

Bringing Jobs Home

Investing in America

reshoring

Tired of off-shore supply chains...

Logistics challenges and hidden charges...

Climbing transportation, freight and fuel costs...

Communications challenges?

We can help.

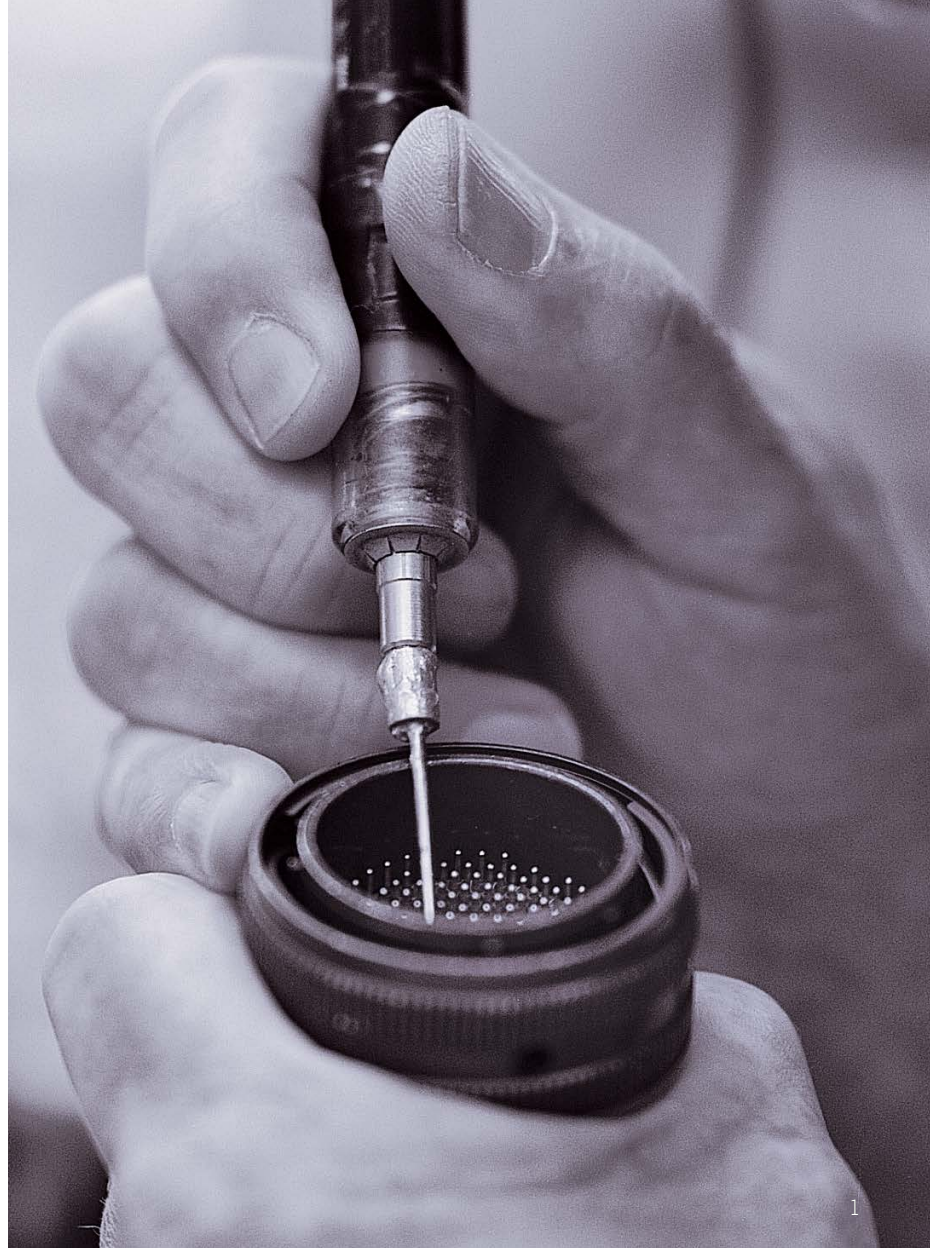

Reshore with us and bring jobs back home!

