OUR BUSINESS MODEL

The question we get asked the most often is
"How are you able to provide these services for free?"

We understand that it seems too good to be true, but the answer is very simple!

We are lucky enough to have partnerships with Senior Living Communities and Adult Day Programs in the area that compensate us for the service we provide so that we can offer services for free to you!

Part of our agreement with these partnerships ensures that should you decide to consider one of these communities or services, you will not be charged more (and in many cases you may spend less) than if you were not working with us.

Areas We Serve:

- Chester County, PA
- Delaware County, PA
- New Castle County, DE
- Montgomery County, PA
- Lancaster County, PA

Remote assistance can be provided outside of the locations above. Our business operates within EST. Appointments can be made online.

Who will I be working with?

All of our family services are provided by Brandywine Concierge Owner, Allie Mazza. If you call or set up an appointment, you'll be speaking with Allie! You can learn more about Allie on our website!
