**ARTICLE 1  
PURPOSE OF AGREEMENT**

It is the intent and purpose of the parties that this Contract shall promote and improve working conditions between the City of Salem, Oregon, hereinafter referred to as the City, and the Salem Police Employees' Union, hereinafter referred to as the Union, and to set forth rates of pay, hours of work, and other terms and conditions of employment to be observed by the parties hereto.

**ARTICLE 2  
RECOGNITION**

- A. The City recognizes the Union as the sole and exclusive bargaining agent under ORS 243.650 et seq., for all career employees (INCLUDING PROBATIONARY EMPLOYEES), in these classifications: Police Officer, Corporal, and Police Laboratory Technician and Part Time non-career employees in the classifications: Community Service Officer, Custody Officer, and Special Investigator. The parties agree that the above constitutes an appropriate bargaining unit. Any seasonal, casual, or temporary employees in the listed classifications are excluded from representation. Appendices related to Custody Officer, Community Service Officer, and Special Investigator are attached and are hereby incorporated.
- B. The City shall notify the Union whenever the City establishes a new classification in the Police Department. Whenever the City establishes a new classification in the bargaining unit, it shall notify the Union in writing of the new classification specification and the provisional salary range. Within fourteen (14) calendar days of receipt of such City notice, the Union shall notify the City in writing of its agreement or disagreement with the City's provisional salary range for the new classification. If the Union disagrees with the proposed provisional salary range, it and the City shall negotiate that issue under the terms of state law. The City shall have the right to employ persons at its provisional salary range during the term of negotiations and arbitration, subject to full retroactive payment to all affected employees upon the conclusion of negotiation and arbitration.

**ARTICLE 3  
EXISTING CONDITIONS**

- A. No employee shall be unfavorably affected by the signing of this contract as to wages, hours, or other conditions of employment that the employee now enjoys.
- B. In the event the City desires to change, amend or alter a practice covered by section A, above, the City will provide notice to the Union. The notice shall specify the change and shall state that the City intends to implement the change on a date more than fourteen (14) days after the date of the notice. If the Union does not respond to

the notice within fourteen (14) days of receipt, the Union shall be deemed to have waived its right to bargain and the City may implement the change. In the event the Union objects to the City's proposal, or otherwise wishes to bargain over that proposal, the matter will be subject to negotiations between the parties. If the parties are unable to subsequently agree upon the matter, interest arbitration will be instituted pursuant to the arbitration procedure set forth in ORS 243.698 et seq.

#### **ARTICLE 4 SERVICE FEES**

- A. Each employee shall, within thirty (30) calendar days of the execution date of this contract or within thirty (30) calendar days of the employee's date of hire, whichever is later, have deducted from the employee's monthly pay by the City a fair share assessment in an amount determined by the Union in accordance with State law.
- B. Such a deduction shall constitute the employee's dues if the employee is a member of the Union or shall be the employee's fair share fee/payment in lieu of dues. Such deduction shall be made only if the employee's accrued earnings are sufficient to cover the service fee after all other authorized payroll deductions have been made. While the parties recognize that no authorization forms for deduction of membership dues are necessary under this contract, the Union shall obtain and retain membership dues deduction authorizations.
- C. The City shall deduct and disburse dues and fair share fees as provided herein to the Union bi-weekly by one check sent following the deductions. Payments to an approved charity as provided herein shall be deducted and made separately to the designated charity within the same time limits as dues and fair share fee deductions are made. Fair share fees shall be used for contract negotiations and administration per ORS 243.650 (18).

Any employee, who objects to fair share service fees, shall be afforded: (1) an adequate explanation of the basis for such fees, (2) the union will provide such employees with a reasonable prompt opportunity during which they may challenge the amount of the fees before a neutral decision maker, (3) the union must establish an escrow account for the amounts reasonably in dispute while such challenges are pending.

- D. Any employee objection to the fair share fee based upon a lawful religious objection will require the employee to inform the City and the Union in writing of the objection. Upon receipt of the written objection, the City shall be required to continue to make the fair share fee deductions from that employee's pay but to hold the deductions apart from the aggregate deductions sent to the Union until the employee and Union identify in writing to the City to which charity the reserved and future deductions should be sent. The objecting employee and Union will be obligated to meet or

communicate with the Union and identify a mutually agreeable charity to which the City will be authorized to send the objecting employee's fair share fee deductions.

- E. The City shall correct errors in deductions provided in this Article within a reasonable time, not to exceed thirty (30) days from the City's discovery or written notice of the error.

The Union agrees to indemnify, defend, and hold the City harmless against any claims made or suits begun against the City as a result of this Article.

- F. The union may grieve any failure by the City to meet its obligations under this Article, provided, however, no grievances shall be permitted over any dispute between an employee, the City, or the Union concerning any of the provisions of Section D. Such disputes are solely between the Union and the objecting employee and no recourse through this Contract shall be available to either the Union or the objecting employee.
- G. The City agrees that there shall be no charge to the Union for withholding dues or fair share fees.

## **ARTICLE 5 MANAGEMENT RIGHTS**

- A. The Union recognizes the prerogative of the City to operate and manage its affairs in all respects in accordance with its responsibilities, and the powers or authority which the City has not expressly abridged, delegated or modified by this Contract are retained by the City. It is understood and agreed that the City possesses the sole and exclusive right to operate the City through its City Manager and supervisory personnel and that all management rights repose in it, but such rights must be exercised consistent with the other provisions of this Contract and applicable state and federal laws. These rights include, but are not limited to, the following:
  - 1. To determine the mission of its constituent departments, the Police Department, commissions and boards;
  - 2. To set standards of service;
  - 3. To direct its employees;
  - 4. To discipline or discharge for just cause;
  - 5. To relieve its employees from duty;
  - 6. To maintain the efficiency of governmental operations;
  - 7. To determine the methods, means and personnel by which government operations are to be conducted;
  - 8. To determine the content of job classification;
  - 9. To take all necessary action to carry out its mission in emergencies; and
  - 10. To exercise complete control and discretion over its organization and the technology of performing its work.

- B. The provisions of this Article do not constitute a waiver of the obligation to bargain mid-contract changes pursuant to ORS 243.698 et seq.

## **ARTICLE 6 EMPLOYEE RIGHTS**

- A. Employees shall have the right to form, join, and participate in the activities of employee organizations of their own choosing, for the purpose of representation on matters of employment relations. Employees shall have the right to refuse to join or participate in the activities of any employee organization. No employee shall be interfered with, intimidated, restrained, coerced, or discriminated against by the City or by an employee organization because of his or her exercise of these rights.
- B. The provisions of this Contract shall be applied equally to all employees in the bargaining unit without discrimination as to age, marital status, race, color, disability, sex, creed, religion, national origin, sexual orientation, association affiliation, or political affiliation. If a complaint is brought for violation of this Article, the complaint will not be subject to the grievance procedure unless the employee signs a statement in the employee's individual capacity electing to take the remedy that could be obtained for the grievance procedure in lieu of pursuing state or federal claims of discrimination

## **ARTICLE 7 CONTRACT NEGOTIATIONS**

- A. During contract negotiations, the City shall be limited in its obligation to let bargaining unit members off with pay for negotiations so that no more than three (3) members are off with pay at any one time during negotiations. The date, time and place for negotiation meetings shall be established by mutual agreement of the parties. The Union will have the members who are to be off with pay during negotiations notify the Chief through the chain of command as soon as practical before such negotiation session that they will be absent during the upcoming negotiations.
- B. Upon sufficient notification, the Chief of Police may place one (1) or more members of the Union's Negotiation Team, or representatives of the Union, on leave of absence with pay for the purpose of conducting activities that are directly related and central to the bargaining relationship between the parties. These activities shall include investigating and processing complaints, disputes, grievances, and training pertaining to labor relations/ representation issues. The total time for all such leaves shall not exceed one hundred fifty (150) hours per contract year. Granting of time off by the City shall be subject to the Police Department's reasonable operating needs.

**ARTICLE 8  
SPECIAL CONFERENCES**

Special conferences for important matters may be agreed to between the Union and the City's Human Resources Director or the Human Resources Director's designated representative upon request of either party. Such meetings shall be arranged in advance, and an agenda of matters to be discussed at the meeting shall be presented at the time the agreement to confer is made. Union representatives shall be permitted to attend such conferences without loss of time or pay to the extent such meetings are scheduled during duty hours of the members so attending. If so requested, the City will respond to the Union within thirty (30) days of the conference regarding the actions that it will or will not take as a result of the meeting.

**ARTICLE 9  
HUMAN RESOURCES RULES AND CONTRACT**

The City agrees to make this Contract available to each employee now in the bargaining unit, through electronic means, within thirty (30) days of full execution of this Contract and to furnish each new employee with a copy of this Contract, the City Human Resources Rules, and Departmental Policies and Procedures at the time of appointment. The City shall electronically post a copy of this Contract on the City's Intranet and the City's Internet website. The City shall furnish the Union President with a copy of the City's Human Resources Rules and Departmental Policies and Procedures, along with copies of any and all amendments thereto made from time to time. In the event of any conflict between the Human Resources Rules and Department Policies and Procedures and the provisions of this Contract, this Contract shall prevail.

**ARTICLE 10  
LAYOFF**

- A. For purposes of this Article 10, "seniority" means length of continuous service within the classification covered by this Contract and immediately affected by a reduction in force. Such continuous service shall be computed from the date of the employee's appointment in the affected classification. Where two (2) employees have the same appointment date, the employee who ranked higher on the eligibility list from which the employee was appointed shall be deemed to be the senior employee.
  
- B. For all other purposes of this Contract, "seniority" means length of continuous service as an employee of the City, computed from the date of the employee's original hire ("continuous service date"). Where two (2) or more employees in a classification(s) have the same continuous service date, seniority shall be determined by their combined test score on their most recent date of hire,

appointment or promotion. All current employees at the time of ratification shall have their seniority determined pursuant to the existing seniority list.