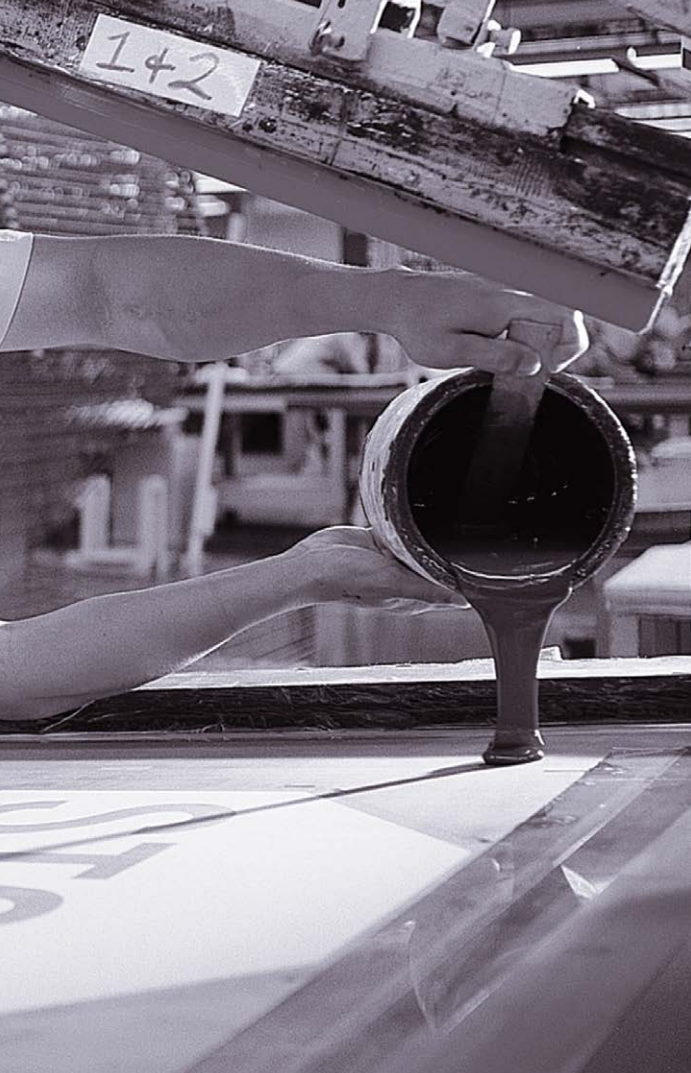

Take a Closer Look

American Manufacturing Integrity at Its Best

With modern factories, nationwide, a proven history, and a diverse range of production capabilities and expertise, we represent American manufacturing you can count on to proudly support the “Made in the USA” label.

- **U.S. Locations**
- **U.S. Labor Force**
- **U.S. Manufacturing Excellence**

Let's Keep America Working

We're structured for your success!

We're Federal Prison Industries, Inc. (FPI), known widely by our trade name, UNICOR. Our vendor alliances and business solutions are designed, tested, and proven with the right expertise, strategy, and your needs in mind.

- **Eight decades of reliability and manufacturing proficiency**
- **Outstanding private sector business relationships**

Are you searching for a practical business solution?

UNICOR/FPI has the capacity, flexibility and business acumen to meet your turnkey management, custom, or small-to-large scale operations needs.

