

The school district boundaries developed on this map were created as a result of a boundary review conducted during March and April 2004. The Michigan Center for Geographic Information (MCGI), the Michigan Center for Geographic Information (MCGI), and the U.S. Census Bureau, in cooperation with school districts and other interested parties, conducted a boundary review of the district's boundaries and all of the school districts that border it or are adjacent to it.

Information provided is accurate to the best of our knowledge and is subject to change as a result of new data, without notice. While MCGI makes every effort to provide the most accurate information, we do not warrant the information to be authoritative, complete, correct, or timely. Information is provided on an "as is" and "as available" basis. The State of Michigan does not warrant, endorse, or assume any liability for the use and application of any of the contents of this map.

Please feel free to contact MCGI with questions regarding the boundary mapping process. However, if you do not know that school districts and cities are the official authorities, it is recommended that you contact your local school district or city. MCGI will continue to provide information and assistance to school districts and cities as needed.