- C. As used herein, “continuous service” includes all authorized paid leaves of absence and unpaid leaves of absence for less than fifteen (15) consecutive calendar days, but does not include any period between an employee’s layoff and recall nor any unpaid leave of absence of fifteen (15) or more consecutive calendar days. In the event of layoff and recall, the employee’s continuous service date shall be adjusted to reflect a total length of continuous service which does not include time spent on layoff status. In the event of an unpaid leave of absence for fifteen (15) or more consecutive calendar days except when such unpaid leave of absence is the result of an occupational disability or illness, or when the unpaid leave was as the result of parental or maternity leave, the employee’s continuous service date shall be adjusted to reflect a total length of continuous service which does not include time spent on unpaid leave status. Termination of employment (other than layoff of an employee) shall void the employee’s continuous service date and if the employee should subsequently be hired again by the City, the most recent date of hire shall be the continuous service date for all purposes of this Contract.
- D. In the event of reduction in work force within the bargaining unit, layoffs within each affected classification shall be made in inverse order of seniority as determined in Section A.
- E. Any employee in the unit who is to be laid off and who has advanced to the employee’s present classification from a lower classification in which the employee had successfully completed the probationary period shall be given a position in such lower classification, provided that a position in that classification is authorized and funded in the Police Department budget. If one or more authorized positions exist in the lower classification but none is vacant, the employee laid off from the higher classification shall “bump” less senior employee in the lower classification.
- F. Any employee in an unrepresented classification who is demoted due to a reduction in force and who has advanced to his or her unrepresented classification from a lower classification in which the employee had successfully completed the probationary period, shall be given a position in such lower represented classification, provided that a position in that classification is authorized and funded in the Police Department budget. If no position in the lower represented classification is vacant, the unrepresented employee laid off from the unrepresented classification shall “bump” a less senior employee in the lower represented classification so long as the demoted employee has more seniority (computed from the date the employee was appointed to the lower represented classification into which the employee is being demoted) than the less senior employee in the lower represented classification.
- G. For a period of one (1) year following the date of layoff, or reduction in a position previously held, a laid off career status employee shall be classified as on layoff

status, and the employee's name maintained on a "layoff eligible list" by the City, as provided in this Contract. The order of the names on the layoff eligible list shall be in inverse order of the layoff.

- H. If on layoff status at the end of the one (1) year period, the laid off employee's name shall be removed from the layoff eligible list and the employee shall be deemed terminated from City employment. The employee's name shall be removed from the layoff eligible list at any time during the year under any one (1) of the following conditions:
  - 1. When the laid off employee notified the City in writing that the employee no longer wishes to continue on layoff status.
  - 2. An employee on layoff status shall promptly inform the City of any change of address and shall be deemed terminated if a City letter sent by certified mail (return receipt requested) to the last address recorded with the City is returned unclaimed.
  - 3. The employee is recalled.
  - 4. The employee does not respond to a recall as set forth in section J, below.
- I. An employee who, in the course of a layoff, is reduced to a classification previously held shall retain a position in such classification during satisfactory service and shall return to a position in the classification affected by the layoff before any other individual is hired into that classification. The employee shall not be required to take any examination to return to the higher classification provided no more than two (2) years have passed since the layoff induced reduction in classification.
- J. Recall of employees to active employment within each job classification shall be made in order of their names on the layoff list, provided that an employee shall be deemed terminated and name removed from the list if the employee does not report for work within twenty-one (21) days of written notice of recall. No person shall be hired to fill any position within a job classification represented by the Union which has a layoff eligible list until the layoff eligible list is exhausted through the provisions of this Article.

## **ARTICLE 11 SAFETY COMMITTEE**

- A. The parties recognize that the Oregon Safe Employment Act (ORS 654.00-654.295, 654.991) applies to employment with the City. Remedies for alleged violations are limited to statutory procedures; no grievances under this Contract may be filed for alleged violations of this paragraph or applicable law.
- B. The City shall maintain a Safety Committee whose purpose is to investigate and review employee complaints about unsafe practices or conditions. The Committee shall be comprised of three (3) unrepresented employees selected by the Chief of

Police, or designee, and three (3) represented employees selected by the Union. The Committee shall meet to review complaints of an employee or group of employees, who shall be identified in the complaint, about unsafe practices or conditions within thirty (30) calendar days of receipt of the written complaint(s). The Committee shall investigate the complaint to determine whether unsafe practices or conditions exist. If the Committee, or a majority of the Committee, so determines, it shall prepare a report to the Chief of Police which contains its recommendations to resolve the safety issue. Such report and recommendations shall be advisory only. Within thirty (30) calendar days of receipt of the report from the Safety Committee, the Chief of Police shall respond in writing to the employee who submitted the complaint. The response shall include a review of the complaint, the recommendations of the Committee and the course of action, if any, the Chief has determined best suits the needs of the Department.

## **ARTICLE 12 HOURS**

- A. A normal workweek shall consist of forty (40) hours, based on a fifty-two (52)-week year.
- B. A normal work day may consist of either eight (8) hours per day on the basis of a five-(5) consecutive-day work week, or ten (10) hours per day on the basis of a four (4) consecutive-day work week.

For the purpose of providing training, employees may voluntarily agree to a schedule change to a workweek wherein the days are neither consecutive nor the hours per day consistent.

- C. If an employee is directed by the City to work a shift, the hours of which are non-consecutive, the employee shall receive one and one-half (1 ½) the regular rate of pay for all hours worked in the second (2<sup>nd</sup>) and subsequent non-consecutive portions of such shift.
- D. Employees shall be guaranteed a minimum of eight (8) hours off-duty before being required to attend mandatory training scheduled during the employee's off-duty time. At the option of the employee, the employee may attend training (e.g., firearms training) prior to or after the completion of the employee's regularly assigned shift or at a time designated by the employee, subject to the approval of the supervisor. Employees who exercise this option are subject to the call-back provision described in Article 13(D)(1). The City may be exempted from the requirements of this provision for the S.W.A.T. Team, Tactical Negotiations Team, Mobile Response Team (M.R.T.), Hazardous Device Team, and Police Service Dog Handlers training if through shift changes and trades it becomes impractical to schedule eight (8) hours off before training.

- E. Certain assignments within the Department require flexible work hours. Assignments and/or positions that require flexible work hours shall be posted in the job assignment announcement and/or posting. Such job announcement and/or postings shall be provided to the Union, via email, prior to the time of the posting. Employees who accept such assignments after notification of any special requirements relating to hours and overtime shall be considered to have agreed to these special conditions and to have waived the provisions in this Article except for overtime pay for hours worked in excess of an employee's regularly assigned watch.

In all such assignments where the Department requires flexible work hours, the Department will notify the Union in writing of that request and give the Union notification of the employees who have accepted the assignments with the special requirements. The Union shall have fourteen (14) days after receipt of such notification to demand to negotiate over the special assignment as it affects the hours and notification requirements of this Article. If the Union does not make a written request to negotiate the special assignment within the fourteen (14) day period, the Union will have waived its right to do so for that employee during the course of the assignment.

- F. The City shall designate the starting and ending times of each alternative work schedule for Youth Services Unit officers. Selection shall be by an assigned group of schools and may not be changed during the school year without approval of the designated supervisor. If officers are replaced or substituted for during the year, the schedule for the designated school(s) will normally be maintained.
- G. Officers while assigned to uniform enforcement, subject to radio dispatch and/or emergency response will be provided a thirty (30) minute paid lunch. Such units include Patrol Field Operations, Traffic Control Unit, Downtown Enforcement Team, Youth Services, Gang Response Team, Drug Activity Response Team and CIS. Employees assigned to other specialty assignments will be allowed a thirty (30) minute paid lunch.
- H. When the City changes from Daylight Savings Time to Standard Time and back again, the starting and ending times of the affected shifts shall be changed so that the actual number of hours worked remains equal.
- I. The City offers direct deposit of paychecks for employees. Early release of payroll checks will only be granted under emergency situations, upon approval of the Finance Director or Human Resources Director.
- J. **K-9 Schedules.** A K-9 unit consists of an officer and a dog. Dogs assigned to an officer are boarded at the designated officer's home.

K-9 unit officers are directed by the City to devote a minimum of thirty (30) minutes per day to the routine care of their animals which includes feeding, grooming and exercising the dog. Over a one week period (7 days) this amounts to 3 ½ hours of

required dog care outside the K-9 officer's normal work schedule. To compensate for this, the K-9 officer is assigned to work four (4) consecutive nine and one half (9 ½) hour shifts per week followed by three (3) consecutive days off.

A K-9 unit officer who is paired with a dog shall receive 5% extra duty pay as outlined in Article 16 to compensate for the routine care of the dog during the officer's days off. The extra duty pay for a K-9 unit officer shall continue as long as the officer is assigned to the K-9 unit and is providing the City directed care for the dog, to compensate for a 41 ½ hour work week.

Time spent in the above-listed activities is hours worked under the Fair Labor Standards Act (FLSA).

For K-9 related training purposes only, specific starting and ending times of the K-9 unit work shifts will be designated by the City based upon operational needs. Hours worked in law enforcement activities by K-9 unit officers beyond their designated nine and one-half (9 ½) hour work shift will be subject to the overtime provisions of this Agreement. This includes obtaining emergency veterinary care for their assigned dog and special training classes.

- K. Employees who compete for open 2.11 positions will be compensated hour for hour at their regular overtime rate for the testing process if the process occurs outside of the employee's normal duty hours.

### **ARTICLE 13 OVERTIME**

- A. Overtime is to be considered as any required work in excess of the employee's normal shift, or day, as defined in Article 12 B, or more than forty (40) hours per work week. Overtime shall be calculated to the nearest one-quarter (1/4) hour once the employee has worked a minimum of seven and one-half (7½) minutes.
- B. All overtime shall be compensated at the rate of time and one-half (1 ½) based on the employee's regular salary.
- C. When an employee works within three (3) hours before the beginning or after the end of the regular shift, the employee shall be paid at the overtime rate for either:
  - 1. The time elapsed from the beginning of the overtime to the beginning of the shift;
  - 2. The time elapsed from the end of the shift to the end of the overtime.
- D. Call backs shall be paid at the overtime rate for a minimum of three (3) hours, except as provided in the above paragraph, and four (4) hours on days off. Travel time is

not included in callback. An employee who volunteers to work in police related activities which are outside the normal scheduled duties shall not be eligible for callback minimums.

1. If an employee attends mandatory training during non-work hours, which are assigned by the City, the employee shall be compensated.

Call-back minimums shall only apply when the mandatory training hours fall outside of the employees normal work schedule and the employee attends the training times closest to the end or beginning of the employee's normal shift.

When an employee selects specific training hours for their convenience, the employee shall be paid hour-for-hour at the overtime rate.

