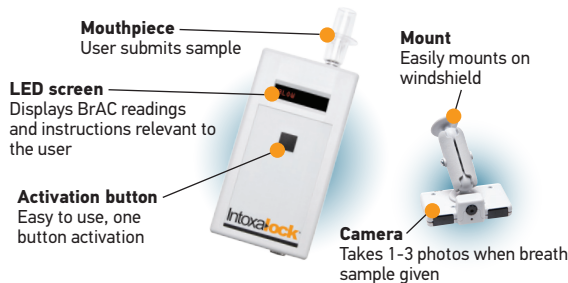

## HOW CAN I GET MY LICENSE BACK?

If you are reading this brochure, it is likely that you or a loved one has been pulled over for Driving Under the Influence (DUI). Getting an ignition interlock device installed in your vehicle is an important step in regaining your license in Washington. This brochure will take you through all the necessary steps based on your offense and will assist you in getting back on the road quickly and legally.\*

\*State laws can change at any time. The information in this brochure is only a guideline. For the most up to date information, visit [www.dol.wa.gov/driverslicense/dui.html](http://www.dol.wa.gov/driverslicense/dui.html)

## WHAT IS AN IGNITION INTERLOCK?

An ignition interlock device (IID) integrates breath alcohol testing with your vehicle's ignition system. Prior to starting your vehicle, you will need to submit a breath sample into the hand held portion of the device that tests for the presence of alcohol. If your Breath Alcohol Concentration (BrAC) is below Washington's ignition interlock limit (0.025), your vehicle will start. If alcohol is detected, your vehicle will not start until a passing sample has been provided.

\*A camera is also a Washington IID requirement.

## ABOUT INTOXALOCK

Intoxalock has been manufacturing ignition interlocks for over 20 years. We were the first company to use fuel cell technology and continue to be an industry leader in reliability, customer service and technology.

- Over 90,000 customers served annually
- Over 1,800 service centers nationwide
- 20 years of industry leadership

## IGNITION INTERLOCK DRIVER LICENSE

An Ignition Interlock Driver License (IIL) allows you to drive vehicles equipped with an IID while your regular license is suspended or revoked for a drug or alcohol-related offense. This license is issued by the WA Department of Licensing (DOL).

### When to apply?

You may apply for an IIL at any time, including after being arrested or after your revocation hearing. When you get an IIL you must maintain an IID in all of the vehicles you drive for the rest of your suspension. If you have a driver license from another state but are suspended in Washington, you can still apply for an IIL, even if you have never had a Washington driver license.

### How to apply?

- Install an IID in all of the vehicles you drive. The IID provider will provide proof of installation to the DOL.
- Provide proof of financial responsibility, such as a SR-22 certificate of automobile insurance
- Complete a Restricted Driver License Application,\* form DR-500-001
- Submit your application, including a \$100 application fee\*\* to any DOL office or by mail to:

Restricted Driver License  
Department of Licensing  
PO Box 3907  
Seattle, WA 98124

### After the DOL receives your application:

- If approved, the DOL will mail or email your IIL when your license suspension or revocation begins
- If the DOL does not receive all of the required documents for your application within 30 days, your application will be denied and you will be sent a letter to notify you of the denial

\*The DOL will hold your application for 30 days in order for you to submit required documents. After 30 days, you forfeit any fees you've paid and you will have to start over again with a new application and application fee.

\*\*Cash, check, and credit cards are accepted at select locations. By mail, send checks only and make payable to the "Department of Licensing."

## IGNITION INTERLOCK DEVICE

### When is an IID required?

An IID is required before you can reinstate your driver license, after:

- A conviction for an alcohol or drug related DUI or Physical Control of a motor vehicle while under the influence
- Some convictions of reckless driving
- Some convictions of negligent driving

### How long is my IID requirement?

| Convictions             | IID requirement   |
|-------------------------|---|
| Some reckless driving   | Minimum six months  |
| Some negligent driving  | Minimum six months  |
| DUI or Physical Control | 1st offense: minimum one year<br>2nd offense: minimum five years<br>3rd or subsequent offense:<br>minimum ten years |

**NOTE:** The length of your IID requirement is determined by the court. A judge may add additional time to any of the examples above and repeat offenders must install an IID within five days of being released from custody.

WE CAN GUIDE YOU THROUGH THE  
PROCESS OF DETERMINING IF YOU ARE  
ELIGIBLE FOR FINANCIAL ASSISTANCE.

## FINANCIAL ASSISTANCE

To apply for financial assistance, submit an Ignition Interlock Device Financial Assistance Application to the DOL, form DR-500-024. If you are approved, you will need to reapply every year. If you are denied, you may reapply in six months.

### To qualify:

- You must be indigent as defined in RCW 10.101.010
- Have an income below the Washington State poverty cut-off level shown below:

| People in household | Monthly income | People in household | Monthly income |
|---------------------|----------------|---------------------|----------------|
| 1                   | \$1,238        | 5                   | \$2,963        |
| 2                   | \$1,669        | 6                   | \$3,394        |
| 3                   | \$2,100        | 7                   | \$3,826        |
| 4                   | \$2,531        | 8                   | \$4,259        |

## CALIBRATIONS

The state of Washington requires that all ignition interlock devices be calibrated every 60 days. A calibration consists of exchanging your current device for a newly calibrated one, ensuring accurate and consistent testing.

### Intoxalock quick exchange calibrations

Intoxalock offers its customers quick exchange calibrations in the state of Washington. When your current device is due for calibration, the LED screen will display a message alerting you it's time to contact Intoxalock and order your newly calibrated device. After ordering your new device, you simply need to visit your service center during the allotted calibration period and a technician will quickly exchange the device.

## CERTIFIED LOCATIONS

Intoxalock has over 35 authorized service center locations throughout the state of Washington.

Visit [www.Intoxalock.com/Find-an-Installation-Location](http://www.Intoxalock.com/Find-an-Installation-Location) and enter your zip code to find the service center locations nearest to you.
