

Heritage Prime Network

This provider network is available to groups with 51+ employees

The Heritage Prime network is ideal if you want to offer your employees a high-benefit, low-cost plan with easy access to providers within Washington state. Your employees can even get care when they work or travel outside of Washington through the benefits of having a Premera Blue Cross health plan.

Key benefits

1 Good Access	There are 38,900 in-network providers across Washington state, including doctors, hospitals, and other facilities. Includes access to the BlueCard Program for care outside of Washington.*
2 Lower Costs	Providers in the Heritage Prime network have contracted with Premera to keep the total cost of care low. Your company could save up to 5% on premiums.** Your employees could save up to 5% on out-of-pocket costs.**
3 Quality Care	Providers in the Heritage Prime network commit to providing customers with the care they need, when they need it, and in the right way.
4 Easy Search	Your employees will pay less whenever they use in-network providers. The Find a Doctor tool on premera.com makes it easy to search for in-network doctors, hospitals, and other providers.

Help your employees use the **Find a Doctor** tool by visiting B'link, the Premera online resource center for employers. B'link provides a flyer, copy-and-share messages, and other simple tools. Visit the B'link website at blink.premera.com.

*Network includes 38,823 providers and 77 hospitals.

**Cost savings are based on a comparison with Heritage, Premera's largest provider network. Actual savings will vary based on the location of Washington employees and type of services.