2. Phone calls from the Police Department to an off-duty employee shall be compensated at one-half (1/2) hour of overtime at the employee's regular overtime rate of pay per phone call.

If a phone call from the Police Department to an off-duty employee is one-half (1/2) hour or more in duration then the employee shall be compensated in accordance with Article 13, Section A.

- E. When an employee on an overtime court appearance is required to be available immediately before and after the noon recess, the court overtime shall run continuously through the noon recess.
- F. When an employee is scheduled for multiple court appearances on the employee's off-duty hours, the employee shall be paid for the lesser of:
  1. Continuous time from the beginning of the first court appearance to the conclusion of the last court appearance with a minimum of three (3) hours.
  2. A minimum of three (3) hours for each of the court appearances. If the multiple court appearances occur on the employee's off-duty day, then the above minimums of three (3) hours shall be increased to four (4) hours in concert with Section I below.
- G. Upon conclusion of a specific court appearance or callback, the employee shall return to off-duty status unless scheduled for a regular shift.
- H. All witness fees paid to an employee who is receiving compensation covering the same time and expense covered by said fees shall be turned over to the City of Salem Finance Department.

- I. When an employee is scheduled for a court appearance on a regular day off, they shall be paid for a minimum of four (4) hours at the overtime rate.
- J. Unless otherwise prohibited by the Fair Labor Standards Act or federal regulations of the U.S. Department of Labor, employees shall have the option of receiving overtime as cash or compensatory time off, or a combination thereof. Compensatory time shall not be allowed to accrue beyond one hundred (100) hours.
- K. **Prior Employment Subpoenas.** The City is not required, nor will the City be obligated, to pay any overtime or travel time for appearances in court resulting from prior employment with another agency. Employees subpoenaed for a hearing based upon prior employment will be allowed to attend the hearing on duty time if the hearing falls during their normal work schedule. Travel to and from the hearing during normal work schedule hours will count as hours worked. Human Resources Rules (10.10) require the City to provide release time and normal salary in the event that an on-duty employee is subpoenaed as a witness, providing the witness fees are turned over to the City. This does not matter if the employee receives a subpoena for out-of-state or in another County. Compensation is limited to actual time spent in court, except as provided in this section. Unless the City provides transportation, employees will not be required to surrender mileage payments. Nothing in this section shall qualify the employee for per diem payments. The City shall notify any potentially affected applicant in regards to the provisions of this section at the time an offer of employment is made.
- L. **Extra Overtime Shifts.** Announcements for extra overtime shifts and/or “outside work” will be posted until the vacancies are filled. During the first twenty-four (24) hour period, an officer/corporal may sign up for one (1) work shift. After the passage of the first twenty-four (24) hours, an officer/corporal may return and request any unfilled shift vacancies remaining and/or “outside work” vacancies remaining. The first twenty-four (24) hour period will allow for a maximum number of officers/corporals to compete for overtime opportunities and allow the filling of anticipated staff shortages on a timely basis. In the event the staffing shortage is anticipated with less than seventy-two (72) hours’ notice, the City may elect to call upon officers/corporals individually to fill vacancies, without obligation to post the notice of vacancies for any period of time. In the event an officer/corporal agrees to work a shift, and upon his reporting for duty on the given date it is determined the individual’s attendance is not required, the employee will be allowed to work no less than four (4) hours at their overtime rate as compensation for having rescheduled the employee’s routine, or the employee may elect not to work the four (4) hour minimum. An employee who chooses not to work the minimum period of time is not entitled to any overtime or call back compensation.

## **ARTICLE 14 STANDBY COMPENSATION**

- A. Employees who are required to remain by a telephone subject to a call to duty upon forty-five (45) minutes notice until relieved by their supervisors shall be entitled to standby compensation.
- B. Compensation for standby duty will be granted at the rate of one (1) hour of payment at the employee's normal rate of pay for each six (6) hours on standby duty.

**ARTICLE 15  
SALARY SCHEDULE ADMINISTRATION**

- A. Advancement from entry salary step shall be based on merit as determined by the City, with an initial step increase to occur not more than twelve (12) months after the employee's anniversary date. Eligibility for advancement to future steps shall require twelve (12) months of satisfactory service between steps.
- B. Employees shall become entitled to step increases as provided above upon satisfactory completion of service in their current step. Step increases may be denied by the City based upon the employee's unsatisfactory performance. If an employee's step increase is denied, the employee shall be placed on a ninety (90) day work improvement plan. At the end of the ninety (90) days, the employee's performance will be re-evaluated, and if the employee's performance is satisfactory, the employee shall receive the step increase. The City's disapproval of a step increase shall continue until the employee receives a satisfactory rating.

**ARTICLE 16  
PREMIUM AND EXTRA DUTY PAY**

- A. Premium Pay – Effective July 1, 2017, premium pay shall be defined as being three percent (3.0%) of each assigned employee's base wage. - 2. Part-time employees may also participate in this sick leave incentive program. However, the reimbursement for which part-time employees are eligible shall be based upon the proration their authorized FTE bears to a full-time position. For example, the .5 FTE employee shall be eligible for four (4) hours holiday accrual if he or she utilizes no more than twelve (12) hours sick leave in the current twelve (12) month period.

G. Employees who have been placed on Family Medical leave, either by request or by the employer, will be required to use all of their sick leave and then any other types of accrued leave before going on leave without pay.

H. Catastrophic Leave Sharing Program.

A career employee is eligible to participate as a recipient or donor in the City's Catastrophic Leave Sharing Program administered by the City under the Human Resources Rules, in accordance with this Section of the Agreement.

The intent of the Catastrophic Leave Sharing Program is to provide a means for employees to financially assist another employee who is unable to work due to the employee's own catastrophic injury or illness, or to care for an immediate family member who has a catastrophic injury or illness.

1. **CATASTROPHIC INJURY OR ILLNESS.** A catastrophic injury or illness is an injury, illness, impairment, or physical or mental condition which requires inpatient care in a hospital, hospice, or residential medical care facility; or an illness, disease, or condition, that in the medical judgment of the treating healthcare provider, poses an imminent danger of death, is terminal in prognosis with a reasonable possibility of death in the near future, or requires constant care.
2. **IMMEDIATE FAMILY MEMBER.** Immediate family member for purposes of catastrophic leave only is defined as spouse, same sex domestic partner, parent, parent-in-law, or biological, adopted or foster child of the employee.
3. **DONATION.** Employees may donate accrued vacation hours, holiday hours, or compensatory time hours to an individual or the Catastrophic Leave Pool. Donated leave is irrevocable by the donating employee.
4. **ELIGIBILITY.** The recipient employee, or immediate supervisor of the employee, must apply for Catastrophic Leave. The employee may be granted up to 694 hours of donated leave during their tenure with the City. An employee may not use donated leave until exhaustion of all accrued leaves in the employee account. Donated leave hours not used by the employee will be transferred to the Catastrophic Leave Pool.
5. **COMPUTATION.** The dollar value of the donated leave will be calculated by multiplying the donor's hourly rate times the number of hours donated. The Catastrophic Leave Pool will contain a dollar amount, not a number of hours. When time is donated to a recipient, the number of hours awarded will be multiplied by the recipient's hourly rate to determine the dollar amount that will be subtracted from the pool. The donating employee must have at least 40 hours combined vacation, holiday, or compensatory time to be eligible to make a donation.

6. EXTENSION OF EMPLOYMENT. Donated leave may not be used to extend employment beyond the point that it would otherwise end by operation of law, rule or regulation (e.g. employee being terminated for layoff or other reasons).
  7. RETIREMENT, DISABILITY, LONG-TERM DISABILITY INSURANCE OR OTHER SUPPLEMENTAL INCOME. An employee who is eligible for any type of retirement disability, long-term disability insurance, or other supplemental income is not eligible to receive or use donated leave.
- I. Employees will give advance notice to the Courts via a memorandum through a lieutenant to the Personnel and Training Section as soon as it becomes known what the approximate leave dates will be (as much advance notice as practical is recommended, six months' notice is preferred). At the time exact dates are known, a follow-up memorandum with the adjusted dates will be submitted. With this timely notice, the Department will request, on behalf of the employee, that no trials be set during the leave period and will request a reset on behalf of the employee for the specific court dates which occur during the leave period. All decisions regarding resetting court dates for specific trials shall be made by the court, and shall not be decided by the Department.

If an employee on FMLA/OFLA receives a subpoena, or a departmental municipal court notice to attend court and the court will not reset it at the department's request, the employee is expected to fulfill their duty by appearing. Should the medical condition of the employee or affected family member prohibit the employee from attending, the employee must notify the court as soon as possible via a memorandum through a lieutenant to the Administrative Staff Assistant.

Phone notification from a supervisor to the Administrative Staff Assistant, or directly to the court, will suffice for emergency situations.

Employees on FMLA/OFLA leave will be placed on a 0800-1700 Monday through Friday schedule whenever practical. Court appearances will be compensated as working a minimum of three (3) hours straight time. The FMLA/OFLA leave can be extended by the number of hours shown as compensable under this Agreement.

Such leave shall not be charged to the employee's accrued leave.

Employees who qualify for bereavement leave under state law will be allowed to use their accrued leave to cover time missed from work that exceeds the City paid bereavement leave. In the event the employee has exhausted all of his/her accruals, leave without pay will be authorized up to the amount required by law. All bereavement leave time will run concurrently with state and/or federal protected leave laws.

- D. **Witness or Jury Duty.** When an employee is called for jury duty or is subpoenaed as a witness in any litigation or administrative hearing process, the employee will be granted absence from work and continued at full salary and benefits for the period of the required service, however, the employee shall be required to give reasonable advance notice of such subpoena or legal requirement to appear and provide the City with a copy of the subpoena or other legal document requiring the employee's presence. The copy of the subpoena or legal document will be given to the City in advance of the hearing or jury duty, or, if that is not possible, then the copy must be furnished within seventy-two (72) hours after the hearing or jury duty date. An employee shall not be eligible for this paid leave if the dispute or case is not job related, the employee is a private litigant in the matter (not job related), or the case involves any charge or complaint initiated by the employee or the Union against the City.

An employee on City paid jury duty will be administratively reassigned to day shift while the employee is on such jury duty. It is understood that this action may result in another employee being reassigned from day shift in order to replace the employee called for jury duty. As much advance notice as practical will be given to the employee being reassigned from day shift and shall normally be within seven (7) calendar days of the first employee's notice to the City. If the employee gives the

City less than the notice required of the City by Article 32 A, a delay in the day shift reassignment may be made.

