

## Local 4-H Club Makes Donation to McDonough District Hospital

Patients of McDonough District Hospital will benefit from a local 4-H club's community service project. Members of the Scotland Clever Clover 4-H Club of McDonough County created several fleece tie blankets during their January meeting. The blankets will be gifted to inpatients during a stay at MDH. Club member Ryan Haney was lead on the project, organizing the fabric needed, making measurements, and instructions.

Pictured: Scotland Clever Clover 4-H members present the blankets to MDH Foundation Assistant Erica Smith (right) at their February meeting.

## Big Game Party

**Over 400 meals were served at the Big Game Party on Friday, February 1!**

## 3<sup>rd</sup> Graders + MDH Adopt-A-Classroom

*Each month during the school year McDonough District Hospital participates in the Adopt-A-Classroom program. This year MDH has adopted Mrs. Linda Poore's 3rd grade students at Lincoln School. A representative from MDH visits the classroom to educate students about various departments at the hospital.*

### *MDH Cardiac Rehab*

In February, **Alicia Ladd, Exercise Physiologist**, and **Tiffany Hamrick, Intern**, visited our Adopt-A-Classroom students. They discussed heart health and the risk factors associated with heart disease. The students learned to take their heart rate and did a short exercise activity.

The class received MDH footballs and basketballs for being great listeners.

## A Message from Information Systems

Information Systems would like you to know Cerner offers support via Client Support. There are two types of Application Supports, "Applications" being Power-Chart, Scheduling book, etc. Non-critical issues are logged as AMS Tickets or "Application Manage Service". IRC or "Immediate Response Center" is for Cerner issues that are Critical Application issues, for example no staff member is able to log into Power Chart. IRC issues would be labeled as Cerner issues or failures throughout the organization that are critical to patient care or safety. When logging a ticket to AMS or IRC you will need to call 1-866-221-8877.

There are different options after calling Cerner Client Support. They are as follows:

- AMS choose option #5, then based on your needs, select one of the following:
  - "For Calling on an Existing Ticket, Press 1"
  - "For Single User or Non-Critical Application Issues, Press 2"
- IRC choose option #3
  - "For Multi-User Critical Application Issues, Press 3"

Remember after you submit a ticket to Cerner please notify Information Systems and keep the Service Record number. The Cerner agent will give you the Service Record number or "SR" at the end of the call. You may also add this issue to help desk. If you have any questions about this process please call Information Systems.

## Recognition for Outstanding Customer Service

For the month of January, the Service Excellence department at McDonough District Hospital would like to recognize and say thank you to **employees and physicians** for their outstanding customer service to patients.

The Press Ganey, Deyta (Hospice) and Patient Satisfaction surveys call attention to employees who demonstrate excellent customer service, according to Vice President of Quality and Innovation Maggie Dubil. ## Get Your Free Colorectal Cancer Kit!

In recognition of Colorectal Cancer Awareness Month, MDH is providing **FREE** Hemoccult-ICT test kits. These test kits are the first step in detecting colorectal cancer.

The Hemoccult-ICT is a screening, not a diagnosis for colorectal cancer. Those who are age 45 or older, or are at higher risk because of personal or family history of colorectal cancer or colon polyps, should consider this screening.

### >>Did you know?

According to the National Institutes of Health, cancers of the colon and rectum (colorectal cancer) are the third most common diagnosis among men and women in the United States. Colorectal cancer is the second leading cause of cancer death in the United States.

## Free test kits are available through April 26.

### Kits are available at the following locations:

**Admitting | Family Clinic | Internal Medicine | Outreach Services**

# APPLE Winner January 2019

Please join in congratulating **Julie Bartlow**, Nurse Practitioner in the MDH Pediatric Clinic, on being named the recipient of the MDH APPLE Award for January 2019. APPLE stands for “Achieving outstanding Performance in Patient care, Leadership, Loyalty and Enthusiasm for MDH”.

Julie attended Saint Louis University and graduated with a Bachelor of Science in Nursing in 1999. In 2002, Julie graduated from Vanderbilt University with a Master of Science in Nursing. She started at MDH in her current position on January 3, 2017.

*Julie Bartlow*

She is always very friendly and welcoming. She puts her co-workers and patients at ease. Julie’s clinic skills are exceptional. Others trust and feel confident in her care. Julie demonstrates a strong desire to make the MDH Pediatric Clinic an exceptional facility. She takes great interest in improvement opportunities and trying new things.

Julie is a solid clinician, both in the quality and quantity of her work. She makes every moment count. Julie displays a positive and cooperative attitude all the time. A patient commented, “Julie makes us feel like we are the only patients she’ll see today, even though we know she is very busy.” Another patient said, “Julie is so kind and takes time to answer my questions. She loves on my baby and even changed a diaper the last time we were there!”

Her nominator explains Julie is more than deserving for the award. Julie is always going above and beyond for her patients and staff. There have been times when Julie has stayed late to see patients who were unable to get care elsewhere. She will also rearrange her schedule to benefit her patients. She is a pleasure to work with and makes the best out of every situation. Julie is always thinking of the staff as well. She asks opinions of staff to see what will work best with everyone. Julie is an awesome asset to the Pediatric Department and is loved by all.

Julie is married to Andrew. They have two children: Delaney and Macie. In her spare time, Julie enjoys cooking, scrapbooking, traveling, spending time with family, and being involved in her daughters’ dance activities.

## Employee Suggestion

Have MDH offer two Weather Days to staff per calendar year. The Weather Days can be used any time of the year as long as it is for a weather related issue. They could use it for snow storm, flooding, etc. These two days would not be paid days off. They are only two days that are excused from an absence.

**Senior Leadership Response:** Thank you for your suggestion. We are always open to new ideas and welcome your input! Many years ago, employees wanted a no fault Attendance and Punctuality policy to be enacted. Employees knew staffing could be difficult without the existing policy in place. The current policy allows for 3 incidents in a 6 month period without discipline. These days are built in without punishment and allows employees to determine if they need to miss work for weather, family issues, sickness, etc. Employees are left to apply their best judgment to when they need to miss work. Healthcare workers are in a stressful environment where the care of our patients and the support work involved to provide that care is a 24 hour/7 day a week commitment. We value your commitment and dedication to make these things happen. Our current policy will remain as enacted. We hope employees continue to make their own personal best judgment when these difficult situations arise. If you have any questions, please contact Human Resources or refer to the MDH Attendance and Punctuality Policy.

## ...Benefit Break...

Take a minute to learn more about your benefits and other HR issues.

## Changing Your Tax Withholdings

Now that tax season is upon us, you may want to adjust your tax withholdings or change tax exemptions. To make these changes, complete a Federal and/or Illinois W-4 form. Human Resources has these forms available to employees.

An alternative way to reduce your taxable income is by increasing your pre-tax pension contribution. Your retirement contributions can be deducted from your paycheck on a pre-tax basis for federal and state withholdings.

*If you have questions concerning this topic, please contact Human Resources at extension 13492.*

## MDH Sponsors WIU Basketball

MDH sponsored the Western Illinois University Women's and Men's Basketball "Think Pink" games (February 16) at Western Hall.

Money raised from the "Think Pink" game will go to Linda's Fund at MDH.

*Diane Tate, Facilitator of the MDH Breast Cancer Support Group and group members accepted the sponsorship ball from Danielle Surprenant, Interim Director of WIU Athletics.*
