

D in 10 is a devotion that can be done by an individual or family in about 10 minutes a day. This weeks devotion is based on the book of Proverbs and Psalms. The Proverbs contain wisdom for life and conduct intended to guide the child of God in character development. As you encounter each verse let your heart dwell on its implications to your life. Singing a song before and after is meant to stir up your inner man to desire the things of God. Allow the music to guide you into a more intimate reading of the word of God. Allow the music to guide you into a more intimate reading of the word of God.

Remember to sing the selected song before and after the reading, only during the devotion, *not as you read the text throughout the day, unless you desire*. As you interact with the verse of the day think of the implications to your life. How do you relate to the truth of each verse? How have you applied it/them to your life? What steps of action will you take each day in light of the passage? Sing as if God is standing before you and you are telling Him how much you love Him. Let your mind think on all the things He has already done. for you and how much He loves you. We invite you to do this daily for a week.

WEDNESDAY BIBLE STUDY | December 6, 2017

Dr. Terren Dames | The Interpretation of the Visions are Made Known to Daniel

Come and join us this Wednesday as we continue our study in the book of Daniel Chapter 7:15-28. Last week we took a brief look at the "Ancient of Days" and "The Son of Man" during the end of times, this week we are going to understand Daniels visions concerning the "Four Beasts" and the end of time. God revealed future events to Daniel in visions, come and see how God has all things planned and there is nothing that He is not in control of. This Wednesday, find out what the response of a believer should be when we encounter the fulfillment of Scripture. Remember it is your duty to "study to show yourself approved as a workman who needs not be ashamed accurately handling the Word of Truth.