- E. Military, alternative service, and Peace Corps leave shall be granted in accordance with state and federal law; denial of such leave shall not be subject to the grievance procedure. Such denial shall be remedied by statutory procedures.
- F. Employees shall be allowed to take family leaves in accord with State and/or Federal law. Except for injury leave as set forth in Article 19, employees shall be required to use their accumulated sick time, compensatory time, holiday time and vacation time to be charged against the eligible leave(s).

Benefits available to employees shall be those mandated by ORS 237.350 to 237.980. Except as otherwise provided in paragraph B of this Article, additional retirement benefits which may be provided voluntarily by a public employer are not included.

- B. The City will pay the six percent (6%) of the employees' contribution of PERS (PERS pick-up). From January 1, 2003, to the last preceding day of the first pay period when the City begins payment of the employees contribution of PERS, current employees will receive a one time payment in- lieu of any payment the City would have made during this period. The one time amount shall be derived by dividing the amount that would have been paid for the PERS pick-up by the number of current City employees. This money shall not increase the attached base pay.
- C. The City terminated the Great West Life Assurance Plan, #71661GP (G-Pac) for current employees or terminated vested employees on December 31, 1990, with the following provisions:

- D. Disapproval of requests for outside employment or withdrawal of approval by the City to perform outside employment shall not in itself be considered as discipline, but may be grieved. Failure to submit a request for approval while engaged in outside employment or continued outside employment upon denial by the City, may be subject to discipline.

**ARTICLE 30  
MILEAGE AND PER DIEM ALLOWANCE**

- A. Whenever an employee is authorized to utilize their own vehicle in the performance of official City duties, he/she shall be compensated at the rate established by the Internal Revenue Service.

**ARTICLE 31  
GRIEVANCE PROCEDURE**

- A. A grievance for the purpose of this Contract is defined as a dispute regarding the meaning or interpretation of a particular clause of this Contract or regarding an alleged violation of this Contract. A grievant is an employee or the Union filing a grievance on behalf of a group of employees similarly affected or on behalf of the Union's interests under this Contract. If the Union is a grievant, it shall be represented by an officer of the Union. As specified in Article 2 Section A, the City recognizes the Union as the sole and exclusive bargaining agent and as such any

request for arbitration beyond Step 3, as outlined below, shall be accepted by the City only when filed by the Union.

B. Step 1

The grievant shall submit the written grievance to the grievant's immediate supervisor, with a copy presented to the Union and the City's Human Resources Director, within fifteen (15) calendar days from the event giving rise to the grievance, or the grievant's knowledge of the event giving rise to the grievance. The grievant shall utilize the form, which is attached as Appendix B, to file the grievance.

The written grievance must contain: (1) a statement of the grievance and related facts; (2) the specific provision(s) of the Contract violated; and (3) the remedy sought. The supervisor who receives the grievance shall respond to the grievant in writing within ten (10) calendar days after the grievance is filed with the supervisor and shall provide a copy of the response to the Union, unless the Union is the grievant.

Step 2

If the grievance remains unadjusted after the supervisor has responded, or after the ten (10) day time limit for response has elapsed, it may be submitted to the Division Commander within twenty (20) calendar days of the date of submission of the grievance to the supervisor. The Division Commander may meet with the grievant's immediate supervisor and the grievant. The Division Commander shall respond to the grievance in writing within ten (10) calendar days, with a copy to the Union, unless the Union is the grievant.

Step 3

If the grievance remains unadjusted after the Division Commander has responded, or after the ten (10) day time limit for response has elapsed, it may be submitted to the Chief of Police within twenty (20) calendar days of submission of the grievance to the Division Commander. Unless mutually agreed otherwise, the Chief of Police shall meet with the grievant, Union representatives and the City Human Resources Director and shall respond to the grievance in writing within ten (10) calendar days, with a copy to the Union, unless the Union is the grievant.

Step 4

If the grievance is not resolved after the Police Chief has responded or within twenty (20) calendar days after it was submitted to the Chief, whichever is later, it may be submitted to an arbitrator within ten (10) calendar days of the relevant event by using the method described below.

1. The party requesting arbitration shall request a list of seven (7) Oregon or Washington arbitrators from the Employment Relations Board list. The first strike for an arbitrator will be determined by lot. The parties shall alternately strike one (1) name from the list, until only one (1) is left. The one remaining shall be the arbitrator.
  2. The selected arbitrator shall render a decision within thirty (30) calendar days of the close of the hearing. The powers of the arbitrator shall be limited to interpreting this Contract and determining if it has been violated; the arbitrator shall have no power to alter, modify, add to, or detract from the terms of the Contract.
  3. If the arbitrator is faced with a question of arbitrability at the arbitration hearing, then the arbitrator shall be obligated to first hear arguments and evidence and decide that question. If the arbitrator affirmatively decides the question of arbitrability in favor of arbitration, then the arbitrator may hear arguments and evidence on the merits of the grievance. If requested by either the Union or the City, the hearings for a question of arbitrability shall be held separately from any hearing on the merits of the grievance. The decision(s) of the arbitrator shall be binding on both parties to this Contract.
  4. The costs of the arbitrator shall be borne by the losing party. The arbitrator shall designate which side is the losing party. Each party shall be responsible for costs of presenting its own case to arbitration. Should arbitration be canceled due to a settlement, the parties will split equally any cancellation fees.
  5. Upon mutual agreement, in writing by the Union and the City and at the conclusion of the evidentiary portion of the arbitration, the parties may agree to oral closing arguments in lieu of written closing briefs.
  6. If the parties mutually agree to oral closing arguments, the parties may also mutually agree, in writing to have the arbitrator issue an oral bench decision. The oral bench decision shall be recorded and transcribed by the parties as the formal record of the arbitration. The arbitrator shall issue their oral bench decision within a reasonable time after the conclusion of the arbitration but within at least two (2) hours of the conclusion of the arbitration hearing.
- C. Any or all time limits specified in the grievance procedure may be waived by mutual written consent of the parties. Failure to submit the grievance in accordance with these time limits without such waiver shall constitute abandonment of the grievance. Failure by the City to respond within the time limits shall permit the grievance to proceed to the next step. A grievance may be terminated at any time upon receipt of a signed statement from the Union that the matter has been resolved. When authorized in advance, Union representatives may be granted time off without loss of time or pay for the purpose of filing grievances on its own behalf or on behalf of an employee.

- D. The grievant and Union representative(s) shall be permitted to attend conferences and any hearing without loss of pay if such meetings and hearing occur during their respective duty periods. Employees who may be called as witnesses to the arbitration hearing shall also be permitted to testify at the hearing without loss of pay if the giving of testimony occurs during an employee's duty period. The names of any persons to be called as witnesses in the arbitration hearing shall, upon request, be exchanged by the parties at least seventy-two (72) hours prior to the hearing.
- E. If a grievance is filed at any step by SPEU and the City fails to respond in the required time, the grievance will remain open and unsettled and will move to the next level. The Union will be responsible for notifying the Chief or his designee of the open grievance within sixty (60) calendar days of the original filing. If the Union does not notify the Chief or his designee within the sixty (60) days, the grievance shall be deemed abandoned.

### **ARTICLE 32 WORK SCHEDULE NOTICE AND ASSIGNMENT**

- A. The City shall give two (2) weeks written notice of changes in work schedules, except in emergencies and in situations involving discipline where, in the City's judgment, it is necessary to remove an employee from a particular work assignment. Probationary Officers in the field training evaluation program will be exempt from this two (2)-week notice requirement, if, in the City's opinion such notice would have an adverse impact to their progression in the training program.
- B. Premium pay specialty assignments identified in Article 16, Section A of this Agreement and Youth Service Unit are exempt from the above notice requirement; however management will try to provide reasonable notice, except in emergencies and Departmental short-term tactical needs.

Other employees may waive the two (2) week notice requirement with the approval of a supervisor.

- C. In the event that an employee's work schedule is changed without required notice, the employee shall be paid at the overtime rate until proper notice has been given.
- D. If a promotion or reassignment requested by the employee results in a work schedule change with less than two (2) weeks notice, the employee shall not be eligible for overtime compensation as provided in C above.
- E. Employees assigned to Patrol Division, Field Operations section, who are off probation shall be allowed to select shifts on the basis of seniority according to the following procedure:

1. Shift selection sign-ups shall occur no later than October 31 with shift assignments to commence no later than the first week in January to last for a one (1) year period of duration.
2. The City will designate four (4) times a year when the different schedules will be implemented. When officers bid for the whole year, they may bid on the basis of seniority for each of the four (4) periods of time.
3. The officers will bid on the basis of a schedule posted by the City indicating the number of personnel by rank needed for each shift. In order to achieve balanced shifts, the City may limit the number of positions per shift and per squad by rank and for the following special assignments or teams: SWAT, hostage negotiators, hazardous devices, K-9 officers and FTO. Officers with those specialties must bid for one of the designated slots as determined by the City on the basis of seniority.
4. For purposes of selecting shifts on the basis of seniority and for no other purposes of determining seniority, seniority shall be defined as the following:
  - a. For police officers it shall be the date the employee was sworn in to be a police officer;
  - b. For corporals it shall be the most recent date the employee was promoted to corporal.
5. The present practice of rotating days off for a 4-10 schedule will continue.
6. The City has the right to move an employee any time the City has a reasonable operational need for making the change. Normal rotations under Directive 2.11 will occur in January so that relevant officers may participate in the Fall shift bidding and vacation sign-up processes. It is understood that during the term of this Contract, selected officers may have their Directive 2.11 assignment period lengthened so as to ease initial transition and avoid continuity problems.
7. Should an employee elect to transfer or be rotated from different assignments, the employee will take the vacant position given and shall not bid at that time causing bumping until the annual shift selection procedure takes place. However, if the City creates a new position, then employees will be allowed to bid at once for that newly created position.
8. Subject to the reasonable operating needs of the Department, employees will be permitted to arrange shift trades.
9. The City and the Union shall meet, if needed, for the purpose of reviewing the successful implementation of this Section. At such time modifications may be developed to correct implementation and application problems if jointly agreed upon.

