Task #3 THE ROMAN EMPIRE AND ITS VAST NETWORK OF ROADS:

Use Link about Roman Roads on my website

[Roman Roads Video and Facts](#)

1. **Why** did the Roman army need a more advanced road system like the one pictured below?

2. Describe *how* **Roman Roads** were built.

3. *Why* were Roman roads safe to travel long distances?

Task #4 Roman Architecture

Like we learned before, The **Architecture of Ancient Rome** borrowed much of its style and technique from classical Greek architecture. The blending of Greek, as well as other cultures' architectural styles worked to create a new architectural Roman style. Roman and Greek architecture is often referred to as "classical architecture".
