Acknowledgements

Many people and organizations contributed to the information collected in this publication. Special thanks go to Primerica Financial Services for their generous support and funding of this project. Thanks to the Gwinnett Senior Task Force, Gwinnett County Case Management, Gwinnett Health Systems, and Gwinnett County Senior Services for all their assistance.

The fifth edition of the Senior Resource Directory is offered at no cost to the community. It is provided by Primerica Financial Services and Gwinnett County Senior Services.

1st edition: 1997

2nd edition: 1998

3rd edition: 2002

4th edition: 2004

5th edition: 2008

Introduction

The purpose of this publication is to provide a reader-friendly listing of programs and services available to Gwinnett County senior adults and to their families. While efforts have been made to include only programs and services that appear in good standing with Gwinnett County, potential recipients of any service should carefully examine those agencies or organizations that provide services, before making a commitment. To report an incident of misconduct concerning a nursing home or personal care/assisted living facility, contact the State Ombudsman Program (page 5). For organizations that protect against misconduct in other areas, see Consumer Safety & Fraud (page 16).

Listings do not constitute any kind of endorsement of a Gwinnett County service or program. This directory is a best effort to provide resource referrals for seniors in Gwinnett County but may not be a comprehensive listing as such. Please note that information included in this directory may become outdated or obsolete and that new resources and information may come along during the tenure of this publication.

To help us revise these materials for future issues, please report errors and/or omissions on the Revision Form (page 49) and return to the address listed on the form.

The Community Care Services Program (CCSP)

The Community Care Services Program (CCSP) offers an alternative to nursing home placement by providing services to allow participants to continue living in the community rather than enter a nursing home. This program allows older Georgians a greater choice in deciding where they live and what assistance they need.

The CCSP provides a range of home and community-based services which include: Adult Day Health, Alternate Living Services, Care Coordination, Emergency Response Services, Home Delivered Meals, Home Delivered Services, and Personal Support Services. To be eligible, the client must be certified for intermediate nursing home care, be assessed by a CCSP nurse (RN), and be determined to have health and personal needs which can be adequately met in the community with established cost limits; and be an eligible Medicaid recipient or potentially eligible for Medicaid. To apply for CCSP or to refer someone, call **(404) 463-3244**.

Geriatric Care Managers

A Geriatric Care Manager (GCM) is a professional who specializes in assisting older people and their families in meeting their long-term care arrangements. GCMs have training in gerontology, social work, nursing, or counseling. GCMs can help with care-planning assessments to identify problems, eligibility for assistance and need for services, provide crisis intervention, act as a liaison to families at a distance, and provide education and counseling.