10. After the seniority shift bid procedure for patrol has occurred, and during the actual time when the annual seniority shift bid is in place, a process needs to be established to allow Union members who work patrol and Union members who come out of specialty assignments or non-patrol assignments and return to a patrol assignment, to use their seniority to bid for an open shift.
  - a. For patrol shift openings of less than two (2) full rotations it will be at Salem Police Department's discretion as to which shift to assign a member coming out of a specialty assignment or non-patrol assignment and returning to patrol. It is also understood that the City is not obligated to post shift openings of less than two (2) full rotations for Union members already assigned to patrol. These positions may be used for assignment of officers who have not had the opportunity to bid in the annual bid process due to their time with the City.
  - b. For patrol shift openings of two (2) full rotations or more, Union members who work patrol and Union members returning from a specialty assignment or non-patrol assignment and returning to patrol will be able to exercise their seniority and bid for any available open patrol shift.
  - c. A member returning to patrol from a specialty assignment or a non-patrol assignment may use their seniority one (1) time to bid to an available open patrol shift.

YSU personnel assigned to patrol shifts for the summer break, as designated by the City, will be allowed to bid based upon their department seniority with Patrol Field Operations. This will take place in the fall of each year, prior to the Patrol Field Operations vacation bidding.
  - d. Employees assigned to special units where various shifts are utilized will bid for those shifts based on department seniority.
- F. Employees shall not be required to work back-to-back shifts, nor be required to take time off with loss of pay in order to avoid overtime liability unless the shift conflict was caused by action of the employee (e.g. voluntary change in assignment). Shift bidding and rotations due to Directive 2.11 are not considered voluntary changes for this purpose.

### **ARTICLE 33 DEFENSE OF EMPLOYEES**

- A. The City acknowledges its legal responsibility to provide its employees with a defense and indemnification against any tort claim, demand, or action prescribed by law.

- B. If an employee is issued a traffic infraction by anyone who is not a police officer, which the employee believes to be in retaliation for the employee's action(s) as a police officer, the employee may request that the City implement the following steps:
1. The City will request the City Attorney's office to initiate an investigation to determine if there is probable cause to believe the infraction was committed.
  2. The City will investigate the employee's allegations that the referenced action is retaliatory.
  3. If there is no probable cause to believe the infraction was committed and if there is cause to believe the citation was retaliatory, the City will provide the employee with counsel for defense of any such citation.
- C. The City further agrees to compensate for, or provide members of the bargaining unit the same PORAC Legal Defense Insurance plan which they maintained at their expense immediately prior to the ratification of this Agreement.

2. The employee and the SPEU President shall be notified of the reason for the extension and another performance appraisal shall be required at the end of the additional period.
3. The decision to extend and the duration of extension of probationary period are reserved to the City. Prior to the completion of probation, an employee may be disciplined or discharged at the discretion of the Chief of Police.
- C. During the promotional probationary period, an employee may be demoted at the discretion of the City to an authorized position in a prior classification if the employee

held career status in the prior classification. If no vacant position exists in the prior classification, the demoted employee shall displace the least senior employee in the lower classification, without loss of seniority, and the displacement shall be treated as a layoff under this Contract.

- D. During a promotional probationary period, an employee is fully covered by all of the conditions of this Agreement.
- E. The parties recognize the City may promote employees in the classification of Police Officer to the classification of Corporal. These promotions shall be made by the City as a result of job-related examination and selection procedures as determined by the City. Upon promotion to a Corporal classification, the Corporal will serve a six (6) month promotional probationary period during which the Corporal shall demonstrate to the satisfaction of the City fitness for such classification. The City may extend this probationary period for up to three (3) additional months. After completion of the promotional probationary period, the employee may be removed from the Corporal classification only for cause. Any appeal by an employee for removal from such classification after the promotional probationary period may only be processed through the grievance procedure of this Contract.
- F. Probationary periods may be extended if the employee's performance of normally assigned duties is interrupted by on-the-job injury or illness, extended illness/injury, light duty, or leave of absence in excess of fifteen (15) calendar days.

In special circumstances, a lieutenant may assign an employee to work out of class for less than a full shift, and such assignment will be compensated at the rate of pay described above. Such additional pay for the time actually worked in the higher classification assignment shall constitute the employee's sole additional compensation for this assignment; bargaining unit benefits through this Contract shall continue.
- B. This Article shall not apply to employees working in a designated on-the-job training program, subject to the below provisions. An employee may, in writing, request that the duration of the training program be specified in writing prior to entering into the

program. An on-the-job training exemption from working out of classification pay shall apply to an employee only for a maximum of one hundred sixty (160) work hours in any twelve (12) month period; continued training beyond such one hundred sixty (160) work hours shall be considered as working out of classification and compensated in accordance with the waiting periods and amounts specified in paragraph A.

Pursuant to ORS 652.750 *et seq.*, when releasing information to the employee and the Union, the City may place conditions on disclosure of witness statements under circumstances where the conditions are warranted in order to limit risk of claims or aggravation of difficult circumstances in the work place or in the City's relationship with a victim. In such event, the City and the Union shall cooperate to meet appropriate investigative and due process needs and lawful limitations on the disclosure of released information.

- C. Forms of discipline are limited to: oral reprimand, written reprimand, suspension, demotion, pay reduction not to exceed thirty (30) calendar days, or discharge.

Serious violations, as determined by the City, may be dealt with by any of the above measures on the first offense or subsequent offenses.

- D. If the City disciplines an employee, every reasonable effort will be made to discipline in a manner which will not embarrass the employee before the other employees or the public.

**E. Appeal of Discipline**

1. Imposition of discipline on an employee is appealed through this Contract's grievance procedure under Article 31.

**F. Disciplinary Interview - Right to Representation**

1. An employee has the right to have a representative of the Union at an interview or meeting with the City when the employee has a reasonable belief that the interview or meeting is part of an investigation which may result in a disciplinary action. No right to representation exists for interviews, meetings, or conversations involving unit members regarding work instructions, training,

constructive correction of work techniques or methods, and work planning. Work performance appraisal sessions are exempt from the right to representation unless, prior to the beginning of the meeting, the City informs the employee that the performance appraisal may result in disciplinary action being taken by the City against the employee.

2. a. The right to representation arises when the employee is required to be a participant in a meeting and the employee has a reasonable belief that the interview or meeting is a part of an investigation that may result in a disciplinary action to that employee;
- b. Prior to any meeting or interview, as part of any written notice provided by the City to an employee who is the subject of an investigation, the City is obligated to inform the employee of the employee's right and option to representation, and the City shall honor the employee's option and request for representation if the employee, or the Union on behalf of the employee, makes such a request. In addition, the City will inform employees of this right to representation when the City communicates, in writing, with employees regarding alleged acts of misconduct for which formal disciplinary actions are being considered. Except as otherwise provided, procedures contained in this section F apply only to non-criminal investigations, which may reasonably result in the discipline or discharge of the employee.
3. Should the City wish to interview an employee regarding an investigation which may result in discipline, the City will do the following:
  - a. At least twenty-four (24) hours prior to the time of the interview of the employee who is the subject of the investigation, the employee and the Union will be provided written information from the City about the nature of the investigation, which will include:
    - i. the allegations known at that time, including the potential policies, procedures, rules and/or laws allegedly violated which lead to initiation of the investigation;
    - ii. the name(s) of the complainant or the type of complaint (i.e., citizen, fellow employee, etc.);
    - iii. a copy of the complaint form, if one has been filed;
    - iv. the name(s) of the person(s) who will be conducting the investigation;
    - v. the date, time and location of the scheduled interview;

- vi. and other relevant facts as known to the investigator at the time of the notice that support the potential violations listed in subsection (a) above, this is to include all reports written by officers and supervisors pertaining to the incident, excluding internal affairs investigative reports.
  - b. The employee, or the Union on behalf of the employee, may choose to waive the twenty-four (24)-hour notice period, but shall not be coerced or requested by the City to do so.
4. The following procedures will be followed during investigations that could result in discipline:
- a. Either side may record the interview if that side desires and, at the request of the other side, will provide a copy of the recording and any transcript of the recording, to the other side. If either side generates a written transcript of any recordings from the investigation, they shall provide the transcripts to the other side, at no cost. The City shall provide a copy of the finished investigation at least seven (7) days prior to the pre-disciplinary due process hearing.
  - b. The interview may not be unduly delayed awaiting a particular unavailable representative when other suitable representatives are available.
  - c. The representative will not participate in the interview unless requested by the City interviewer. The representative's function is solely to assist the employee. The City interviewer has no duty to negotiate with the representative.
  - d. All interviews shall be limited in scope to activities, circumstances, events, conduct or acts, which pertain to the investigation. Nothing in this section shall prohibit the City from questioning the employee at a later date about information that is developed during the course of the interview. The employee will be directed to answer any questions specifically involving the non-criminal matter(s) under investigation and will be afforded all rights and privileges to which they are entitled under the laws of the State of Oregon or the United States of America.
  - e. The employee and the employee's representative shall be permitted to attend an interview subject to this Article without loss of compensation to the extent the interview is held during the affected employee's scheduled duty hours.
  - f. Employees shall be interviewed while they are on duty unless the seriousness of the investigation dictates otherwise. Interviews shall take place at the Salem Police Department, or elsewhere if mutually agreed by the City and the Union.

- g. The employee will be entitled to reasonable intermissions as he/she shall request for personal needs.
- h. The City shall complete its investigation into an allegation of misconduct by the employee and provide a copy of the complete investigation, to the employee and the Union, no later than six (6) months from the date of the first interview of the employee. The City may extend the completion date for the investigation to a maximum of twelve (12) months from the date of the first interview of the employee, provided that before the extension begins, the City provides written notice explaining the reason for the extension to the employee and the employee's Union representative.
- i. Oral Reprimands. If, after the City conducts an investigation into the conduct of an employee, the City determines that the discipline to be imposed is an Oral Reprimand or less, the City may impose the discipline without a pre-disciplinary due process meeting (Loudermill).

5. Employee Records.

- a. The City shall maintain a personnel record of each employee in the City service. This record shall be the official record of the City and shall contain copies of all official reports, memos, letters, personnel actions, etc., relating to the employee's performance and employment status.
- b. An employee or the employee's representative may inspect and have a copy of the employee's personnel records on the premises of the Human Resources Department upon the employee's or the employee's representative's request to do so.
- c. No information reflecting critically upon an employee shall be placed in any of the employee's personnel records that does not bear either the signature or initials of the employee indicating that the employee has been provided with a copy of the material. If the employee is unavailable or refuses to sign or initial the document, a notation to that effect shall be placed in the employee's personnel file. A copy of any such material shall be furnished to the employee by the department concerned, when it is placed in the personnel record.
- d. If an employee believes that there is material in the personnel record which is incorrect or derogatory, the employee shall be entitled to prepare in writing an explanation or opinion regarding the particular material, and this shall be included as a part of the personnel record. If the employee believes that such specific information should be removed entirely from the files, the employee may petition for such consideration to the City.

