Tyche; the Greek deity of fortune.
Tyche is the Greek goddess of fortune, chance, providence and fate. She is usually honoured in a more favourable light: goddess of good fortune, luck, success and prosperity. Some give her even power over chance and fate.

Although she has been called on to bring good luck she has a belief that you make your own luck.

She is adored, worshiped, celebrated, accused - but always called for. So when we wish each other 'good luck' maybe we are wising for a little bit of Tyche!
Tyche International

Tyche International came from the belief that fashion and fit can co-exist. This brought together a new line for the woman looking to feel beautiful and comfortable.
