Cashier Instructions:

- The certificate is a manufacturer's coupon and should be handled as such.
- Cashier scans the coupon. It will be Price Required and may require Cashier Override.
- Cashier determines the value for redemption and enters it in the box on the back of the coupon:
 - Actual retail price up to the maximum stated on the face of the coupon. The maximum value will vary; it may be anywhere from \$10.00 to \$30.00
 - If price is more than the maximum value then enter the maximum value. Customer must pay the difference.
 - If price is less than the maximum value DO NOT give cash or credit back to the customer.
- Customer receives up to the stated maximum off the price of the product.

Cash Office Instructions: Coupon is processed through coupon clearing house like other coupons. Store will receive redemption of all coupons, up to the coupon maximum value as described above.