- e. Letters of counseling and documented oral reprimands shall remain part of the employee's personnel file, but shall be considered stale after one year after the incident which caused the reprimand to be issued unless the employee receives subsequent discipline within that time period. Written reprimands shall be deemed stale after two years from the incident in question unless the employee receives subsequent discipline of a like nature within that time period. Suspensions without pay shall be deemed stale after five years from the incident in question unless the employee receives subsequent discipline of a like nature within that time period.

### **ARTICLE 38 DRUG FREE WORKPLACE**

- A. **Policy:** The City considers its employees to be its most valuable asset and is concerned about their safety, health and well-being. The misuse of alcohol and other drugs can impair employee performance and general physical and mental health, and may jeopardize the safety of co-workers and the general public. The City is committed to maintaining a safe and healthy work place for all employees by identifying the misuse of alcohol and drugs and assisting employees to overcome these problems through appropriate treatment and, if necessary, disciplinary action. The presence or treatment of a substance use problem will not excuse an employee from meeting performance, safety or attendance standards or following other City instructions.

For purposes of this Article, the term "controlled substance" shall mean substances so designated in accordance with the Federal Controlled Substance Act (21 U.S.C. 812) or ORS 475.005(6), excluding any substance lawfully prescribed for the employee's use. Marijuana is defined as a controlled substance for the purpose of this Agreement, regardless of whether the marijuana was for medical purposes or recreational use.

- B. **Employee Assistance Program:** The City will maintain an Employee Assistance Program (EAP) at no cost to the employee. The general purpose of the EAP will be to reduce problems in the workforce and retain valued employees. The EAP will offer limited professional assistance to employees in dealing with problems of a personal nature, including alcohol and drug abuse that may have an adverse effect on job performance.
- C. **Baseline Testing:** Those employees who are or may be exposed to hazardous substances or health hazards, including dangerous drugs or dangerous chemicals used for the manufacture of drugs, at or above permissible exposure limits (as defined by OSHA regulations) in the course and scope of their employment shall be tested by the City for exposure to the hazardous substance as follows:

- 1. Baseline drug test prior to assignment to an area where employees will be or

may be exposed to hazardous substances or health hazards.

2. At least once every twelve (12) months thereafter unless the employee's attending physician believes a longer interval is appropriate, but not to exceed biannual exams.
3. At termination or reassignment to an area where exposure will not occur if the employee has not had an examination within the preceding six (6) months.
4. As soon as possible after notification that signs or symptoms indicating possible overexposure have developed or, an injury has occurred or exposure above the permissible exposure limits or published exposure levels has occurred in an emergency situation.
5. Where the employee's attending physician determines that examinations on a basis more frequently than that outlined above are medically necessary.

The test will be done at City's expense and on City time.

**D. Prohibited Conduct:** The following conduct is prohibited, except when the following conduct is part of the work being performed with approval of a supervisor:

1. The buying, selling, providing, or possession for the purpose of buying, selling or providing controlled substances, including marijuana while on City property or in City vehicles or equipment or during work hours, including paid/unpaid rest and meal periods.
2. Being at work under the influence of alcoholic intoxicants, or consuming alcoholic intoxicants while in City vehicles or equipment at anytime or on City property during work hours, including paid/unpaid rest and meal periods.
3. Being at work with a blood alcohol content that reaches or exceeds .02% by weight of alcohol in the blood.
4. In the event that the City wishes to call out an employee to perform additional duties and the employee has consumed intoxicants, the employee will notify his or her supervisor as to the amount of intoxicants the employee has consumed, and the City will decide whether the employee will be called out to perform additional duties.
5. Possession of any controlled substance, including marijuana (but excluding any substance lawfully prescribed under both state and federal law for the employee's use which has not been obtained for the purpose of abuse), while on City property or in City vehicles or equipment at any time during work hours, including paid/unpaid rest and meal periods. However, this excludes substances that have been legally prescribed for an employee's own use.

6. Being at work under the influence of any controlled substance, including marijuana, or having such substances "present in the body" (excluding any substance lawfully prescribed for the employee's use which has not been obtained for the purpose of abuse) while on City property or in City vehicles or equipment at any time during work hours, including paid/unpaid rest and meal periods. An employee has a controlled substance "present in the body" when the employee tests "positive" in any blood or urine test administered. An employee shall be deemed to test "positive" for cannabinoids (marijuana or hashish) if his or her urine test indicates 50 or more nanograms THC metabolites/ml. However, this excludes substances that have been prescribed for an employee's own use.
7. Abusing any substance which is lawfully prescribed by regularly taking it in excessive quantities or by unlawfully obtaining it for purposes of abuse.

**E. Under the Influence:** The term "under the influence" of controlled substances, including marijuana or alcoholic intoxicants, covers not only all the well-known and easily recognized conditions and degrees of impairment and intoxication, but any perceptible abnormal mental or physical condition which is the result of indulging to any degree in controlled substances, marijuana or alcoholic intoxicants which perceptibly tend to deprive the use of that clearness of intellect and control the employee would otherwise possess. Without limiting the foregoing:

1. An individual is considered to be "under the influence of intoxicants" when the individual's blood alcohol content exceeds .02% and for the purposes of this Article a test result with a blood alcohol content exceeding .02% is considered a positive test.
2. An individual is considered to be "under the influence of a controlled substance" when a detectable amount of a controlled substance is found in the individual's body.

**F. Discipline and Other Action:**

1. Except as described in paragraph 2 of this Article, prohibited conduct described in Section D1, D4 and D5 above shall result in termination. Prohibited conduct described in Sections D2, D3 and D6 shall result in actions specified in Section G below.
2. Employees found to have committed prohibited conduct described in Section D5 as a direct result of undercover police work assignments shall be subject to the requirements of Section H of this Article.

**G. Mandatory Testing:**

1. All employees shall have a number controlled by a testing service with SAMHSA/NIDA certified lab, testing and Medical Review Officer (MRO) capabilities, which shall be placed in a pool for anonymous random selection. Each employee shall have an equal chance of being selected in each random selection incident. The City shall conduct up to four (4) random tests per year. However, only one (1) random test may be conducted each calendar quarter of the year. The results shall be reviewed by a Medical Review Officer, which shall be shared only with the employee and the CITY Risk Manager, or their designee, who shall notify the department of violations. The random testing by urinalysis shall be given for the following controlled substances to up to fifty percent (50%) of the employees per year: Marijuana, Cocaine, Opiates, Phencyclidine (PCP) and Amphetamines.
2. Where the City has reasonable suspicion to believe that an employee is under the influence of any alcoholic intoxicants or controlled substances, including marijuana, or has a controlled substance, including marijuana, present in the body, the City may require that the employee immediately consent and submit to field impairment tests, blood, urine or intoxilyzer test. The City shall pay for the costs of the tests.
3. A refusal to consent and submit to any of these tests specified in parts 1 or 2 above shall subject an employee to immediate termination. Submitting to a urine test includes the employee providing a valid, non-diluted and unadulterated sample of his or her own urine, and the test is not completed until a valid sample is provided.
4. When the employee is notified that he or she is required to consent and submit to such tests, or searches as described in Section J of this Article, he or she may request the presence of a Union representative to witness the tests or searches. The test or searches may not be unduly delayed in order to wait for a representative. The absence of a representative shall not be grounds for the employee to refuse to consent and submit to such tests or searches. The presence of a representative shall not disrupt or interfere with the tests or searches.
5. Before a supervisor, acting on behalf of the City under this policy, may require an employee to consent and submit to any test(s) specified in this section, the supervisor must first obtain concurrence from the supervisor's department head or designee that the information available to the City about the subject employee is sufficient to determine reasonable suspicion that prohibited conduct will be established as a result of such test(s).
6. The employee shall give consent to a blood, urine or intoxilyzer test by signing a consent form. The form shall contain the following information:
  - a. Employee's consent to release test results to the City;

- b. The procedure for confirming an initial positive test result for a controlled substance, including marijuana;
  - c. The consequences of a confirmed positive test result for a controlled substance, including marijuana;
  - d. The consequences of a positive test for alcohol, including one at or above 0.02%;
  - e. A listing provided by the employee of legally prescribed and over-the-counter medications which may be in the employee's body;
  - f. The right to explain a confirmed positive test result for a controlled substance, including marijuana, or a positive test for alcohol;
  - g. The consequences of refusing to consent to the blood, urine or intoxilyzer test.
7. In the event that the blood or urine test results are positive for controlled substance(s), including marijuana, the City shall require that a second confirmatory test from the same sample be conducted, using gas chromatography mass spectrograph techniques or equivalent, which also must be positive before concluding the employee has such substance(s) present in their body.
  8. If a blood or confirmed urine test is positive, the City will instruct the laboratory to retain the blood or urine sample for a period of not less than 30 calendar days from the date the tests are complete for the purpose of allowing the employee to conduct an independent test at his or her own expense at a laboratory approved by the City.
  9. The procedure followed under this Article to obtain, handle and store blood and urine samples and to conduct laboratory tests shall be documented to establish procedural integrity and chain of evidence. Such procedures shall be administered with due regard for the employee's privacy and the need to maintain the confidentiality of test results to an extent which is not inconsistent with the needs of this Policy. The employee shall be notified of the results of all tests conducted pursuant to this policy.

#### **H. Consequences of Test Results:**

1. Test results which do not positively establish that the employee has engaged in prohibited conduct as described in this Article shall result in no further action against the employee related to an alleged violation of those sections. The employee shall be informed of such test results.