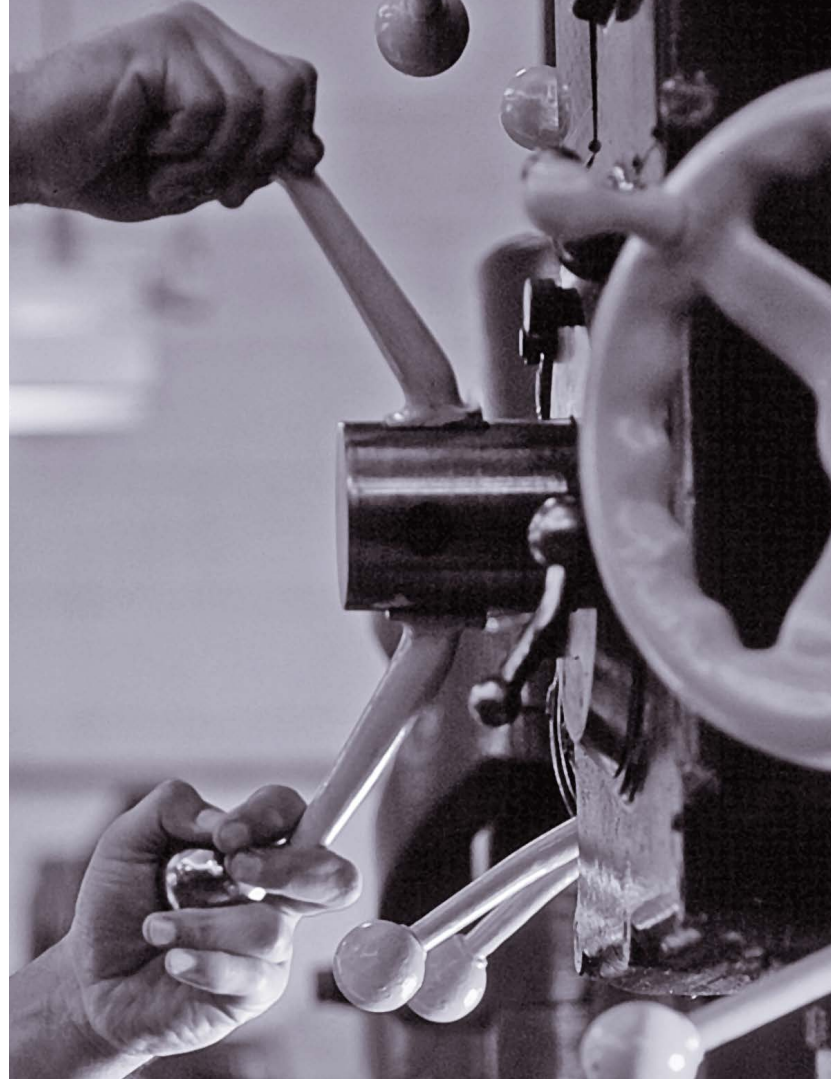

**Consider the merits of working with us...
and keeping jobs in the USA!**

Our Infrastructure Offers...

Domestic operations benefits with off-shore cost savings

- “Made in the USA” marketing advantage
- Compliance with U.S. best practices, environmental mandates, industrial performance standards, OSHA requirements and the tightest of military specifications
- Ability to mobilize, collaborate and convene without the worry of transoceanic flights, significant time zone differences and communications challenges
- Manufacturing and surge capacity to meet the most challenging demands and cyclical markets
- Highest standards of business practices to promote a culture of trust and collaboration

Together, We're Stronger

The benefits of reentry success are immeasurable, not only for former offenders, but for all of us. And more cohesive local economies emerge as a result of U.S. jobs and earnings retention. UNICOR/Federal Prison Industries is a solid investment in America's future.

Join the ranks of other major U.S. manufacturers whose business relationships with us reinforce the merits of government and industry working together for mutual success, while keeping America safe.

A Glimpse of Our Manufacturing and Services Capabilities

It's your call! From prototyping to assembly, distribution, and end-products production.

- **METALS** – metal fabrication, tool & die, welding, machining, coating/finishing
- **WIRE AND PLASTICS** – braiding, assembly, injection molding, extrusion molding
- **VEHICULAR REPAIR/REMANUFACTURING** – retrofitting/rebuilding/refurbishing, fleet life cycle maintenance and scheduling
- **SERVICES** – printing/bindery; pre-press; warehousing/distribution; CAD design/production drawing; data entry/media conversion; word processing, contact centers/help desks; forward/reverse logistics
- **ELECTRONICS** – kitting, potting, soldering, lighting, power distribution, assemblies, communications
- **WOOD** – millwork, sub-assembly, finishing
- **TEXTILES** – cutting/sewing/weaving, embroidery/silk screening, upholstery
- **ENERGY CONSERVATION** – solar applications, recycling, E-waste management (federal, state, municipal partnerships, and co-ops)

