POWERSPORTS TECHNOLOGY

STATE TECHNICAL COLLEGE OF MISSOURI

CERTIFICATIONS & CURRICULUM
INDUSTRY APPROVED

Degree Offered
- Associate of Applied Science

Certificates Offered
- Basic Powersports Technology
- Advanced Powersports Technology

The only program of its kind in Missouri, the Powersports Technology program challenges students to think critically and diagnose, service, and repair major components of powersports, outdoor, and marine equipment.

The Powersports Technology program operates in one of the best-equipped shops in the state. This hands-on program provides students with the technical skills needed to rapidly advance within the powersport service industry. This five semester program includes a paid internship during the summer semester.

State Tech's reputation for creating highly employable graduates gives program graduates a competitive advantage. Graduates of the Associate degree program have the ability to become certified in two-stroke and four-stroke gasoline engines, drivelines and electrical systems.

Sample Courses:
Power Transmission, Hydrostatic, and Jet Drive Systems

Carburetors and Electronic Fuel Injection

Emerging Technologies

Potential Careers:
Powersports Technician

Service Writer

Manufacturing