2. If an employee, who has not previously committed prohibited conduct specified in this Article as a direct result of undercover police assignments referenced in Section F2, is found to have committed such prohibited conduct, the employee shall immediately submit to a medical evaluation by a doctor selected and paid by the City. The evaluation will determine the extent of the employee's use of, and dependence on, the applicable substance(s) and, if necessary, recommend an appropriate program of treatment, including but not limited to rehabilitation and counseling to prevent future use. If a program of treatment is recommended by the doctor, the employee shall enroll in immediately. Failure by the employee to enroll in the recommended program or to complete it successfully shall result in his or her termination from employment.
3. If an employee has previously committed prohibited conduct specified in this Article as a direct result of undercover police work assignments, and subsequently is found to have committed such prohibited conduct a second time within three years, he or she shall be terminated. The level of discipline imposed for subsequent instances of such prohibited conduct beyond three years may be termination but shall be determined on a case by case basis.
4. If an employee tests positive for alcohol or the improper use of controlled substance(s) that is a violation of this Article, and their employment is maintained with the City, the employee will be required to participate in an evaluation with a Substance Abuse Professional (SAP). The employee will be required to follow the recommendations of the SAP counselor. The employee is responsible for the cost associated with the evaluation and treatment recommended by the SAP. The employee may submit the expenses through the employee's health plan. The City may offer the employee a Last Chance Agreement (LCA). Return to work will be contingent upon signing and following the terms of a Last Change Agreement (LCA). The LCA will typically be a term of two (2) years but may vary based on the recommendations of the SAP, and will include random testing, agreement to comply with the terms of a treatment program, and a commitment to comply with the terms of this substance abuse Article. The LCA is not in lieu of any appropriate disciplinary action.
5. The terms of any LCA involving an employee represented by the Union, in addition to being agreed upon by the subject employee, must also be agreed upon by the Union.

**I. Voluntary Rehabilitation:**

1. The primary objectives of the City's drug and alcohol policy are to maintain employee performance and good health and a safe work environment. If, prior to a requirement by the City that the employee submit to any of the tests specified in Section G of this Article, the employee notifies a supervisor that he or she has drug or alcohol problems that require treatment, then in that event

the employee shall immediately submit to a medical evaluation by a doctor selected and paid by the City and shall enroll in a treatment program recommended by the doctor.

2. If an employee has previously enrolled in voluntary rehabilitative treatment described in sub-section 1 and subsequently again volunteers for such treatment in advance of being required to submit to any of the tests specified in Section G of this Article, then the employee shall immediately submit to a medical evaluation by a doctor selected and paid by the City and shall successfully complete the treatment program recommended by the doctor. If the employee fails to complete the treatment program successfully, he or she shall be terminated.

J. **Searches:** The City reserves the right to conduct searches for any reason of City equipment or facilities generally; and may search anything or area in which the employee has an expectation of privacy (i.e. desk or locker or clothing or personal property) to the extent permitted by the law. Refusal by the employee to submit to a lawful search shall result in termination.

K. **Consequences of Search Results:**

1. Searches which do not reveal the presence of alcohol or controlled substances, including marijuana (but excluding any substance lawfully prescribed for the employee's use which has not been obtained for the purpose of abuse), shall result in no further action against the employee related to an alleged violation of Section D4. The employee shall be informed of such search results.
2. Searches which reveal the presence of alcohol or controlled substances, including marijuana (but excluding any substance lawfully prescribed for the employee's use which has not been obtained for the purpose of abuse), shall result in those consequences specified in Sections F or H2 and H3 as though a positive blood or confirmed urine test had been administered.

L. **Supervisor Training:** The City recognizes that, in order to administer the standards and procedures set forth in this Article fairly and to minimize the possibility of unwarranted testing and searches, supervisory personnel should receive training in how to recognize and deal effectively with substance abuse in the work place. Accordingly, the City will provide such training to supervisors before the requirements of this Article are implemented and enforced.

M. **Prescribed Medications:** An employee utilizing any prescribed medications or controlled substances that may affect his or her ability to safely perform assigned duties must immediately report this treatment to his or her supervisor. In the event there is a question regarding an employee's ability to safely perform assigned duties, the employee shall be responsible for receiving clearance from the employee's physician. For the purpose of this Agreement, under no circumstances shall the use

of marijuana constitute the use of medication under this Section. The lawful use of prescription medications is not grounds for disciplinary action by itself; however, failure to follow the reporting procedure may subject an employee to disciplinary action. Employees may also be disciplined for using medication that is unlawfully obtained, or for use that is inconsistent with the prescription or label. Failure to report the use of a prescribed medication or a controlled substance which the employee has been informed may affect his or her abilities to safely perform assigned duties may subject an employee to disciplinary action.

**N. Use of Over-the-Counter Medications:** The use of over-the-counter medications are in no way prohibited. An employee ingesting an over-the-counter medication in doses that may affect his or her ability to safely perform assigned duties must report the use of the over-the-counter medication to his or her supervisor. There will be no discipline to an employee who reports to his or her supervisor the use of an over-the-counter medication which the employee feels may affect his or her assigned duties. Protected use of over-the-counter medication shall not include the use of “designer drugs” not approved by the U.S. Food and Drug Administration, or the abuse of over-the-counter drugs. Failure to report the use of an over-the-counter medication which affects an employee’s ability to safely perform his or her duties may subject the employee to disciplinary action.

### **ARTICLE 39 AMENDMENT PROVISION**

This Contract is subject to amendment, alteration, or addition only by subsequent written agreement between and executed by the City and the Union, where mutually agreeable.

### **ARTICLE 40 SAVINGS CLAUSE**

If any article or section of this Contract or any addition thereto should be held invalid by operation of law, or by any lawful tribunal having jurisdiction, or if compliance with or enforcement of any article or section should be restrained by such tribunal authority, the remainder of this Contract and addendums shall not be affected thereby, and the parties shall enter into immediate collective bargaining negotiations for the purpose of arriving at a mutually satisfactory replacement for such article or section.

**ARTICLE 41  
TERMINATION**

The provisions of this Contract shall be effective and retroactive for pay (except for DRE premium) as of July 1, 2017, and shall remain in full force and effect until June 30, 2020. The parties shall commence negotiations for a successor contract no later than November 1, 2019. The Contract shall remain in full force and effect during the period of negotiations.

IN WITNESS WHEREOF, the parties hereto have caused this Contract to be signed this 14<sup>th</sup> day of September, 2017.

By and between The City of Salem/Salem Police Department (the City)  
And  
Salem Police Employee's Union (SPEU)  
Reserve Police Officers

Reserve Police Officer commissions are provided to City of Salem employees charged with enforcing Salem Revised Code. This code enforcement activity is not what is customarily or historically provided by members of the Salem Police Employee Union. The activities of these employees will be governed by City of Salem Administrative Policies, which will address authority, training, violations of policy and other relevant topics.

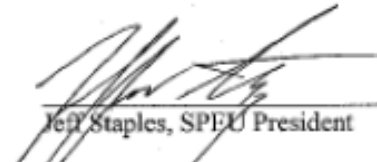

The City agrees to inform the SPEU of the reserve commissions issued and for what code sections the authority has been given.

As the current Chief of Police of the Salem Police Department, I have no intention of implementing a reserve police officer program within the Salem Police Department. In the event this position changes or a different administration exists it is understood a proposed reserve program may have an impact to members of SPEU. If an impact to SPEU members exists, The City agrees to bargain the impact of a reserve officer program.

With this MOA it is acknowledged and agreed that the City and SPEU have fulfilled their obligations under Article 32(G) of the 2006-2010 City and SPEU Collective Bargaining Agreement and that Article 32(G) is hereby deleted from the 2006-2010 City and SPEU Collective Bargaining Agreement.

The following Memorandum of Agreement is entered into between the City of Salem (City) and the Salem Police Employees Association (Union) in order to resolve pending litigation, and to delineate agreed upon future procedures with regard to payroll errors which result in over payments to bargaining unit members prior to the date of this signing of this Agreement.

Whereas; on December 1, 2000, the Union initiated grievance actions with regard to under and over payments for certain bargaining unit members, all of which are employed in the classification of Corporal.

and

Whereas; following the December 1, 2000 date, the City correctly compensated those Corporal's which were underpaid, and reached a separate informal agreement with the Union through the standing Labor Management Communications Committee regarding the proper Acting in Capacity (AIC) pay for Corporals in future assignments.

and

Whereas; it has been deemed by the parties to this Agreement that it is in the best interest of each to set out and define the inherent actions necessary to resolve this matter for all bargaining unit members in the future the following is

Therefore agree:

In the event that an employee receives wages or benefits from the City to which the employee is not entitled, regardless of whether the employee knew or should have known of the over payment, the City shall notify the employee in writing of the overpayment which will include information supporting that an overpayment exists, and the amount of wages and/or benefits to be repaid. For purposes of recovering overpayments by payroll deduction, the following shall apply:

- (1) The City shall be limited in using the payroll deduction process to a maximum period of three (3) years before the notification.
- (2) The employee and the City shall meet and attempt to reach mutual agreement on a repayment schedule within thirty (30) calendar days following written notification.

(3) If there is no mutual agreement at the end of the thirty (30) calendar-day period, the City shall implement the repayment schedule stated in subsection (4) below.

(4) If the overpayment amount to be repaid is more than five percent (5%) of the employee's regular bi-weekly base pay, the overpayment shall be recovered in biweekly amounts not to exceed five percent (5%) of the employee's regular bi-weekly base salary. If an overpayment is less than five percent (5%) of the employee's regular biweekly base salary, the overpayment shall be recovered in a lump sum deduction from the employee's paycheck. If an employee leaves City service before the City fully recovers the overpayment, the remaining amount will be deducted from the employee's final check (s).

(5) An employee who disagrees with the City's determination that the overpayment has been made to the employee may grieve the determination through the grievance procedure.

(6) This Article does not waive the City's right to pursue other legal procedures and processes to recoup an overpayment made to an employee at any time.

This agreement, once executed by both parties shall complete, and resolve all known over and under payments issues which have been subject currently pending litigation and collection actions between the parties. The City will cease any and all efforts to collect alleged over payments to the Corporals for working out of class occurring prior to the execution of this Memorandum of Agreement. City of Salem/Salem Police Department (City)  
And the  
Salem Police Employees Union (Union)**

**Re: Community Service Officer (CSO)**

WHEREAS, in June of 2004 the City recognized the Union as representing the classification known as CSO and the parties entered into a successor Collective Bargaining Agreement (CBA) which began July 1, 2004, and included the CSO's; and

WHEREAS, in 2005 the Union learned that the City was not providing CBA benefits to the CSO's, and the Union filed grievances alleging the City was violating the CBA; and

WHEREAS, during bargaining to resolve the grievances the parties stipulated that hiring decisions are a Management right and not subject to bargaining, however, the parties discussed hiring of CSO's because the Union wanted assurances that the City would not propose or replace sworn Police Officers with less expensive CSO's and use or require CSO's to do what historically been sworn Police Officer enforcement work.