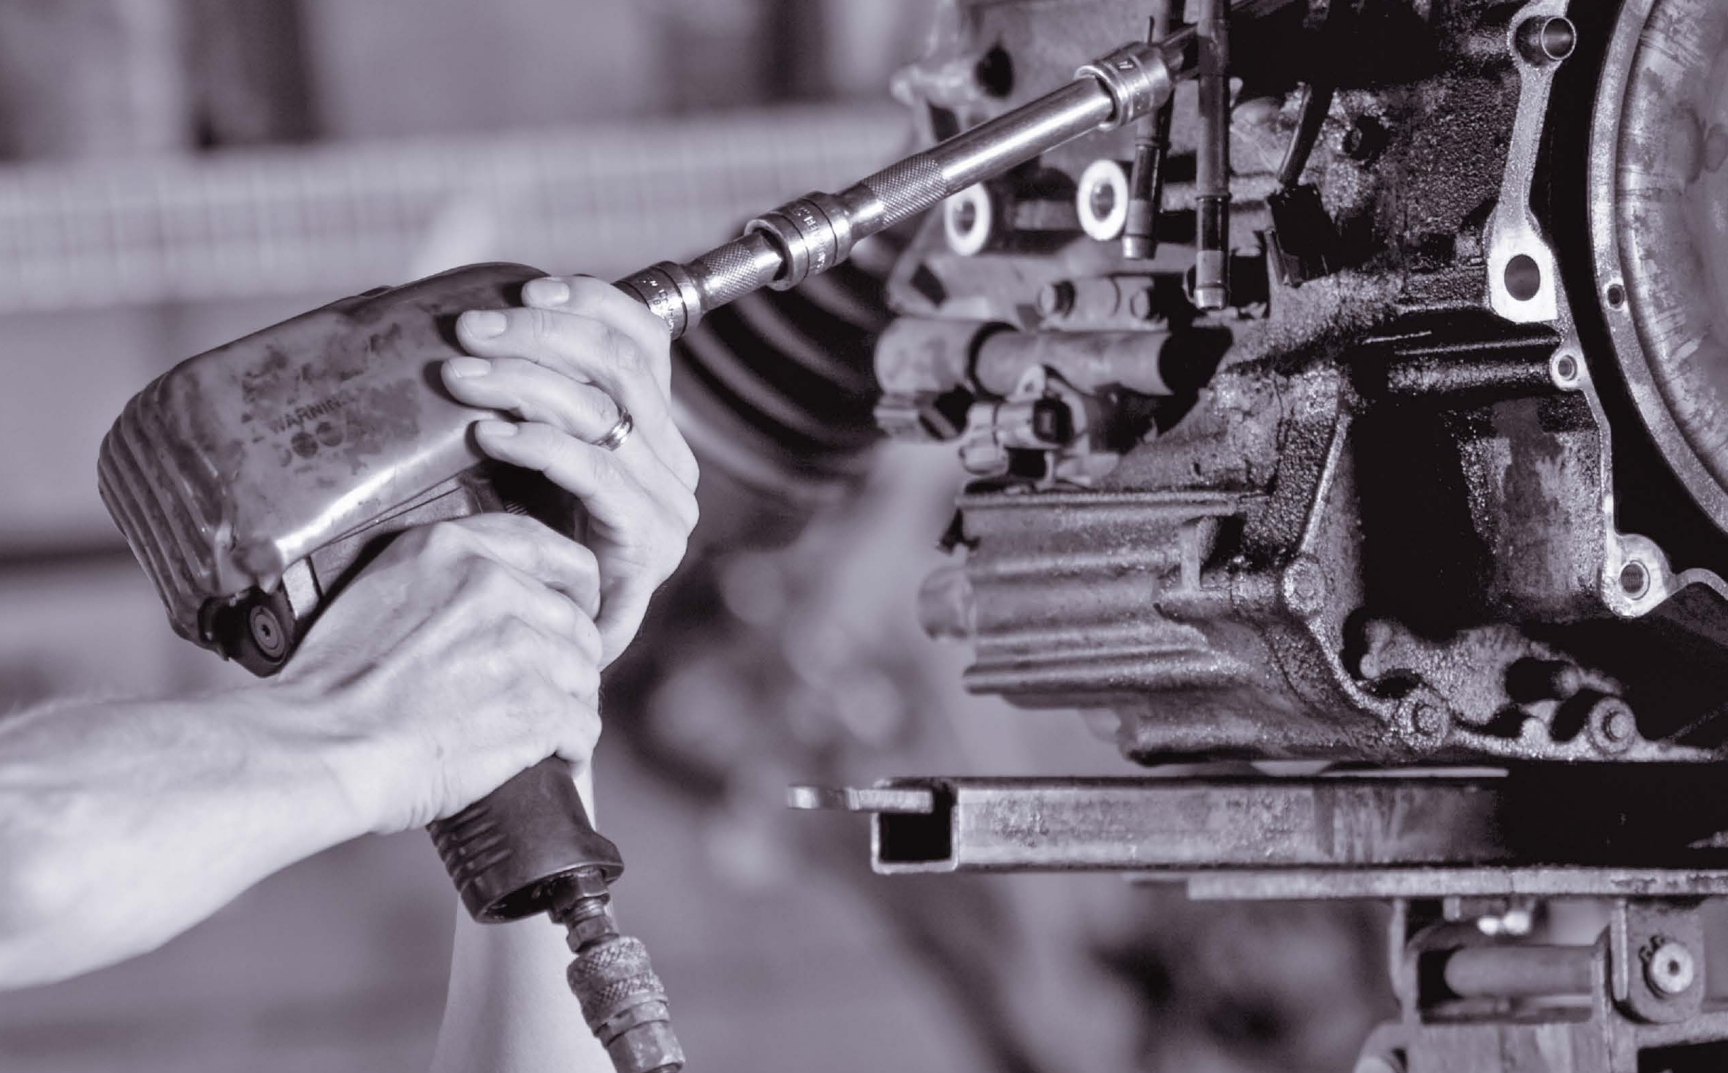

Our Core Operational Practices

- Operations backed by robust information technology;
- Rigorous testing to help meet or exceed industry standards;
- ISO 9001:2000 certified factories and Lean Six Sigma processes to gain efficiency, reduce waste, and enhance customer satisfaction;
- A nationwide network to support and optimize order tracking, communication, transportation logistics, and savings;
- An infrastructure responsive to innovation and change.

Corporate Social Responsibility

Our Greatest Asset Is What Makes Us Unique

Social responsibility is the underpinning that drives not only what we do, but why we do it.

We invest in people. The UNICOR program provides a platform of job and life skills training along with work experience, to improve the offender's prospects of securing meaningful post-release employment and becoming a contributing member of society. In fact, professional research validates that offenders who participate in the UNICOR program are 24 percent less likely to return to criminal activity and 14 percent more likely to obtain employment upon release from prison, than those without similar experience.

UNICOR invests in America by reducing crime, its costs, and its consequences. For every dollar spent on correctional industry programs such as UNICOR, \$4.97 is saved in future criminal justice costs (e.g., arrests, convictions, incarceration, crime victimization and post-release supervision).

UNICOR helps keep America safe, reduces public assistance costs, and compensates victims of crime. It supports local businesses by the purchase of raw materials, promotes the viability and health of our communities, and effectively reduces crime's revolving door.

UNICOR is a program that truly “works” in every sense of the word, and provides the added benefit of changing lives.

Building America's Future

Since 1934, UNICOR/FPI has proudly produced diverse lines of quality goods and services. What better way to achieve your business objectives, while we transform thousands of lives along the way to keep America working, and our U.S. economy growing!

The Consolidated and Further Continuing Appropriations Act of 2012 opens the door for added private sector collaboration. Under special pilot projects, we offer companies the opportunity to repatriate manufacturing to the USA. This includes products for sale commercially, which would otherwise be manufactured or assembled outside the United States.

Section 221 of the Consolidated and Further Continuing Appropriations Act, 2012, codified at 18 U.S.C. 1761(d) authorizes FPI to manufacture, produce, mine or assemble goods, wares or merchandise that is currently, or would otherwise be manufactured, produced, mined or assembled outside of the United States. To exercise such authority, FPI must do so as part of a pilot program approved by its Board of Directors.

Our Wide Spectrum of Products and Services Expertise

OFFICE FURNITURE/ SEATING

Wood/laminate furniture and seating for office landscapes, classroom and training facilities

- Desks, Tables, Filing
- Panel-based, Freestanding Systems
- Ergonomic, Managerial, Executive Seating