- i. A CSO who volunteers to work additional hours on a CSO's non-regular working day will not earn overtime except as set forth in this MOA.
- ii. A CSO who is mandated to work additional hours on a CSO's non-regular work day shall be compensated at the premium rate of one and one-half (1 ½) times the CSO's regular rate of pay for all hours worked on the CSO's non-regular work day.

c. Accrued Sick Leave. CSO's shall earn sick leave on a pro-rata basis pursuant to the terms of the CBA.

4. The parties agree that any changes, modifications or additions to the duties, assignments or jobs of a CSO will trigger an obligation on the part of the parties to bargain in accordance with the PECBA.

## APPENDIX “I” PPO Health Plan Summary of Benefits

**City of Salem Group Benefit Plan: AFSCME, PCEA, SPEU & Non-Represented Coverage Period: 01/01/2017 – 12/31/2017**  
**Summary of Benefits and Coverage: What this Plan Covers & What it Costs Coverage for: Individual, +1, Family | Plan Type: PPO**

 <b>This is only a summary.</b> If you want more detail about your coverage and costs, you can get the complete terms in the policy or plan document at <a href="http://www.ebms.com">www.ebms.com</a> or by calling 1-503-588-6162.		
Important Questions	Answers	Why this Matters:
What is the overall <b>deductible</b> ?	Network: \$250/person, \$500/individual +1, \$750/family. Non-Network: \$250/person, \$500/individual +1, \$750/family. Does not apply to alternative services, emergency room services, prescription drugs, or the following <i>network provider</i> services: preventive care, prenatal care, and urgent care. Copayments do not count toward the deductible.	You must pay all the costs up to the <b>deductible</b> amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the <b>deductible</b> starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the <b>deductible</b> .
Are there other <b>deductibles</b> for specific services?	No.	You don't have to meet <b>deductibles</b> for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
Is there an <b>out-of-pocket limit</b> on my expenses?	Yes. <b>Medical out-of-pocket limit:</b> Network: \$1,250/person, \$2,500/individual +1, \$3,750/family. Non-Network: \$2,250/person, \$4,500/individual +1, \$6,750/family. <b>Prescription Drug out-of-pocket limit:</b> \$2,000/person, \$4,000/individual +1, \$6,000/family.	The <b>out-of-pocket</b> limit is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the <b>out-of-pocket limit</b> ?	Infertility services, organ transplant services rendered at a non-Center of Excellence facility, prescription drug expenses, premiums, balance-billed charges (unless balanced billing is prohibited), and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the <b>out-of-pocket limit</b> .
Is there an overall annual limit on what the plan pays?	No. Unlimited	The chart starting on page 2 describes any limits on what the plan will pay for <i>specific</i> covered services, such as office visits.
Does this plan use a <b>network of providers</b> ?	Yes. For a list of Network providers, see <a href="http://www.fchn.com">www.fchn.com</a> or call 1-800-231-6935.	If you use a network doctor or other health care <b>provider</b> , this plan will pay some or all of the costs of covered services. Be aware, your network doctor or hospital may use a non-network <b>provider</b> for some services. Plans use the term network, in-network, preferred, or participating for <b>providers</b> in their <b>network</b> . See the chart starting on page 2 for how this plan pays different kinds of <b>providers</b> .

**Summary of Benefits and Coverage: What this Plan Covers & What it Costs Coverage for: Individual, +1, Family | Plan Type: PPO**

Important Questions	Answers	Why this Matters:
Do I need a referral to see a <u>specialist</u> ?	No.	You can see the <u>specialist</u> you choose without permission from this plan.
Are there services this plan doesn't cover?	Yes.	Some of the services this plan doesn't cover are listed on pages 5. See your policy or plan document for additional information about <u>excluded services</u> .

- Copayments are fixed dollar amounts (for example, \$15) you pay for covered health care, usually when you receive the service.
- Coinsurance is *your* share of the costs of a covered service, calculated as a percent of the allowed amount for the service. For example, if the plan's allowed amount for an overnight hospital stay is \$1,000, your coinsurance payment of 20% would be \$200. This may change if you haven't met your deductible.
- The amount the plan pays for covered services is based on the allowed amount. If an out-of-network provider charges more than the allowed amount, you may have to pay the difference. For example, if an out-of-network hospital charges \$1,500 for an overnight stay and the allowed amount is \$1,000, you may have to pay the \$500 difference. (This is called balance billing.)
- This plan may encourage you to use network providers by charging you lower deductibles, copayments and coinsurance amounts.

Common Medical Event	Services You May Need	Your Cost If You Use a Network Provider	Your Cost If You Use a Non-Network Provider	Limitations & Exceptions
If you visit a health care <u>provider's</u> office or clinic	Primary care visit to treat an injury or illness	20% coinsurance	40% coinsurance	—————none—————

## About these Coverage Examples:

These examples show how this plan might cover medical care in given situations. Use these examples to see, in general, how much financial protection a sample patient might get if they are covered under different plans.

**This is not a cost estimator.**

Don't use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care will also be different.

See the next page for important information about these examples.

## Questions and answers about the Coverage Examples:

### What are some of the assumptions behind the Coverage Examples?

- Costs don't include premiums.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not excluded.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network providers. If the patient had received care from out-of-network providers, costs would have been higher.

### What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how deductibles, copayments, and coinsurance can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

### Does the Coverage Example predict my own care needs?

- ✖ **No.** Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

### Does the Coverage Example predict my future expenses?

- ✖ **No.** Coverage Examples are not cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your providers charge, and the reimbursement your health plan allows.

### Can I use Coverage Examples to compare plans?

- ✔ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

### Are there other costs I should consider when comparing plans?

- ✔ **Yes.** An important cost is the premium you pay. Generally, the lower your premium, the more you'll pay in out-of-pocket costs, such as copayments, deductibles, and coinsurance. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.

**Questions:** Call 1-503-588-6162 or visit us at [www.cityofsalem.net](http://www.cityofsalem.net). DOL Form Released on April 23, 2013 (EBMS 09/11/2014)

## APPENDIX “J” Kaiser Permanente Plan Summary

All plans offered and underwritten by Kaiser Foundation Health Plan of the Northwest

Coverage Period: 1/1/2017-12/31/2017

Summary of Benefits and Coverage: What this Plan Covers & What it Costs

Coverage for: Individual/Family | Plan Type: DED

**This is only a summary.** If you want more detail about your coverage and costs, you can get the complete terms in the policy or plan document at [www.kp.org](http://www.kp.org) or by calling 503-813-2000 or 1-800-813-2000.

Important Questions	Answers	Why this Matters:
What is the overall <u>deductible</u> ?	<b>\$250 Individual / \$750 Family.</b> Does not apply to preventive care services.	You must pay all the costs up to the <u>deductible</u> amount before this plan begins to pay for covered services you use. Check your policy or plan document to see when the <u>deductible</u> starts over (usually, but not always, January 1st). See the chart starting on page 2 for how much you pay for covered services after you meet the <u>deductible</u> .
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services, but see the chart starting on page 2 for other costs for services this plan covers.
Is there an <u>out-of-pocket limit</u> on my expenses?	Yes. <b>\$1,250 Individual / \$3,750 Family.</b>	The <u>out-of-pocket limit</u> is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.
What is not included in the <u>out-of-pocket limit</u> ?	Premiums, balance-billed charges and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Is there an overall annual limit on what the plan pays?	No.	The chart starting on page 2 describes any limits on what the plan will pay for <i>specific</i> covered services, such as office visits.
Does this plan use a <u>network of providers</u> ?	Yes. See <a href="http://www.kp.org">www.kp.org</a> or call 503-813-2000 or 1-800-813-2000 for a list of participating providers.	If you use an <u>in-network</u> doctor or other health care <u>provider</u> , this plan will pay some or all of the costs of covered services. Be aware, your <u>in-network</u> doctor or hospital may use an <u>out-of-network provider</u> for some services. Plans use the term <u>in-network, preferred</u> , or participating for <u>providers in their network</u> . See the chart starting on page 2 for how this plan pays different kinds of <u>providers</u> .
Do I need a referral to see a <u>specialist</u> ?	Yes. Written approval is required to see most specialists.	This plan will pay some or all of the costs to see a <u>specialist</u> for covered services but only if you have the plan's permission before you see the <u>specialist</u> .
Are there services this	Yes.	Some of the services this plan doesn't cover are listed on page 6. See your policy or plan

Important Questions	Answers	Why this Matters:
plan doesn't cover?		document for additional information about <u>excluded services</u> .

- **Copayments** are fixed dollar amounts (for example, \$15) you pay for covered health care, usually when you receive the service.
- **Coinsurance** is *your* share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the plan's **allowed amount** for an overnight hospital stay is \$1,000, your **coinsurance** payment of 20% would be \$200. This may change if you haven't met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network provider charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network hospital charges \$1,500 for an overnight stay and the **allowed amount** is \$1,000, you may have to pay the \$500 difference. (This is called **balance billing**.)
- This plan may encourage you to use **participating providers** by charging you lower **deductibles**, **copayments** and **coinsurance** amounts.

## Questions and answers about the Coverage Examples:

### What are some of the assumptions behind the Coverage Examples?

- Costs don't include premiums.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren't specific to a particular geographic area or health plan.
- The patient's condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network providers. If the patient had received care from out-of-network providers, costs would have been higher.

### What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how deductibles, copayments, and coinsurance can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn't covered or payment is limited.

### Does the Coverage Example predict my own care needs?

\* **No.** Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor's advice, your age, how serious your condition is, and many other factors.

### Does the Coverage Example predict my future expenses?

\* **No.** Coverage Examples are not cost estimators. You can't use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your providers charge, and the reimbursement your health plan allows.

### Can I use Coverage Examples to compare plans?

✓ **Yes.** When you look at the Summary of Benefits and Coverage for other plans, you'll find the same Coverage Examples. When you compare plans, check the "Patient Pays" box in each example. The smaller that number, the more coverage the plan provides.

### Are there other costs I should consider when comparing plans?

✓ **Yes.** An important cost is the premium you pay. Generally, the lower your premium, the more you'll pay in out-of-pocket costs, such as copayments, deductibles, and coinsurance. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.
